From Principal's Desk

"All- around personality development is our vision, our primary goal."

All- around personality development is our vision, our primary goal. Our students are encouraged to do the best, not in comparison to anyone, but to be the best version of themselves. While mapping their own graph. In academics children peak at different times, but there are other areas they can pursue to develop holistically. To achieve this, our academic calendar (SKED) is full of student activities including debates, singing, dancing, quizzing, MUN etc. In addition to these co-curricular activities we encourage student participation in sports like Badminton ,boxing, fencing, football, cricket, shotput etc. Science, Art, Craft and Photography form a part of our curriculum. Our students are encouraged to strive for excellence in whatever they do.

Students who are sportspersons are given time off from school for training and to participate in order to help them pursue their passion and actualize their potentials. Our students have won many interschool competitions, CBSE clusters, at State and National level and we wish them to give their best for more challenges ahead.

Warm Regards

Cook and clean, wash and fold,
Keep me warm when I am cold,
Drive me here, take me there,
Mum, you are sure everywhere,
School and sports, we have such fun,
And you're there when our day is done.

The Value of Time

- Time is the most important asset for every human being.
- There goes a proverb – "Time and Tide wait for no man.
- Time is like money once spent it cannot be utilized again.
- A person becomes healthy and wealthy only when he is cautious in spending the time.
- If we look into history, we find that all successful personalities were very punctual they never wasted their time.
- We can lead happy and successful life only if we understand the importance of time.
- So, we should be never waste our time and try to make the best use of it.

Pets

Animals that entertain and keep us happy are called pets. They are of different kinds like dog, cat, birds and many more. When you feel very sad you can always share your feelings with them. Have you ever thought why does a dog act as guard of our house? It is because it wants its master to be safe and sound. Many people keep pets at home. We should develop some feelings and a better conscience while keeping the pets in a cage, imagine yourself in that cage before keeping the pet there.

We should let the birds fly freely; we shouldn't keep them in a cage.

If we own a pet, we should respect its freedom. Give wonderful name to your pet and enjoy its company.

माँ

तू ही धरती, तू ही आसमान,
तू ही मृत्यु, तू ही जन्म।
पाल पोस कर बड़ा किया,
हद से ज्यादा प्यार दिया।
तेरी डांट में भी प्यार छिपा है,
हर चीज़ ने तेरी दुलार दिया है।
तेरे से दूर कभी रह न सकूंगी,
तेरे बिन मैं कभी जी न सकूंगी।
साथ मेरे रहना तू हमेशा,
दूर मुझसे जाना तू कभी न।
तू ही समझ सकती है मेरा दुःख,
और तू ही समझ सकती है मेरी ख़ुशी।
तुझसे बढ़कर कोई नहीं है माँ...

Am I Late for School?

Oh no! I am late for school
The alarm woke me up late in the morn
I am sure I had set the alarm right, I could have sworn,
I was supposed to wake up at seven but now it's nearly eight
If I am not on time my teachers will rate me.
Or else she will use me for fishing as bait
In a total hustle bustle I tried to pack my bag.
Oh! now where is my math book gone? And then I realized I had left my pencil box in the lawn
Mom tried to stop me but I was too busy to hear what she said to me
Without breakfast I ran to bus stop whilst the sun on me, cast its many bright rays
I stood there waiting for my bus which always comes at eight.
But it did not arrive at all
Oh! Was I too late?
At last I gave up hope
And came home to rest,
When my eyes fell on the calendar
And I realized today is a Sunday

Disaster- Opportunity
Kerala Flood 2018

Kerala received heavy monsoon rainfall which was about 256% more than the usual rain fall. On the mid evening of August 8, rain resulting in dams filling to capacity brought Kerala to its knees. The first thing which we understood was that the people lost their livelihood and second was lack of proper planning by the government and geographers. After the floods of Kerala whole country was united and supported Kerala through all the necessary things/resources they could provide. But what we thought when all this happened was 'disaster leads to opportunity'. Yes, Kerala flood made us think the courses behind it and how to overcome the situation with an idea. The simplest way to get back to normal situation during floods is to motivate people for boat houses and water transportation. Instead of blaming the government if we try to educate people of all those regions which are prone to flood to invest more in water transport and construct boat house. We as a geographers feel that the floods won't be disaster for any region in future, rather an opportunity to save lives of the people.

Set your Goal High

Set your goal high
You deserve the best
Strive for what you desire
And never settle for less.....
Have faith in yourself.
No matter what you choose,
Maintain a winning attitude.
And you can never lose.....
Ponder about your destination
But don't get tense if you stray,
Because the most precious thing
Is what you learnt along the way.....
Take all that you have become,
To be all that you can be
Soar above the clouds,
And let your fantasies set you free.....

RAYS

Your Past, Your Key to Motivation.

We all have the fear to move ahead or to take the next step. Reason can be anything. May be an incident in our past that happened and snatched our dare and we fear to move ahead. Well let me tell you a short story which is reality of life.

Once upon a time, there was a small child walking with his mom, The child was really tired of walking and he told his mom that he couldn't walk more. The mother smiled and replied to son, Just look back "How many steps you have walked?" The small child looked back and said," Nearly 20 steps Mom". Then Mom said," Now look front and tell how many more to home?" The child replied nearly ten mom. Mom said if you could walk 20 steps then you can walk ten steps more too.

This story is what we actually do in life. We travel long way for our dream but on our way, we are troubled by lot of problems and we lose our hope. Sometimes we don't take even the last step needed just thinking that it will give us more problems. Now the point to think is "what to do in this case"?

Well, the very easy way is to look at your past and see how long you have came defeating all problems and there are only few more steps to go. Just think if all those steps couldn't stop you, how can your one step defeat you? And never forget if anything happened you have the back support of your previous journey.

At the end, I would just like to say whenever you feel low or depressed just look at your past and see how long you have travelled.

"Therefore, just use your past as your key to motivation"

बाल मजदूरी

बाल मजदूरी बच्चों से करवाया जाने वाला काम है जो किसी भी क्षेत्र में छोटे बच्चों से करवाया जाता है। बाल मजदूरी की वजह से बच्चे बचपन के प्यारे लम्हों से दूर हो जाते हैं जो हर एक के जीवन के सबसे यादगार और खुशनुमा पल होते हैं। ये किसी बच्चे की रोज़ स्कूल जाने की क्षमता को रोकता है। बाल मजदूरी रोकने के लिए ढेरों नियम बनाने के बावजूद भी गैरकानूनी रूप से दिनों-दिन बढ़ती ही जा रही है। भारत में यह सामाजिक मुद्दा बनता जा रहा है। ये केवल सरकार की जिम्मेदारी नहीं है बल्कि इसे सभी सामाजिक संगठनों, मालिकों और बच्चों के माता-पिता को भी मिलकर हल करना चाहिए क्योंकि यह किसी भी बच्चे के साथ हो सकता है। बाल मजदूरी अब अन्तर्राष्ट्रीय मुद्दा हो चुका है क्योंकि गरीबी और शिक्षा के अभाव से कई देशों में बाल मजदूरी आम बात है। यह देश के विकास और वृद्धि में बड़े तौर पर बाधक बन चुका है, स्वस्थ बच्चे किसी भी देश के लिए उज्जवल भविष्य एवं शक्ति होते हैं। अतः बाल मजदूरी बच्चे के साथ ही देश के भविष्य को बर्बाद कर रही है। बाल मजदूरी करवाना मतलब देश के भविष्य को बर्बाद करना होता है। बच्चे ही देश के भविष्य होते हैं इसलिए बाल मजदूरी नहीं होनी चाहिए, इसके कोई भी फायदे नहीं हैं |

"बच्चे हैं भगवान् स्वरुप, श्रम करवाना नहीं अनुरूप
पढ़ाई पर अब ध्यान धरें, मजदूरी करवाना बंद करें"

चिड़िया

चहक रही है डाली डाली
देखो तो वो चिड़िया प्यारी
वो निराली वो मतवाली
रंग बिरंगे पंखो वाली
ची ची करती शोर मचाती
मुझको अपने पास बुलाती
ज्यो मैं जाती फुर्र हो जाती
भूख बहुत थी प्यास बहुत थी
शायद उसको आस बहुत थी
मैंने दाना पानी डाला
चुपके से आकर उसने खाया
थोड़ी उसको राहत आई
उड़ने की अब चाहत आई
कभी इठलाती कभी फुदकती
खुशियों सी भर वो चहकती
उन्मुक्त गगन, स्वच्छंद विचरण
गर पंछी का है ये जीवन
उनसे उनका आजाद जीवन न छीने
आओ हम सब लेते ये प्रण

बढ़ना निरंतर तुम,
चलना निरंतर तुम।
ठहरा पानी सड़ने लगता,
बहता निर्मल होता है,
पाँव मिले चलने के खातिर,
पाँव पसारे मत बैठो,
आगे आगे बढ़ना हो तो,
हिम्मत हारे मत बैठो।

सोया सोया रह जाता है,
चलता मंजिल पाता है,
चलने का सीखो उसूल,
यही है समय को मंजूर।
राम चले सीता को पाए,
हनुमान चले पर्वत ले आये,
जटायु चले सन्देश दे पाए
इसी तरह इतिहास बनाये।

निरंतर बढ़ना चाहिए,
चलते रहना चाहिए,
बढ़ना निरंतर तुम,
आगे रहना तुम,
बढ़ते रहना तुम।

क्लास मॉनिटर

जो क्लास में बने मॉनिटर
कोरी शान दिखाते हैं।
आता जाता कुछ भी नहीं
पर हम पर रौब जमाते हैं।
जब क्लास में टीचर नहीं,
तो खुद टीचर बन जाते हैं।
कॉपी पेंसिल ले कर,
बस नाम लिखने लग जाते हैं।
खुद तो हमेशा बातें करे,
हमें चुप करवाते हैं।
अपनी तो बस गलती माफ़,
हमें बलि चढ़ाते हैं।
क्लास तो संभाल पाते नहीं,
बस चीखते और चिल्लाते हैं।
भगवान् बचाए इन मॉनिटर से,
इन्हें हम नहीं चाहते हैं।
