From Principal's Desk

Benjamin Franklin was once famously quoted, "Tell me and I forget, teach me and I may remember, involve me and I learn."

While a major part of the society believes in reiterating what was taught as the primary base of judging the educational context of a person, creative education begins when a student thinks outside of the box.

Creative education is the ability to use imagination and critical thinking to form new and meaningful ideas with freedom and flexibility. A creative mind can help the students to think critically as well as solve complex agendas with ease. Creativity is an important part of the education system but it is fairly difficult to teach owing to the unfamiliarity to the subject and lack of scientific approach towards the topic.

It has to be a combined effort from the parents and teachers to help children to be more expressive in their ideas, think out of the box and challenge problems with innovative solutions so that they can learn faster and more effectively.

Creativity is going beyond why....? and asking why not...?

So let's challenge children to think.....

Warm Regards

Jayshree Nair

Mock Parliament

Independence Week Celebration

The advent of Independence Day fills the entire INDIA with patriotic fervour. To trigger out the same spirit among Brightonites, Brighton celebrated Independence week. As a part of this Week long celebration, different competitions were organized for all the classes. Here is a glimpse of Independence Week Celebration.

Collage Making Competition

To celebrate the spirit of Independence Day, collage making competition was organized for the students of class III. Students participated in the competition with enthusiasm and presented their unique and remarkable efforts.

Colouring Competition

Kindergarten students participated in colouring competition with great zeal and painted their imagination on the paper using tricolours.

Elocution Competition

Elocution Competition was conducted for the students of Class IX & XI. Students participated with ebullience; the participants actively researched, reflected and shared their understanding of the topic- "Am I an asset or liability to the country?" The topic linked the students to current situations and provoked them into presenting the views in their own way.

Flag Making Activity

"A flag once raised will never fall, let it fly."

Keeping this beautiful thought in mind our little tots were asked to colour the flag. They coloured it very enthusiastically and developed a sense of colouring. Students practiced recognizing and saying three colours of our national flag.

Fireless Cooking

Students of Class VI to VIII showcased their presentation skills during fireless cooking competition. They participated actively and learnt the basic tips and tricks of cooking through each other's presentation.

Essay Writing Competition

Essay writing competition was held for the students of class VI during Independence week. Essay writing is not just a method of academic assessment but also an art of reporting and describing about topic. The essay writing competition reflected the writing skills of students.

Poem Recitation Competition

"Poem is when an emotion has found its thought and the thought has found words"

What a beautiful way to express something through innocent words and actions in a melody with all smiles and giggles! The students of class-II came with patriotic feeling in their little hearts and recited the poem during the Independence week with great zeal and enthusiasm. The performance of the participants reflected the feeling of patriotism which filled the air with love and respect for our motherland.

Slogan Writing Competition

"The Slogan Writing Competition was organised as one of the pre-event for independence Day. The students of class VI to VIII participated in the competition with enthusiasm. The aim of the activity was to hone the artistic style of writing. The students wrote different messages using different calligraphy styles".

Poster Making Competition

Poster making competition was organized for students of Class III to visualize India through their eyes. The students participated with full zeal and love towards the nation as well as reflected concern for mother earth through their posters.

Salad Decoration Competition

'To eat food is a necessity but eat intelligently is an art'. To enliven this value and to inculcate healthy food habits as well as awareness regarding the choice of the food among the youth, Salad Decoration Competition was held for the students of classes VI - IX. The participant's culinary skills and creativity were revealed through the copious types of vegetables and fruits salads.

Cleanliness, aesthetic aspects and artistic presentation were the basic criterion for the judgment.

Paragraph Writing Competition

Keeping the motto of our school in mind i.e. 'Learning by doing' the students of Class- IV & V participated in "Paragraph Writing Competition" during Independence week. Keeping their heart filled with love for their nation, students writing showed their dedication, feeling of responsibility, devotion and sense of attachment to the homeland.

Mind Spark-Brighton's Interschool Competition

Mind Spark 2019 Inter School Competition exhibited the expertise talent of the students through their beautiful presentation in literary, artistic and cultural events. Various competitions at various stages were held to bring out the hidden capability of the students. The Day-2 of Mind Spark witnessed multiple events like Poem recitation, Extempore, Group song, Street play, Colouring, Art and Clay Moulding. The event also gave the opportunity to portray the artistic and aesthetic talents. Perfect diction and accent exhibited the oratory skills in the events of Extempore and poem recitation. 800+ students from 20 Schools of Raipur participated in different events like English Debate, Quiz, Sudoku, Table Tennis, Group Dance, Group Song, Recitation, Extempore, Street Play etc. Group song competition based on patriotism made the entire atmosphere patriotic. Renowned people from various institutions visited the school as judges and admired the work carried out for the all round development of the students. The day concluded with the much awaited Prize Distribution Ceremony. All the participating schools extended their happiness for being the part of this cultural fiesta and departed with cherishing memories.

Gandhi Jayanti Celebration

Mahatma Gandhi 'Bapu' is just not the name of the greatest Indian ever born, but he is an idea and will stay contextual whenever we discuss anything to do with our society and its people. The immortal ideas about non violence, kindness, forgiveness, love, religion, caste, education and many more such ideas applicable for the nation and its people will never be too old to discuss. A workshop was conducted on 2 Oct 2019, where 42 students from class VII, VIII & IX, participated and viewed a documentary 'Robaroo Roshni' followed by skit presentation by students in groups which was further followed by an open discussion on Gandhian values.

Career Seminar

Brighton in collaboration with KIC UnivAssist and IC3 Conference was able to organise an interaction with US Universities for Higher Secondary students to pursue higher education at-

- Indiana University Bloomington
- University of Missouri
- Whitworth University
- The University of Tennessee
- Augustana University
- The University of Utah
- University of Kentucky
- Bryant University
- University of New Haven
- Embry-Riddle Aeronautical University

Brighton Lecture Series

A session for the Brighton Lecture Series was conducted by Mr. Shyam Verma from the PT Education informing students about the various options they have in terms of career and how can they plan for their future.

Nainital-Jim Corbett Excursion

Fill your life with adventures, not things. Have stories to tell not stuff to show

On 7 October 2019, we the students of classes VI to XII were exuberant as we were about to begin our educational tour. Excursion is the part and parcel of student's life as it enhances our knowledge beyond the confined classrooms. The most exciting trip began with a Jeep Safari at Jim Corbett National Park which is a home to a huge variety of animals and birds. Excited after such beautiful sight we came back to the hotel where adventurous activities added fervour to the excursion.

With unbridled joy we started our journey to fascinate our senses towards the enacting beauty of Nainital one of the most visited hill stations in Uttarakhand. Each day was filled with surprises to awaken our senses; one such view was of the memorizing Botanical Garden comprising of exquisite species of plants and herbs of Himalayan origins which was very informative. Boating in Naini lake and Satt tal made all of us more regimented.

Mall road was the sight we concluded with which was very busy in the evening. The Mall runs side by side of the Nainital Lake. It was an enriching experience as we explored the varied culture of our country.

Excursion ended on a happy note with a lot of learning experiences.

Boxing Far East Zone Championship

Boxing team of Brighton International School participated in CBSE Boxing East and Far East Zone Championship which was held at Shyam Bihari Hr. Sec. Public School Eta (U.P.) from 4 to 6 October. 41 Schools along with 600+ students participated in this tournament. The results were as follows-

Under-17 (Boys)

1. Akshat Shrivastava (VIII) : Gold Medal
2. Jashanpreet Singh (XI) : Gold Medal
3. Yash Choudhary (XI) : Gold Medal

Under-17 (Girls)

1. Diya Vinit Samrani (IX) : Gold Medal
2. Sakshi Ahlawat (XI) : Gold Medal

Sakshi Ahlawat got the best boxer Award. She Knocked out the Bengal Boxer in semifinal and in final. She won against the Odisha Boxer in a very exciting bout.

Akshat Shrivastava of class VIII played under-17 (46 KG) weight Category and secured 1st position but unfortunately he cannot take part in CBSE National because he does not match the minimum age Criteria of U-17 age category.

Listed above students (except Akshat Shrivastava) will represent Brighton International School at CBSE National Boxing tournament.

Chess

Brightonite Saumya Agrawal stood 1st in SGFI (School Games Federation of India) in the U14 girls category and she won the 'Best Player Award' in the Chess competition held at ITM-University.

Cricket

Brighton International School won the Inter-School Cricket Competition held at SSIPMT, Raipur (Sri Shankaracharya Institute of Professional Institute).

Fencing

Brighton started with teaching Fencing to students last year. We have young talent in the form of Brightonite Riddhima Singh, Arnav Sharma in the junior section showing great potential and the champions from the senior section. In a state level event Deepanjali Jangre won Gold medal in team event and Bronze in individual event. Shobhit Kurrapa won Gold Medal in team event Bronze in individual event.

Tennis

Brightonite Kushagra Jagwani of Class IX played an outstanding game of Tennis to win the Under 16 State Level tournament. He was also the winner of Doubles Championship.

Class Events

Power of Positivity-Class -II

"Don't be pushed around by the fears in your mind. Be led by the dreams in your heart."

Positivity is a choice and the happiness of life depends on the quality of thoughts and how one trains his mind to find good in everything. The power of being positive was the message at the event showcased by students of Class II.

Kindergarten

Clay Moulding Competition

Clay modeling is a great way to stimulate the imagination of the children and enable them to give a better shape to their creativity. A competition on clay moulding was conducted, where students participated enthusiastically. They presented clay models on fruits and vegetables.

Community Helpers Day

"Let's focus on the people who are helping and be one of them." With this view children of KG-I had an activity in which they used puppets of different community helpers belonging to different professions. They enacted their roles and spoke about them.

Hurdle Race

Running hurdle takes proper footwork and speed flexibility. Our children competed with each other in a hurdle race. Each of them participated with great energy and enthusiasm.

The Invisible Blessings - Class III

"Count your blessings with gratitude no matter how small or big they are and stop letting your lacks blindfold you from noticing how blessed you are".

Conveying the same message, Class III students presented a mesmerizing show which forced everyone to realize the blessings around them.

Identify the Profession

Activity enhances learning. Keeping the same view, we organised a fun filled activity for our champs where students identified different professions through flashcards. The curiosity and excitement of students made it joyous for everyone.

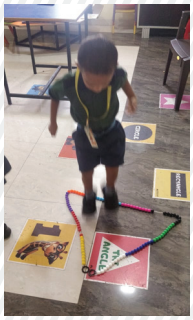

Introduce your Family Activity

Love towards family is incomparable to anything else in the world. To express the same love, our tiny tots were given a chance to introduce their family through which the toddlers realized various roles and responsibilities of different family members.

Jump into the Shapes Land

Shapes are all around us, recognizing shapes in the environment was a fun learning activity for our students as their world is full of shapes This educational activity helped the students to learn basic properties of simple and geometric figures.

Janmashtami Celebration

Kindergarten students celebrated Janmashtami with full enthusiasm. They dressed up beautifully as Radha and Krishna to observe the day. Beautiful Radhas and notorious Krishnas filled the atmosphere with their divine energies.

Paper Bag Making Activity

"Say no to plastic bags' was the message by KG-II students through paper bag making activity. They used old newspapers & magazine papers to make bags and decorated them with thumb printing, vegetable printing, pasting stars and colouring in different patterns. The colourful bags were attractive enough to grab everyone's attention and forced everyone to pick one for use.

Shapes Mania

To develop a better understanding of shapes, 'Shapes Mania' activity was conducted. Students got the picture of an object where they had to colour the similar shapes with same colour. The activity was brainstorming for the kids and helped them to differentiate between different shapes.

Rakhi Making Activity

The bond of love between brother and sister was observed during Rakhi making activity at Brighton. Students of Kindergarten made beautiful band of love i.e 'Rakhi' especially from waste materials. The motto of this activity was to make children realize that over the years Rakhi has evolved in ways more than one.

Stencil Activity

The stencil activity encouraged our juniors to flaunt their creativity and helped them to paint their imagination easily on the paper which filled them with surprise and joy.

Thread and Bead Activity

Fine motor skills are the primary skills for any child. To develop the same, thread and bead activity was conducted for Nursery students where they made a pair of earrings with the help of Pearl and string.

Story Narration Competition

During this competition the tiny tots of kindergarten narrated their beautiful stories with loud voice and clear expressions .It was indeed a great joy for the audience to hear them and observe their fearless and pure expressions .

Visit to Mall

Though we know our students know more about the mall than us, but a visit to the nearest Ambuja Mall becomes a place to learn and interact with ideas when escorted with the teacher. Here are our juniors having a mall of a time.

Primary Wing

Brain Booster

Brain power improves with use of brain just as our bodily strength grows with exercise. With the objective to boost the brain power of the students, "Brain Booster" activity was conducted for students of Class V. The challenging and brainstorming tasks in the activity helped students to enhance their logical and reasoning skills.

Card Making Competition

To mark the festive occasion of Diwali, 'Card Making Competition' was conducted for Primary Classes. Students enthusiastically participated in this competition and showcased their creativity by presenting innovative and attractive cards.

Ganesha Making Activity

Diya Decoration Activity

Diwali is synonymous to joy, lights, celebrations and festivities and this festival is surely incomplete without the dazzle and sparkle of the earthen lamps- 'diya'. To mark the celebration of Diwali and sensitize the students towards the importance of diyas in this festival, a diya decoration activity was conducted for Class III. The students were provided with all the decoration materials

by the school and were allowed to display their creativity and take the diyas along with them as a token of love before they left for diwali vacation.

Making Wall Hangings

Class V students participated in making Wall hanging. They were eager to make the wall hanging as it was going to be a part of their home decoration during the festive season.

Quiz

"Learning gives creativity, Creativity leads to thinking, Thinking provides knowledge, Knowledge makes us Great" Quiz competitions are always interesting and informative way to create awareness on current affairs. Brighton International School successfully conducted an Inter-house Quiz for the students of Class V in which four different houses with four participants in each house gave tough battle to each other. It was an informative and knowledge enriching competition for the participants along with the audience.

Recycling Waste

Recycling waste is one such craft which follows environmental friendly principle and at the same time creates useful objects out of waste products. Little hands and imaginative minds came together in a creative burst of energy. It helped the students to develop their fine motor skills while using different waste material for making decorative and useful items. The creativity and artistic streak of the children were observed during the activity.

Speak on the Spot

In order to search the presence of mind and the confidence of the students, Speak on the spot activity was organized for the primary students. The participants were supposed to speak on the given topic for one minute.

Students performed out of the box, thinking and giving words to their creative thinking. All participants were well prepared and showed their level best.

Spell Bee Competition

Spell Bee Competition was conducted for students of class III. Students participated and assessed their word power and enriched their vocabulary which will surely help them to communicate better.

Toran Making Activity

With a view to develop affinity towards festival, Toran Making Activity was conducted.

Students prepared toran using Mango leaves demonstrating the coordination among team members. Students used the resources beautifully and optimally.

It was made sure that students must make toran at their home and decorate doors on Diwali, impressing their parents and guests by their contribution in house decoration .

Senior Wing

Bandanwar Making Competition

Bandhanwar Making Competition was organised for class VII. The students were excited to participate in it, as it was a symbol of Pre-Diwali celebration. They all started making it with great enthusiasm. Most of the Bandhanwars were made up of waste materials like beads, buttons, crape papers, old neckpiece materials etc. Finally, the beautiful Bandhanwars were displayed which revealed students' amazing creativity.

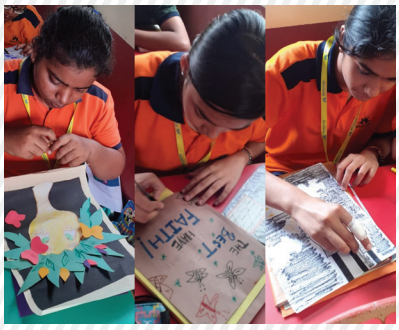

Cover Page Designing

As said by Dieter F. Uchdorf, "The desire to create is one of the deepest yearnings of human soul." So to enhance and inculcate the aspects of designing and creativity among students of Class XI, designing the cover page activity was conducted .

It was a unique hands on opportunity for students to evaluate their communication skills in a visual medium.

The idea behind this activity was to motivate students to choose careers slightly different from academics such as Graphic Designer.

Hindi Debate

Debates are an excellent way of thinking critically and presenting views on both positive and negative aspects of any topic. A Hindi debate competition was organized for the students of Class VI to VIII where students put forward their thoughts on the given topic.

Lamp Making Competition

During the Pre-Diwali celebrations students were excited to make decorated lamps using different materials. They came up with different ideas and made attractive lamps.

Mock Parliament

Future leaders got their first taste of governance in mock parliamentary session organised for class VII and VIII students. It was modelled on the lines of the Indian parliamentary system. This event was organised to provide a knowledge about the functioning of parliament as well as to check the debating skills of students and updated their knowledge.

Rangoli Making Competition

Rangoli Making Competition was held for the students of Class VI to VIII during the festive season. The students participated enthusiastically and designed the floors using vibrant colours.

Student's Corner Hindi

सावन की गीत

सावन का झूला इस बार
इतना बड़ा डालना।
जिसमें समा जाये संसार।
उस डाली पर
जो फैली है आसमान के पार
उस रस्सी का
कोई न जिसका पारावार।
एक पैर में मंगल ग्रह के द्वार
और दूसरी में
एकदम से अंतरिक्ष के पार।

मैं एक लड़की हूँ ?

मेरी गलती है कि मैं एक लड़की हूँ,
मेरी गलती है कि मैं एक लड़की हूँ,
हुजूर आजकल मैं लड़के से डरती हूँ,
कहीं 'निर्भया' के बाद मैं न शिकार बन जाऊँ
इसी सोच में पड़ी रहती हूँ,
मेरी गलती है कि मैं एक लड़की हूँ।
बाल खोलकर जाऊँ तो पटाखा बुलाई जाती हूँ
बाल बांधकर जाऊँ तो औरत।
ऐसे-ऐसे नामों से बुलाया कि मैं खुद डर जाती हूँ,
मेरी गलती है कि मैं एक लड़की हूँ।
छोटे कपड़े पहनूं तो गलत,
पूरे कपड़े पहनूं तो गलत,
इस अजीब सी दुनिया में हर दिन उलझी रहती हूँ,
कि क्या सही है और क्या गलत,
जरुर दुश्मनी होगी मेरी ऊपर वाले से,
जिसने मुझे लड़की के रूप में जमीन पर छोड़ दिया,
क्योंकि जो हम लड़कियों का होता है,
उसमें तो शैतान तक रो दें,
जानें कब पैदा होगा वो समाज
जिसमें मैं पैदा होना चाहती हूँ,
जब मैं शान से कहूँगी
कि जी हाँ हुजूर मैं एक लड़की हूँ।

Asmat Aalam

माँ

है वो एक नारी, जो है दिल की सबसे प्यारी।
बचपन से लेकर अब तक है जो हमारा साया,
जिसने हर मुश्किल की घड़ी को पार करना सिखाया।
हमारे सिर पर सदा रहता है उनका हाथ,
इसलिए तो,
सफलता और खुशियाँ रहती है हमारे साथ।
जिनके बिना एक दिन भी काटना लगता है मुश्किल,
उनके बिना सूना सा लगता है दिल।
हमको सिखाती है एक जुट होकर रहना,
चुप कराती है वे जब हमें आता है रोना,
उनके बारे में और क्या कहना,
जो है घर का असली सोना।
हमें ज़रा सी खरोंच आने पर रात भर है वो जागती,
फिर भी हमसे कुछ नहीं चाहती।
हमारे बुरे समय में उम्मीद की झलक है जो देती,
हमारी प्रेरणा स्त्रोत बनकर है वो आती।
नहीं तौल सकता कोई उनका प्यार,
इसलिए तो,
माँ को कहा गया है सारा संसार।

"प्रिय पापा"

पिता की सख्ती बर्दाश्त करो, ताकि काबिल बन सको।
पिता की बातें गौर से सुनो, ताकि दूसरों की सुननी न पड़े।
पिता का सम्मान करो, ताकि तुम्हारी संतान तुम्हारा सम्मान करें।
पिता की इज्जत करो, ताकि इससे फायदा उठा सको।
पिता का हुक्म मानो, ताकि खुशहाल रह सको।
पिता एक किताब है जिस पर अनुभव लिखा जाता है।
पिता एक ऐसी हस्ती है
माँ का मुकाम तो बेशक अपनी जगह है,
पर पिता का भी कुछ कम नहीं,
माँ के कदमों में स्वर्ग है, पर पिता स्वर्ग का दरवाजा है,
अगर दरवाजा न खुला तो अंदर कैसे जाओगे?
जो गर्मी हो या सर्दी
अपने बच्चों की रोजी रोटी की फिक्र में परेशान रहता है,
न कोई पिता के जैसा प्यार दे सकता है
न कर सकता है, अपने बच्चों से।

Pranshu Tamrakar
X-B

"वाणी"

वाणी रसवती यस्य, यस्य श्रमवती क्रिया।
लक्ष्मीः दानवती यस्य, सफलं तस्य जीवितं।।
अर्थात्-मनुष्य का सबसे बड़ा दुश्मन उसका आलस्य है,
परिश्रम जैसा दूसरा हमारा कोई अन्य मित्र नहीं होता क्योंकि
परिश्रम करने वाला कभी दुःखी नहीं होता।

Student's Corner English

WE ARE OUR ENEMY

The earth was green
rivers, oceans were clean,
We cut the trees
Made the land free,
Building the cities charming
Creating the global warming,
Pollution, pollution every where
But people still not taking care,
Thinking only about a few
Killing the planet blue,
Get up make haste
Before it's too late.

E. JATIN RAO
CLASS- VIII-B

DREAMS COME TRUE

You try and try
But you fail for thousand times.
You cry and cry
But smile when you win for the first time.
You work harder and harder
Then you pass the exam over time.
When you dream and dream
It comes true when you
Try, try and work hard.

Aditi Dewangan

WHY ARE BOLLYWOOD STARS PAID MORE THAN INDIAN SOLDIERS?

In India, Bollywood stars are given more importance than Indian soldiers. People get excited when they see bollywood stars even when they are standing far away from them. But if they see an Indian soldier standing beside them, they pay least attention. Bollywood stars are so famous that some people treat them as God. Whatever they do becomes the headline of the news and people are more addicted to them. But soldiers providing security and safety to our nation do not get much fame. Even the news channels pay more attention to the stars than the soldiers and that's why bollywood stars are paid more. There is a very famous quote in Hindi 'Jo dikhta hai wo hi bikta hai'. Most of the people don't know what soldiers are doing for us and as a result they are more addicted to stars. The bollywood stars charge more money because of the public demand. There should be change in this scenario and equal attention should be paid to the soldiers who serve us in adverse conditions too.

Riddhi Agrawal

MY ROLE AS A YOUTH IN THE DEVELOPMENT OF MY COUNTRY

India is facing problems like poverty, pollution, illiteracy, unemployment etc. The government has made some provisions to overcome these problems and we as a youth should actively participate to solve these problems to a certain extent. We should not waste electricity unnecessarily. We should always switch off the lights and fans when not in use. We should not waste water. We should spread the message of educating girl child; we should also spread the message of equality of girls and boys. We should encourage education in the towns and villages where girls are not allowed to go to school and study. We should not waste our time. If we waste our time today, then the next generation will definitely suffer. An educated citizen today will become the future of the country and hence many problems will be resolved.

Amisha Saluja

PEACE OF MIND

Peace of mind of an individual is necessary for leading a healthy life. If a person is physically fit and doesn't have peace of mind, he cannot lead a happy life. It basically refers to the mind which is stress free and without any tension. It is said that 'Health is Wealth', but if a person is not healthy mentally, there is no use of wealth. For instance, a person works for 9 hours in a day, satisfies his and his family needs, but has stressful mind, he always thinks about the future of his children and the promotion in his job, he doesn't have peace of mind. Such a person will not be able to lead a happy and healthy life. One must try to avoid unnecessary stress to make life more peaceful.

Khusboo Jhambia
XI-B

IMPORTANCE OF PHYSICAL FITNESS

Being healthy and fit in simple terms means taking good care of the body. We should remember that a healthy mind resides only in a healthy body. Good health of both mind and body helps one maintain the required energy level to achieve success in life. All of us must strive to achieve wholesome health.

Protecting our body from the intake of harmful substances, doing regular exercises, having proper food and sleep are some of the important instances that promote a healthy lifestyle. Being fit allows us to perform our activities without being restless or tired.

A healthy and fit person is capable of living the life to the fullest, without any major medical or physical issues. Being healthy is not only related to the physical well being of a person, it also involves the mental stability or the internal peace of the person. Generally a healthy diet consists of taking a proper and healthy food which includes eating green and fresh vegetables, fruits, having milk, eggs, minerals, proteins and vitamins essential for a human's lifestyle. Practicing yoga including regular exercises in our daily routine also help you to maintain the desired fitness, blood sugar and immunity level. Being happy is directly related to boosting mental strength and health. Happiness can be considered as a result as well as the part of a healthy and fit lifestyle.

Conclusion- Health is the most important thing that a person should take care of. Leading a healthy lifestyle leads to happiness, success and achievements.

HOW DO GOOD CONVERSATION SKILLS AFFECT ME?

We all know that our first impression is the last impression. We dress up beautifully, we prepare our outer look to impress others, but the look doesn't matter when we don't know the way to speak to the person talking to us. Our outer look doesn't speak much about us but when we speak, we should do it in such a way that the person listening to it should feel good to hear which will form a good and respectful image of ours for lifetime. Our conversation matters when we are conveying something to others, whether it is for them or against them. The way we speak shows our background, the teachings of our parents, it also enhances our personality. Speaking skills are very important because people can judge someone from outer look but when we open our mouth the words speak more, the words convey everything about us. Our conversation skills are vital part of personality development. The words that we utter may hurt somebody, may give happiness to someone, may give you a good opportunity they can just ruin the life. The speaking manners are really appreciated at every stage of life. We should develop in such a way that whenever we speak it should leave a positive mark in people's mind. Good conversation skills speak a lot about us.

SOLDIER

I m a soldier
I don't have a choice.
I live to protect my country
This body will only
Live out with my last breath.
As this life is for my mother land
I will die protecting it.
I'm proud of me that I'm the soldier of my mother land.

DREAMS

To dream big is a matter of choice
To reach that dream is a matter of discipline.
It's not about being the best
It's about being better than you were yesterday.
No matter how hard the journey may be....
Remember to be kind to yourself.
You are doing a fabulous job!
You are doing the best you can!
You are amazing and beautiful everyday!
Don't tell yourself
Anything less....

THE SPECIAL CHILD

Maybe you have not seen a special child. But I am going to share my story of living with a special child. My real brother is an Autistic, he has Autism. He can't speak and he is hyper-active.

I was 2 years old when he came into my life, he was a cute little one. Few years later, my mother noticed that something was wrong with my brother. He was not talking and was not reacting to any stuff. They took him to doctor and the doctor diagnosed him with Autism. My mother and father were heart- broken but I didn't understand anything at that time as I was only 4 years old. When he grew, he became more hyperactive and he didn't speak anything. He ran day and night, he didn't know where to poop and pee. My mother was exhausted but he was not. My father at that time was living mostly out of town because of his work.

My parents took him to doctors and pundits, but nothing worked. The age of 4-8 were difficult years for him, he was taken to many places. My parents were just going to give up, but they came across a treatment called Stem Cell. In this process they take out the bone marrow from the spinal cord and put it in the brain. This was an expensive treatment but it was the last hope. This treatment helped my brother a lot. He was less hyperactive and became more understanding. This medication was repeated four times. He was improving a lot with it. He was still hyperactive but much better than before. Whenever my parents took him for the treatment, they left me with my grandma because of my school. They stayed in Mumbai for almost 7-10 days. I was in grade III when they left me for the first time. I missed them so much but I understood their problem. I was not getting the attention from my parents because they were busy with my brother. I used to get really angry on my brother but then I realized that it is not his fault that he was so.

Now he is 13 years old and I love him more than anything in this world. Sometime he irritates me but I love him. He is my best friend. God has given him to me because he thinks that I will be the perfect sister for him.

ECONOMY IS NOT STRUGGLING... THE BUSINESS MODELS ARE CHANGING

Dear Friends,

Below is a very interesting insight shared by our Welingkar Family Managed business student.

Often heard now a days that "Indian Economy is struggling'.

Sit back and dispassionately think 'is the economy really struggling or are the models struggling"?

Some food for thought:

1) Car sales are going down.....but Ola/Uber are rising.
2) Restaurants are going empty .....but home delivery is rising.
3) Tuition classes are not getting students but online studying is rising.
4) Traders are struggling but online market sites are breaking all records in Sales.
5) Old commission based business are sniveling .....but online services, at low cost, are finding takers.
6) Cell phone bills have reduced and internet penetration has increased.
7) Stable (read Govt. Jobs) are dwindling but " Start up" jobs offering equity and flexi work time are expanding.

If truth be told what we are experiencing is a transition phase.

Any transition is painful for the "well set".....'the masters of the past".

It's challenging for those whose business models are based on ancient data.....

It's a mystery for those who have never looked beyond traditional methods or have diligently resisted change of any kind.

The above subsets are getting irrelevant, suffocated and purposeless.

Economy is not struggling.....the business models are changing.....

SUCCESS

When I searched for success,
And I couldn't succeed.
Workout I did in excess,
Without having any greed.
Then I got to know about,
My less and excess workout.
My aims were more than one,
As, I was dependent on someone.
Then I got by someone,
That your aim is more than one.
Then I used my brain,
To focus at one aim.
Focusing on one aim,
Helped me to gain.
Success which I own
All fears have now gone.

ROCK 'N' ROLL

LESS PARTICIPATION OF WOMEN IN SPORTS

The number of women participation in sports is less because lack of female sportsperson as role models, lack of interest of spectators, male dominated culture of sports, etc. The attitude of society on women's participation on sports is negative and the women also feel lack of safety from the public. There is also special consideration such as Menarche & Menstrual Dysfunction which leads to less participation of women in sports. Female athletes also face many problems such as Osteoporosis, Amenorrhea etc. which leads to less participation and less interest of participation in field of sports and games. These problems can be cured or solved by proper advice of coaches and trainers but in our society there are less number of women coaches or women motivators which leads to less participation of women in the field of sports and games.

Every women athlete in India would understand the humiliation of PT Usha, one of the country's greatest athlete of all times, she broke down in front of Athlete Championship in 2009, after being denied accommodation according to her status. She had to share a room with five other women. Even the women players of cricket team and hockey team playing for India continuously share that while their performance equaled and ever bettered those of their male counterparts, the monetary benefits are not up to the mark. However, it is good that the time & situation is changing and improving. The reason behind the less participation of women in India is due to the way the society thinks.

ARE NEIGHBOURS GRUMPY?

Once in a morning
I saw a group of people.
Coming near my house
With luggage and pickles.
They were unknown
Coming near and near
I was suspicious
And was scared.
They settled in a house
Big and wide
With full of flowers.
I felt shy.
They came to our house
And met us
Knocked the door
Knock! Knock! Knock!
"They are neighbours"
Said my father
They gave flowers
And left us.
"Are they grumpy?"
Asked by me
Father said "No"
I became happy

THE EARTH

Water keeps me cool,
Trees bring a shade,
People are so cruel
They sell water as trade.
Somewhere my friends are lost
Birds-chirps, river sound
That I liked most,
Hmm ! I also remember about sun,
That has a radiation Gun.
Please-please plant trees
Instead of industry,
Otherwise my beauty
Will become a history.

MUSIC

Music is the freedom
that relentlessly exists,
freedom of speech
freedom of creativity
freedom of imagination.

Music is ever soothingly healing,
A bombardment of ongoing
expression and feeling.
Music is a tool of unity,
Always bringing people together
As a family.

Music is like a magic
showing its tricks,
with sweet instrumental tone
and lyrics.

Music is emotionally captivating
Music is positively distracting
(alluring),
Music is a beautiful form of art
Playing with 1000 hearts.

Music is like food
For all the moods,
Music is perfect
And good for you!
