From Principal's Desk

Dear All,

RAYS is here again with yet another edition. The year 2020 is in its passing phase, it was an exciting year (2020) which taught us real lessons of life, changed our lifestyle, distorted our daily routine and at the same time made us tech savvy too.

I extend my heartfelt thanks to the parents to stand beside us during this tough time. I request parents to please appreciate their wards who are handling this tough time in such a beautiful manner and keep their cool, it is not so easy, we have almost reached at the verge of coming out of this pandemic. I appreciate my students and teachers who successfully handled the hardships, attended/ conducted the classes regularly.

Dear students, as much as you may be missing the school and your peer group, we miss you all and look forward to see in the school once again. The campus seems to be lifeless without you.

Let's pray together for everyone and march ahead as, "Nothing stays forever, CORONA too has to go."

Remember humanity has seen worse, and every time we have bounced back. We will, again.

Warm Regards

Jayshree Nair

Inside Story

Pg-2 **Art and Craft Activities**

Pg-3 **Role Play- 'Community Helpers'**

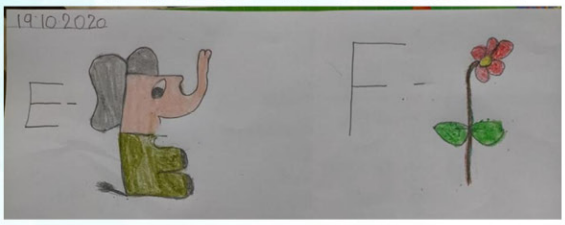
Pg-5 **Yoga**

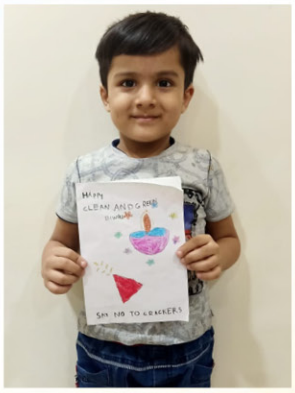
Pg-8 **Dealing with the Pandemic**

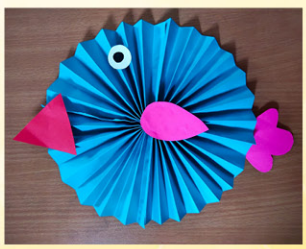
Kindergarten

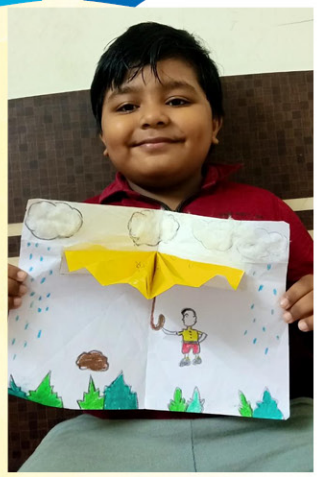
Art and Craft Activities

Art and craft activities help instill a sense of achievement and pride in children and boast their self -confidence. Tiny tots created wonderful art and craft work in their regular online class. The activity brought out the hidden talent and creativity of the students and helped them to develop and strengthen their fine motor skills and to act and think like designers and artists.









Card Making Activity

Greeting cards are the best way to express all the emotions. So our little champs tried their cute little hands on the 3D pop up cards. They went into their own creative zones and added their own ideas to make it look impressive. They presented their pretty handmade cards to their dear ones.

Role Play-'Community Helpers'

Children love to dress up and do what they see adults do. With an aim of stimulating the respect and gratitude for the people who make our lives easy with their services, students of KG-1 and KG-II performed role play of community helpers with deep interest which could be seen in their initiative of proper dressing and use of props. This activity helped the students understand the role of different community helpers.

Independence Week Celebration

Despite the lockdown, the fervor of patriotism was nowhere less in three days celebration of Independence week. The kindergarten students were involved in the activities like Flag Making, Poem Recitation and Fancy Dress. The students also created a video for different activities showcasing their enthusiasm.

Dandia Celebration

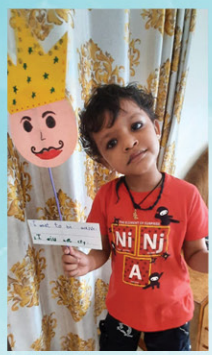
Festivals speak about our glorious heritage. The children enjoyed the garba with their family, though at different places yet the coordination was amazing.

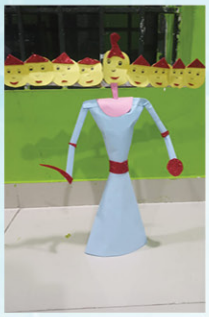
Elocution on Favourite Festival

Festivals help us to keep connected with our roots, culture and tradition. The shiny tiny tots in traditional dress spoke about their favourite festival. This activity helped to boost their confidence and they got to know more about different festivals.

Ravan Making Activity

A Ravan making / drawing competition was organized and students participated enthusiastically. They made an attractive cut out of Ravan and placed a tag of two habits which they wanted to give up. The students understood the importance of celebrating Dussehra festival.



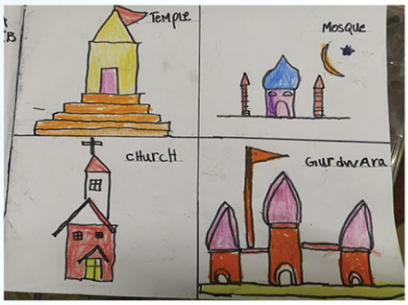


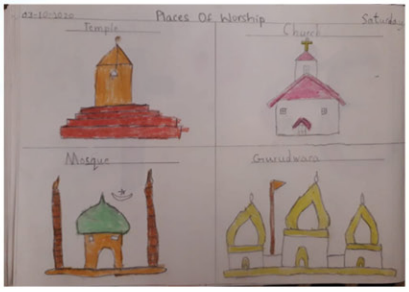
Story Narration Competition

Stories add a new energy to life. Our young kindergarteners also demonstrated the same by narrating stories during their online classes. The short stories based on the theme of positivity were full of fun, excitement and morals. It was overall an enjoyable experience for all the students which fascinated everyone around.

Places of Worship

Religious knowledge is an essential aspect of education. To make the students understand the importance and introducing Indian religions to the Kindergarteners, an online activity was organised in which students discussed about various religions and their places of worship. Students also drew different religious symbols.





Utilizing waste

Waste material can also result into beautiful art. To experience the same KG-II students used pencil shavings to create mind boggling crafts. Here are the pictures demonstrating their creative ideas.

Talk Show – 'My Mother'

Mothers are the angels sent by the God to bless everyone. The Nursery kids left everyone spellbound with the expression of their feelings for their mother. The mothers on the other hand were amazed to hear the words of love and affection from the tiny tots.

Fun with Shapes

Shapes are all around us. Recognizing different shapes in the online classes was entirely a different fun filled experience for our young brightonites. The students were unable to hold their excitement while showing the different shapes of their colourful and attractive toys. It was a great learning experience for the students.

Talk show on 'My Daily Routine'

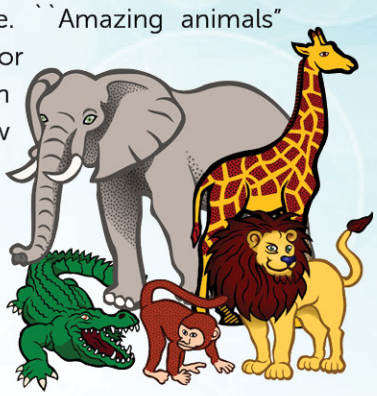
Learning from home has brought a change in the daily activities of our young brightonites. With an objective to discuss and understand the day to day actions of the tiny tots, an activity to speak about "My daily routine" was organized for the students of KG-1 and KG-II. The activity helped the students to gain an understanding of everyday events and procedures. The students learned to be more organized, self aware and self disciplined through a new approach of leading a healthy lifestyle. They also learnt the importance of regular exercise and personal hygiene.

'Meet My Family' Activity

Families are an integral part of everyone's life. All the good habits and manners one has incorporated are from the family. This activity was conducted by the students of KG-I and KG-II where they introduced their family members to the teachers with a great happiness and excitement. The activity helped the students to learn the importance of family.

Amazing Animals

Animals are exceedingly important; they are an indispensable part of life. ``Amazing animals" activity was conducted for KG-1 in which the children were amazed to know about the differences and similarities between wild and domestics animals through an interesting group discussion.



Primary Wing

Community Helpers

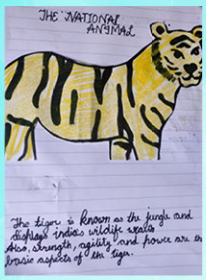
Community helpers keep the community safe and healthy. Students paid their gratitude and respect to community helpers by making beautiful cards/posters. It was a fun filled activity students enthusiastically participated and created beautiful cards/posters for community helpers.

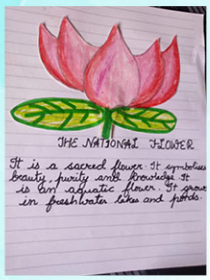
Yoga

A positive attitude is essential for happiness, joy and progress in life. Healthy body leads to a healthy mind. The combination of both brings out the best in us. Yoga is an old discipline of our country. The tiny tots of class 1 presented different "ASANAS" to prove their physical and mental strength.

Drawing Competition

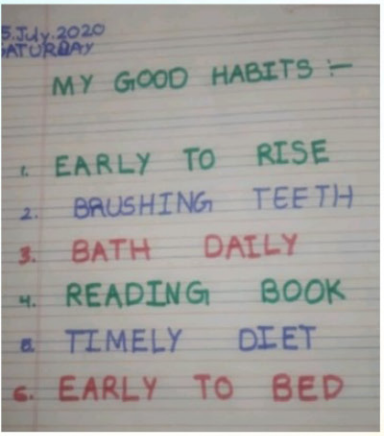
In order to keep the patriotic fervour of Independence Day alive in students, drawing competition was organised for the students with a theme "National Symbols". The objective was to create awareness about National symbols of our country among the students. It was joyful and heartening to see children participating with zeal and zest. Their little and creative hands reflected love towards their country.

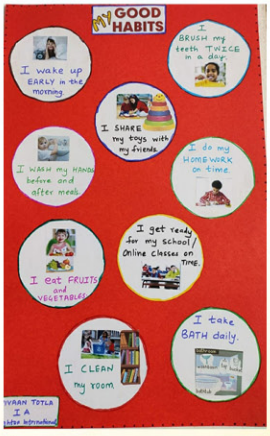


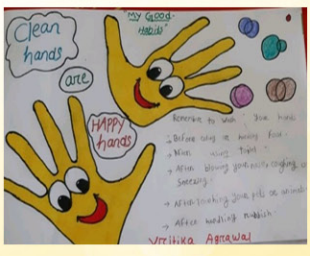


Know Your Habits

Making healthy choices can help us feel better and live longer. It takes time for the children to develop healthy habits. Good manners are necessary to live a happy , disciplined and peaceful life. To promote societal concord amongst our little ones, an activity on 'Good Manners' was organized for Class I wherein the students laid stress on identifying at least one good habit in themselves and expressing it in form of posters or charts. Each student participated ardently and learnt how to be the owner of a healthy body and a healthy mind.







Fire Less Cooking

"Cooking for kids is not just about ingredients, recipes and cooking. It's about harnessing imagination, empowerment and creativity."- Guy Fieri.

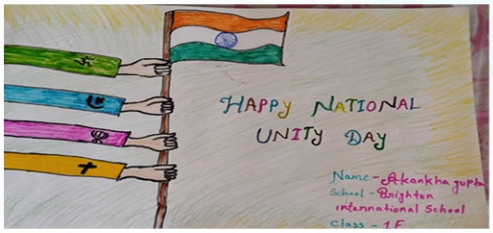
Keeping in mind the safety of the kids, an online fireless cooking activity was organized for primary students, where they enjoyed making various delicacies all by themselves and exhibited their culinary skills. This was a fun based learning activity.

Independence Week Celebration

The students of class 1 to V wallowed into activities like singing patriotic songs, getting acquainted with our national symbols, poem recitation. Children creatively showcased their love for the country and immersed themselves into making posters and different National Symbols. The week long activity was followed by a video presentation which taught children not only to be independent but responsible too.

National Unity Day

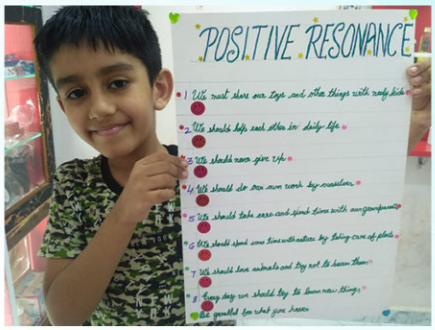
Poster making, essay writing and quiz were organized for celebration of National Unity Day on 31st October 2020 The occasion provided an opportunity to re-affirm the inherent strength and resilience of our nation to withstand the actual and potential threats to the unity, integrity and security of our country. Students' participation was overwhelming. Students showcased their love and pride for nation by creating beautiful posters on the theme "Unity in Diversity"

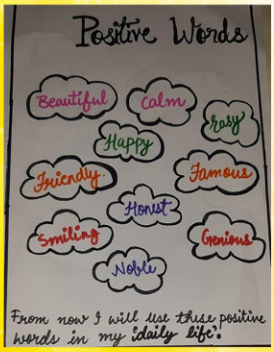


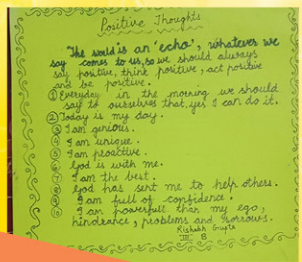
Pick the Positivity

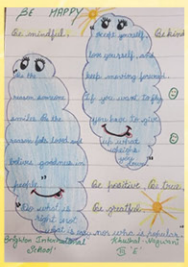
"Keep your words positive, words become your behavior. Keep your behavior positive, behavior becomes your habit. Keep your habits positive, habits become your values. Keep your values positive, values become your destiny."

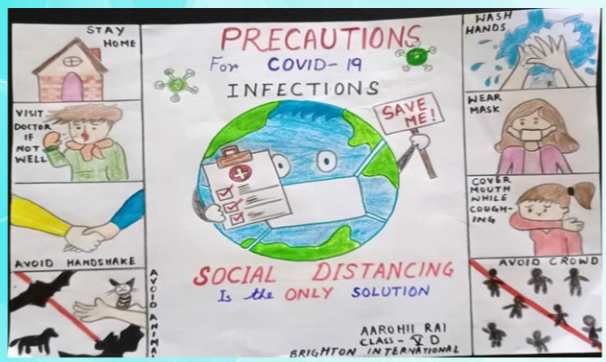
In order to make children well aware that how positive words can work wonders in everyone's life, an activity was conducted for Class III, in which students participated with great enthusiasm and highlighted ten positive words which they would like to implement in their daily life. This activity was very helpful in making the little ones understand the importance of words and vibes in everyone's life.











Dealing with the Pandemic

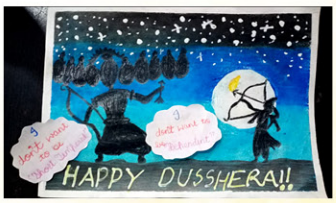
A thought sharing session was organized for the students of Class IV & V on various precautions to be taken during the pandemic. The students shared their ideas as well as made everyone aware of the new normal. It was quite surprising and satisfactory at the same time to observe the vigilance and awareness of the young minds through creative posters.

Poster Making Activity

It's rightly said that a picture is worth a thousand words. During Independence week celebration poster making activity was conducted for Class IV & V on the topics "My Dream City" & "My Dream Country". The children expressed their love and dedication for their motherland by making beautiful posters. This activity exhibited their fine artistic skills and emotions for their country.

Drawing on Dusshera

A Drawing competition was conducted on the auspicious occasion of Dusshera. The aim was to defeat the feelings like envy, sin and rage among children so that they stand tall in every phase of life. To make it more interesting, students mentioned their two habits on a tag which they wanted to give up and placed the tag on their drawings. The students participated in the activity with great enthusiasm and vigour.



Story Narration

Learning is fun when it is in the form of stories. Children love to listen stories which fascinate them the most. Story narration activity was conducted for students of class I, where the teacher narrated a story that gave them the message to be kind and helpful to animals.

Group Discussion

Going green means to live life in a way that is friendly to the environment and the earth as a whole. A group discussion among the students of Class IV & V engaged them in sharing the views on changing their lifestyle to preserve the nature. The positive approach towards nature and eco – friendly lifestyle was the highlight of the discussion.

Share Your Opinion

Being religious makes one feel connected with God. It purifies heart and gives immense peace. Every individual on the Earth is bound to follow some or the other religion. Reasons might be different but all of them hint towards the basic one which is belief in a supreme power – "The Almighty". To make the children understand that we should respect all other religions, activity on "Respect all Religion" was conducted in class IV &V. Students participated in the activity and shared their opinions and views on various religions, teachings & beliefs. The activity concluded on a note that "Every religion deserves the same respect even, if they are different from our own".

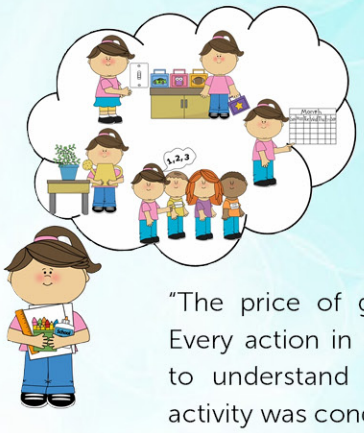
Observe and analyze the picture

"Dreams get you started and discipline keeps you going." The month of July' was full of activities to inculcate discipline among the brightonites. One such activity was to analyze the picture to understand what discipline means. Students of Class IV & V enthusiastically participated in the activity and their responses served the purpose of the activity.

Know our Monuments

"Monuments are the grappling irons that bind one generation to another."- Joseph Joubert

Knowing our country and the history behind all we inherit in the form of precious monuments is very important. Through a knowledge sharing activity, students of Class III got a chance to know and speak on the historical monuments of India. This activity helped the children to enhance their knowledge as well as sorted their queries.



Understanding Responsibilities

"The price of greatness is responsibility." Every action in life demands responsibility, to understand the importance of it; an activity was conducted for primary students depicting their responsibilities as an Individual, a student, and a citizen.

Extempore

The presence of mind to speak appropriate content at the right moment was demonstrated by the students of class III during extempore. The activity was an excellent way to boost students' confidence with a proper command on language and expression.

Know the Festivals of India

Festivals bring love, tolerance brotherhood and understanding. To inculcate the respect for all the religions and the festivals, students of Class IV & V participated in a discussion where they gathered information about different festivals and presented the information using pen and paper. Students' curiosity and enthusiasm added a lot of energy to the activity.

Paragraph Writing Competition –Class IV

Self discipline always leads to success as we groom ourselves to be sincere and punctual towards our goals and tasks. Students of class IV participated in an activity to write a paragraph on the topic "Success starts with self discipline". The competition proved to be helpful to the blooming young brightonites as they know the value of self discipline. It was wonder to read how creatively they executed their thoughts on the paper.

Poem Recitation

" A heart without dreams is like a bird without feathers".

Brighton International School arranged various activities to salute the freedom of our country – India. Poem Recitation was one among it with a theme, 'My dream India', was held for the students of Class III. Each student prepared a poem about their dream India and recited with great vivacity. It was amazing to hear out these kids to have so many dreams and the passion to build the country in a better way. Their zest and zeal was outstanding.

Explore Incredible India

India is a mosaic of multicultural experiences. There are lots of spectacular facts about our country which our kids must know. In order to increase the knowledge of the students about their motherland, Brighton International School organized different activities to celebrate Independence of India. The students of Class III watched the video and explored 'Incredible India'. It was a phenomenal experience for the kids to gain knowledge that India is rich in art, culture and literature. It has different languages, dresses and festivals too. It is plentiful of ancient and modern architecture. There are different religions but still we stand together as proud Indians. The students were enthusiastic to participate in this activity and displayed a great zeal.

Paragraph Writing Activity – Class- III

A responsible citizen abides by all the law and order of the country. In order to make the students realize and express how they can become responsible citizens of our country, Brighton International School organized different activities for Class III to celebrate the Independence week. Paragraph writing activity was conducted for the students on the topic 'A Responsible Citizen'. All students participated with great zeal and shared incredible thoughts on the given topic.

Paragraph Writing Activity – Class V

Festivals help in breaking the monotony of life. They bring peace joy, unity, positivity and zeal among the communities. On the pretext of festivals, we get chance to relax, meet our friends and relatives and get closer to our religion and culture. A paragraph writing activity was conducted for students of Class V, where they expressed their views on their favourite festivals. This not only helped students to express themselves but it also enhanced their writing skills. Children were taught to celebrate each day of life with same enthusiasm.

Senior Wing

Role Play

The month of April was planned to be 'Compassionate April' for the Brightonites. Kindness is the greatest virtue of all and to convey the same, Role play as an activity, was conducted for the students of class VI to VIII on the theme of KINDNESS to be performed along with their family members. Young Brightionites enacted different roles like Historical personalities, day to day life events and Mythological personalities. The dialogue delivery and their ideas projected their self confidence; they learnt to handle the situation in real life. Role play helps to build up experience and display their affective, cognitive and behavioural skills.

Brainstorming Activity

COVID-19 forced us to be confined to our homes but it could not stop the ardour and passion of our students during the online activities.

June was themed as "Thrifty June". To ensure the lasting protection of our Planet and its resources, we provided a platform to the students of Class VI-VIII, to think out of the box, a Brainstorming activity was conducted where students shared their thoughts on consuming less and conserving more. They came up with vibrant ideas on "how we can leave a healthy planet for the future generation".

Elocution Competition

The advent of 15 August fills INDIA with patriotic fervour. To trigger out the same spirit among the Brightonites we had Patriotic and Respectful August. As a part of this, Elocution Competition was conducted for the students of Class VI to VIII. Students participated with ebullience; the participants actively researched, reflected and shared their understanding of the topic- "How do you balance your rights and duties towards the nation?" The participants put forth their points on the topic by expressing the love and respect towards the nation as an individual. Students articulated their views that how they can be responsible towards their duties and can enjoy their rights within limits that make them a better citizen. The competition certainly went a long way in boosting the student's communication & presenting skills. This helped to develop their confidence.

Pen down your aim in life

"Discipline turns ability into achievement".

July was designated as "Disciplined July" to inculcate the value of discipline in students' lives. To underline the same, tag making activity was conducted for class VI-VIII, where students planned their aim in life along with the kind of discipline required to reach there. Students also tagged five good habits of their family members and ensured to follow them in their daily routine. All the students participated with zest and fervour.

Value based activity on 'Gratitude' & 'Kindness'

Brighton always believes that the aim of Education is not only to gain knowledge but also to inculcate values in the students. Adhering to the vision, value based activities like "Gratitude Chain, Role Play etc. were conducted for class VI to VIII on the topic 'Gratitude' &'Kindness' to promote the virtue of thankfulness towards their parents, teachers, siblings, family members and all the helpers who play a vital role to fight COVID -19.

Story Writing Competition

Richard Bach once said, "A professional writer is an amateur who did not quit." Stories are wonderful pieces of prose that enable us to make sense of our world and pass on knowledge and values to ourselves, as well as the future generations. Keeping this in mind, a Story Writing Competition was held for Class VI to VIII. The objective was to empower students to predispose themselves towards writing in an era where social media dominates. It was an endeavour to direct students towards the creative path of writing and active expression through the medium of written storytelling. The budding Brightonites plotted stories that were super realistic and incredible on the given theme "Time and tide waits for none"

Express the Positivity

'Be Positive' is the striking feature that Brighton always gives to its students; we never miss the track in motivating our students. Even in this pandemic we always drive our students to be optimistic. The month of September was framed on the theme 'POSITIVE'. As a part of weekly activity and to bring out the creative expression of the students and also to gauge their awareness quotient, Poster Making and Power Point Presentations were conducted for the students of Class VI to VIII. The students displayed their artistic skills through an array of posters on the given topic. The aim of this activity was not merely to see the creative aspect but also to trigger the thought process of the children and sensitize them of being affirmative and bring constructive changes into their life that makes them happier, brighter and more successful.

Poem Writing Competition

"Poetry is when an emotion has found its thought and the thought has found words" -Robert Frost

Writing a rhythmic poem or a melodious song is the best way to express oneself. A poem is something that comes from the heart. Hindi poems usually bring out the deepest thoughts and expressions. In fact, most of the famous Hindi poems are so because they are very emotional and heart touching. Hindi Poetry Writing Competition was held for the students from Class VI to VIII. The Brightonites were also asked to write two positive quotes that are quite motivating for building hope and assurance for a better tomorrow. The student's talent and confidence was uplifted as they went on to pen down their innovative ideas which further enhanced their thinking and learning skills.

Collage Making Competition

Collage making is a creative way to express the thoughts. The students of middle section participated in this fun learning activity and demonstrated their thoughts on 'Secularism' through colourful collages. They performed a fabulous job and showcased their respect towards every religion.

Group Discussion

Discussion is the best way of correspond feelings and thoughts. The students of Class VI to VIII participated in a classroom discussion and listed out some ways by which communal harmony can be promoted. Students' participation in the discussion was heart touching and admiring.

Brighton Lecture Series

"The best way to predict the future is to create it." - Abraham Lincoln

To guide the students towards a right path for their career Brighton international school has initiated career guidance and counselling series known as the "Brighton Lecture Series", where we invite the notables of diverse streams to come and guide, inspire and motivate our students so as to help them to choose what is best for them.

Even in this pandemic year, Brighton International School did not stop to guide its students in every possible manner and Brighton lecture series is one of them, where various virtual sessions were conducted and students had interactive sessions with the experts.

In this array, honourable guest Mr OP Chaudhary (IAS at the age of 22 and served as collector at Raipur) addressed the brightonites in the month of May. His powerful motivational words worked as a fuel for our youth, he quoted "Without motivation one can't achieve anything. To steward one's purpose well, one has to be motivated."

In the month of July Mr. Anuj Sharma, an artist, a performer and a Padmashree Awardee was the speaker. A session stitched together with pearls of wisdom and words of inspiration.

Our speaker in the month of August was Miss Shubika Jain, young entrepreneur and the founder of Ras Luxury Oils; to share her success story with our students. Her young, bold and dynamic personality not only motivated our students but also influenced them to be fearless and risk takers.

In month of October, we invited Mr Rahul Gupta, the first mountaineer from Chhattisgarh to climb the Mount Everest at the age of 23, he inspired and motivated our students with his life stories and filled our students with confidence determination and finally gave his life mantra that "With discipline we can achieve anything, nothing is impossible."

Students Corner

Films and their Impact on the People

One of the key features of entertainment, films or movies are considered to indeed be the expression of love and happiness. Films express those feelings that words cannot. In the current modern Era, watching films is very usual among the people. They watch films to get rid of their stress and gloom. Today movies have a supreme impact on everyone especially the youth and the children. The influence of films on the people perhaps is wonderful as well as awful depending on the person. The impact of films can be for good as it can encourage and motivate the people to accomplish their goals, follow their passion and at the same time can teach them to understand various disciplines and etiquettes of living life. People can learn a lot from films and therefore they tend to be one way of inspiration to others. But from the second view, Films can demolish the construction of one's goals and ambitions and a few films sometimes show or highlight such things that can spoil a person from within and they become the cause for distraction of one's mind from the attainment of his/her goals.

Therefore, watching films should only be a medium of entertainment and parents must motivate their children to watch only those films that are helpful for the construction of their bright future and ultimately the construction of the bright future of the country.

Anushka Kumari Jha, VIII-C

Autobiography of My Desk

Hello everyone! I am a desk. 5 years back I was brought to this house as a gift from Meera's parents to her. I was really sad when I came here as I had to leave my beloved friends behind, at the store. I felt lonely for the first few days, but day by day I felt merry and secure in Meera's company. When Meera was a kid she used to decorate me with her favourite character's stickers. Now my day begins with the hush and push by the house maid to sweep the dirt beneath me. This makes me very irritated. Before going to school, my friends,'Oclave the bag' and 'Goof the pen' try to cheer me up when I get irritated by the house maid's act. Afternoon arises with Meera's friends entering the room shouting "play time- play time". I have to tolerate this until they leave the house. When exams arrive, I am used the most. If the result is not good, all the books are thrown on me by Meera. During summer vacations, when I am left alone I feel abandoned. Dirt and dust stick on me. I feel blissful when I am cleaned on Sundays. The old magazines, pencils and papers are thrown on me. When Meera gets bored she scribbles on me by writing her name in a woody handwriting. I like to listen to Meera's mother's phone conversation when she sits on my chair and talks on the phone all the time. Meera's father sips coffee or tea on me, and spills it all around.

This is my daily routine. This is how I spend my day.

Adrita Ranjan, VI-C

Technology

Technology is a tool that helps us to advance and grow. We can observe many examples of technology, like an old telephone, which has now become smart phone. Technology has made a boost up in the last few years. Several gadgets and electronic devices well equipped with the best technology are now available for everyone. Apart from this, technology has also helped us to find the vaccines and antidotes of various kinds of diseases. In the earlier times, the average life expectancy of a person was about 35-40 years. But now, with the help of technology, the average life has been increased to 80-85 years in few countries. Even in the current pandemic situation, technology is helping us all to move on without any hindrance. Many businessmen are adopting the policy of 'Work from Home' for smooth and secured operation. When studies were getting obstructed due to COVID- 19; majority of the schools started online classrooms, which were earlier only a dream. Thus, technology is really useful for all of us.

Arpit Agrawal, VII-C

Corona Warriors- Doctors and Nurses

Doctors and nurses are the second God in the world. Their job is to cure sick people. They are real warriors because they provide treatment to people who are suffering during Covid-19 pandemic. Doctors and nurses always advise us to stay at home but they stay out of their homes for us. They make our lives healthy. Even during the lockdown period, they never stepped back from their responsibilities. They often wear white dress that shows the symbol of peace. During Corona virus fight, they put their life in trouble to save us even when the virus could spread by touching anyone. So, we must salute their remarkable and unforgettable contribution.

'Where there doctors and nurses are, Corona virus stays far.'

Arth Sharma, III-E

Diwali During the New Normal...

Festive season is approaching, but the pandemic has changed everything this year. 'Diwali', one of the most important festivals in India will also experience a change in the celebrations. Many of us won't be able to visit our family members living far off places this year because of many containment zones all around the world.

There will be a different experience of Diwali celebrations this year, with masks on everyone's face. But, this thing is important as precaution is better than cure, especially in these types of situations where we don't have a proper cure.

This Diwali, even burning crackers is being discouraged by doctors as this will not only increase air pollution but also affect the ones who are suffering from Covid 19 as it is a disease which affects the lungs, even those who have recovered from this disease will be affected as their lungs are also in a compromised state. We must avoid using crackers this Diwali as this will threaten many people's life.

It is obvious that this Diwali also everyone will be going for shopping but this time we must take proper precautions such as wearing masks and using sanitizers. Also while shopping, we must maintain a proper distance with others. Purchasing things made in India instead of the things made in other countries will promote getting vocal for local.

Most importantly, many daily wages people have lost their jobs and now are left with nothing, during this crisis they are facing the challenge of arranging food for their family. We must try bringing smiles to their faces by helping them.

Let's hope that we soon get free from Covid-19 and every affected person gets well and returns back home this Diwali, happy and safe.

A very happyand safe Diwalito all...

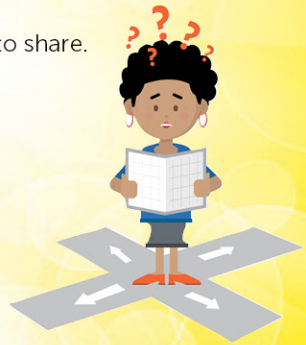
Somi Shukla, VIII-A

'2020' The Havoc Year

This pandemic year 2020 is the least we all want to remember. We can't meet each other; we can't spend time with our friends and relatives who live far from us. Sometimes it seems a nightmare to me. This Covid-19 pandemic has affected many people over the world and has taken lives of many worldwide. Economy has fallen down. The poor are starving for food and many have lost their jobs. Do heroes exist in real life? Indeed heroes exist in real life, the police, the doctors, the nurses, the bankers, the teachers etc. They all are the actual supermen and warriors in reality. They are saving people from the danger instead of saving themselves. In this epidemic individuals are living alone and friendless, they need someone to pad their shoulder. When we are alone we should love and understand our own company and we shall come across our own points of strength and weakness. This lockdown taught me that we can live our life with limited resources. As we know there are two faces of a coin in the same way with negativity comes positivity. If we look at the positive aspects, it is a blessing in disguise. Moreover, happiness lies in our own hand. It has helped me to discover and learn new things. I learnt how to bake cookies and cakes. In a nutshell, this pandemic situation has taught us self realisation and discovering our own point of strength and weakness.

Aaria Gauri Nair, VI-C

How it feels like being a child?



Playing games, flying kites, singing and dancing,
This is a child's world, in which he/she always keeps laughing.
A child is kept with refuge and care,
And he/she is taught not to be mean and to share.
Elders teach us good deeds,
So as to fulfill our needs.
They help us to grow and blossom,
And that is why child life is so awesome.
They also correct us,
When we make a huge fuss.
But a child feels that adult life is cool,
No homework, no teachers, no school.
A child is full of cuteness and innocence,
And eventually the child gains intelligence and experience.
A child has problems that are very mild,
And this is how it feels like being a child.

Himanshi Agrawal, VII-C

MY HEARTBEATS

My parents are my heartbeat,
Because they gave me birth.
My family is my heartbeat,
Because it helps me grow.
My friends are my heartbeat,
Because they let me know.
My teachers are my heartbeat,
Because they let me learn.
My life is because of them,
Because they are my heartbeat.

Lakshita Nagwani, VI-C

Life after Covid-19

Corona virus is a disease that has spread all over the world. During the lockdown, the people got locked in their homes. In this way, this lockdown taught us that how to be self-dependent, not wasting money in unnecessary outings, body can be kept strong with healthy food made at home, avoiding social gatherings, not playing out and touching unhygienic equipment, avoid eating junk food, developing healthy habits like- using sanitizers and hand wash frequently, wearing masks, drinking juices and healthy drinks like- Kadha (home-made remedy), etc. And the most important achievement is our Earth has become clean by the decreased use of vehicles. Hopefully, we all will be out soon from this pandemic.

Atharvi Tiwari, 3-A

"Story"

Muzi's Unusual Hands

Muzi was born with ten fingers on one hand. He could not tie shoelaces, so he never wore shoes. He could not fasten the button on his trousers, so his trousers always fell down. He could not hold a comb so his hair was always messy.

"What a sight! No shoes, messy hair, trousers around his ankles". The other children used to laugh at Muzi, they teased him and chased him through the village.

One day, Muzi ran away and hid in a shed. There was a dusty piano in the shed. Muzi had never played a piano before, so he put his fingers on the keys and tried to play.

He was deeply shocked that he could create such beautiful music . Everyone in the village stopped and began to listen. They went to the shed to see who was creating such beautiful music. They found that the boy with ten fingers in one hand, playing piano with his trousers around his ankles!

Moral: - Everyone has a special skill.

Gauri Sharma

Respect the Corona Warriors

Corona warriors- doctors, nurses, police, sweepers and scientists are fighting against covid-19 to their fullest. Doctors are looking after the patients with the help of nurses. Sweepers are taking care of the cleanliness. Scientists are trying to make vaccine to get rid of the virus. Police is taking care that no one should come out of their house without any urgent work. As these Corona warriors are working so hard day and night to keep us safe, we must respect their hard work.

Siddhi Deshpande, III D

An Impressionist

In the city of Shyamla, there lived a man named Tulsidas. He did not get education in his childhood so he was not able to read and write.

One day he had a complaint about a Seth of his village. He had to go to the king as he was not able to write a letter. As he was going, he saw his neighbour, Raheem, reading newspaper. He saw that Raheem was wearing shiny spectacles. As he saw him, he forgot that he was having a complaint. He thought, 'If I get spectacles I will definitely learn to read and write.'

He directly went to the shop of spectacles and asked the shopkeeper for one.

The shopkeeper gave him a magazine and also showed many spectacles. After some time, he asked whether he liked any. But Tulsidas was not able to read with any of them. He said to the shopkeeper, 'Don't you have any other spectacles so that I can read with them?'

The shopkeeper replied, 'I have shown you all the spectacles that I had.'

Tulsidas said, 'You don't have any nice spectacles.' And he angrily left the shop.

The same happened with many shops and, Alas! He reached the last shop in the village. There he said to the shopkeeper, 'Please give me a proper spectacle so that I can read.'

The man gave him a magazine and at last after showing all the spectacles he said, 'Sir, are you still not able to read?'

Tulsidas said, 'No!'

So, the shopkeeper looked into the magazine and saw that the man was holding it upside down. He laughed at his customer and said, 'Sir, do you think that you will be able to read by wearing spectacles?'

Tulsidas replied, 'Yes! Because even Raheem was able to read after wearing them.'

The shopkeeper said, 'It is because he is an educated person. If you want to read and write you will need to have education.'

Tulsidas was ashamed for his actions and said, 'I am really sorry for troubling you.'

The shopkeeper replied smilingly, 'It's ok and you can learn to read and write as there is no age limit for learning. I know that you will soon come and show me that anybody can read and write without spectacles by having education... Best of luck!'

Tulsidas thanked the shopkeeper and promised to be educated.

Education is the key to success. If a person is not educated his/her life will have no colours and they will not have a bright future. It is true that there is no age limit for education. Everyone in this world learns from all the people who come in their life and it is their task to choose the way towards their destruction or the right path for a bright future. So, it totally depends upon you what you want to learn.

Technology

Technology is a tool that helps us to advance and grow. We can observe many examples of technology, like an old telephone, which has now become smart phone. Technology has made a boost up in the last few years. Several gadgets and electronic devices well equipped with the best technology are now available for everyone. Apart from this, technology has also helped us to find the vaccines and antidotes of various kinds of diseases. In the earlier times, the average life expectancy of a person was about 35-40 years. But now, with the help of technology, the average life has been increased to 80-85 years in few countries.

Even in the current pandemic situation, technology is helping us all to move on without any hindrance. Many businessmen are adopting the policy of 'Work from Home' for smooth and secured operation. When studies were getting obstructed due to COVID- 19; majority of the schools started online classrooms, which were earlier only a dream. Thus, technology is really useful for all of us.

Green Trees

Trees, trees, trees
They give us flowers.
And green, green leaves,
Trees, Trees, Trees
They give us fruits.
And oxygen to breathe,
I love trees and
I will grow more and more trees,
Trees, trees, trees
Make the environment clean and green.
Do not cut trees and
Grow more and more trees.

ISHIKA DOYE, V-B

Oh Corona!! Oh Corona!!

Oh Corona!! Oh Corona!!
Now please "Go Corona, Go Corona"
You are bad, you made our routines sad,
We can't go anywhere, do you think it's easy to bear?
Wearing a mask, is a big task,
Corona laughed on my daft,
Then Corona shouted "I gave a break to every one out."
Your parents left gadgets,
And enjoyed with you, yummy nuggets.
Instead of getting bored,
You tried household chore.
Don't get scared,
Just beware.
To maintain social distance, it's my advice,
Besides, to wash and sanitize your hands once, twice or thrice

Aatmanirbhar Bharat - Digital India.

'Let's not be dependent on others because we, in our day to day life we forget that self-respect is a key to self-reliance'.
This pandemic has taught all of us the importance of being self- dependent. The huge loss caused to our economy is due to the dependence of our country on other nations for the supply of resources. Let's not forget that our country has the second highest population in the world and we can make change when we are together. One way by which self-reliance in our country can be promoted is by being digitally burgeoned. Digital world has drastically changed our lives.
The digital world has joined us together and has become an epoch-making part of our lives. The online classes that have become a stroke of luck in this scenario are viable just because of the refinement in the field of technology.
If the digital platforms have not been going great guns then the cases of this dangerous infection would have worsen up day by day. The banking services that are provided in this unavoidable situation have been made easier only because of the online transactions by profuse modes of transactions.
Entertainment has provided digital services in different platforms for entertainment so that people do not feel depressed in this lockdown. People watch their favourite TV serials, programmes, movies etc. on various channels.
This online world has open up new opportunities for knowledge seekers because the virtual world in this circumstance has become the most important source of knowledge.
This ineluctable situation caused many employees a great disturbance and resulted in a great scale unemployment. The digital services have opened up doors for the people earning daily wages.
Let's upgrade our skills in the artificial intelligence because the next wars are not going to be in the playgrounds but also in the virtual world.

Missing My School Days

It has been a long time,
Since Corona started.
As days passed,
And I stayed at home.
I am missing my school a lot,
From my classroom to the teachers,
From my friends to the playground,
From my school bus to the canteen.
I wish this Corona pandemic ends,
And I can go back to school.

Aaryan Biju, V–D

मेरा जन्म दिन आया

मेरा जन्म दिन आया,
ढेर सारी खुशियाँ लाया।
पापा ने कमरा सजाया,
माँ ने केक बनाया।
दादा-दादी ने उपहार दिया,
भाई-बहनों ने प्यार दिया।
सबने मिलकर केक काटा,
जन्मदिन का जश्न मनाया।

काव्या डागा, IV-C

Poem on time

The most precious is not juice of lime,
Nor it's your Amazon Prime,
But yes it is time.
It will go on till your lifetime,
It will not wait for daytime or night time,
It didn't stop for Einstein.
So how can it stop for you anytime?
According to yourself manage your time,
Make a routine of bedtime and lunchtime,
Or read a book on managing time
Take some time to understand time,
Make a routine for managing time,
Or you will suffer lifetime
I shouldn't have wasted my time,
For understanding the precious time.

Pragya Deshmukh, V-A

हमें मिली आजादी

हमें मिली आजादी वीर शहीदों के बलिदान से,
आज तिरंगा फहराता है शान से।
आजादी के लिए हमारी लंबी चली लड़ाई थी,
लाखों लोगों ने प्राणों से कीमत बड़ी चुकाई थी।
व्यापारी बनकर आए और छल से हम पर राज किया,
आपस में लड़वाने की नीति अपनाई थी।
हमने अपना गौरव पाया अपने स्वाभिमान से,
हमें मिली आजादी वीर शहीदों के बलिदान से।
गांधी, तिलक, सुभाष, भगतसिंह का प्यारा यह देश है,
"जियो और जीने दो" का सबको देता संदेश है।
प्रहरी बनकर खड़ा हिमालय जिसके उत्तर द्वार पर,
हिंद महासागर दक्षिण में इसके लिए विशेष है।
लगी गूँजने दसों दिशाएँ वीरों के यशगान से,
हमें मिली आजादी वीर शहीदों के बलिदान से।

कृतिका दास, IX-A

Thank You Parents and Grandparents

I love you very much my loving and caring parents and grandparents. I love you all a lot. You are always in my every smile, in my every tear and in my every cheer. Thank you Mom and Dad for being my biggest supporter. Because of you, I have been living a meaningful life. I am really lucky to have you both as my parents. Thank you

Ayanna Peshwani, III-C

मंजिल की ओर

मंजिल को पाने कई बार गिरूँ भी तो क्या,
फिर संभल जाउँगा, उठूँगा और फिर दौड़ लगाऊँगा।
असफलताओं के बादलों में गुम हो जाऊँ ऐसा मैं नहीं,
उन्हीं असफलताओं से होते हुए सफलता की सीढ़ी मैं बनाऊँग।
मंजिल है दूर तो क्या फिर भी पहुँच जाऊँगा।
मंजिलों से कह दो मैं रुकने वाला नहीं,
रास्ते जरूर हैं टेढ़े-मेढ़े पर मैं थकने वाला नहीं।
आएँगे अवरोध बहुत से मुझे तोड़ने को,
रास्ते से भटकने को, बहकाने को।
मैं भी मन का पक्का हूँ, इच्छा शक्ति ऐसी कि,
तिनके सा उडाऊँगा, आने वाले अवरोधों को।
जीवन पाठ के कांटों को फूलों में बदलता जाऊँगा।
मैं आगे बढ़ने आया हूँ आगे बढ़ता जाऊँगा।
ऐ मंजिल सुन ले मैं तुझ तक जरूर पहुँच जाऊँगा।

सोमी शुक्ला, VIII-A

मेरे गाँव में जीवन बसता है

शहरों में जीवन चलता है, या फिर सरपट भागता है।
पर बात पते की सुनो सभी, मेरे गाँव में जीवन बसता है।
कच्ची-पक्की पगडंडी है, कुआँ और सुंदर ताल-तलैया है।
लिपे-पुते उजले आँगन से, द्वार-द्वार यहाँ सजता है।
खेतों में फसलें लहलहाती, जन-जन की जो भूख मिटाती।
कृषक रात-दिन खटता है, तब अन्न का दाना उगता है।
शहरों में जीवन चलता है, या फिर सरपट भागता है।
पर बात पते की सुनो सभी, मेरे गाँव में जीवन बसता है।
खेत गाँव की शान हैं, रक्षक इनका किसान है।
धरती माँ की गोद सदा जो, हरी-भरी रखता है।
खुली हवा में साँस है लेते, अमन-चैन से लोग हैं जीते।
घुल-मिलकर हँसते बतियाते, मानो सबका सबसे रिश्ता है।
शहरों में जीवन चलता है, या फिर सरपट भागता है।
पर बात पते की सुनो सभी, मेरे गाँव में जीवन बसता है।
सादा, सरल यहाँ का जीवन, सुघड़ परिधान से सज्जित तन।
गौ माता की सेवा होती, गोबर से आंगन लिपता है।
बरगद, पीपल, नीम घनेरे, आम-जाम फल बहुतेरे,
साग-भाजी से अटी है बाड़ी, ऐसा दृश्य यहीं दिखता है।
शहरों में जीवन चलता है, या फिर सरपट भागता है।
पर बात पते की सुनो सभी, मेरे गाँव में जीवन बसता है।

प्रियंका शुक्ला, IX-A

क्यों ?

कभी-कभी मन में यह विचार आता है कि,
लड़कियों को लड़कों से कम क्यों समझा जाता है।
लड़कों को वंश का चिराग समझा जाता है,
तो लड़कियों को बोझ क्यों समझा जाता है?
लड़कों का पढ़ना-लिखना सही समझा जाता है,
तो लड़कियों का पढ़ना-लिखना गलत क्यों?
लड़कों के पैदा होने पर मनाते हैं खुशियाँ,
तो लड़कियों के पैदा होने पर शोक क्यों?
हैरान हूँ आजाद देश में इस छोटी सोच को
बढ़ावा क्यों दिया जाता है?
क्यों अभी भी लड़के-लड़कियों में भेद किया जाता है?
जरुरत है अब इस सोच को बदलने की,
जरुरत है महिलाओं को सशक्त बनाने की।
खुद जगना और सबको जगाना होगा,
नारी का खोया हक़ दिलाना होगा।
स्त्रियों खुद एक नई शुरुआत करनी होगी,
मिलकर एक नई लड़ाई करनी होगी।
उम्मीद है हालत अब बदल जाएँगे,
उम्मीद है अब अच्छे दिन आएँगे।

चेतन भगत –VIII A

दिवाली आई

दिवाली आई, दिवाली आई,
खुशियों की बौछार आई।
दिवाली आई, दिवाली आई,
पटाखों को भी संग लाई।
चलो-चलो दीप जलाए,
कम से कम पटाखें जलाएं,
खुशियों का त्यौहार मनाएं।
चलो-चलो मिठाई बाटें,
चलो-चलो मिलकर खाते,
खुशियों का त्यौहार मनाते।
दिवाली आई, दिवाली आई,
खुशियों की बौछार आई।

धारिणी देवांगन, IV-A

सच्चा मित्र

व्यक्ति हमेशा यही सोचता है कि एक व्यक्ति ही उसका सच्चा दोस्त हो सकता है और कोई निर्जीव वस्तु हमारी मित्र कभी नहीं बन सकती। पर आपको पता है कि पुस्तक एक निर्जीव वस्तु है जो कभी न हमें धोखा देती है, न ही हमें छोड़ती है और वक्त आने पर हमारी सहायता करती है। इसके विपरीत एक व्यक्ति हमें धोखा दे सकता है। पुस्तकें हमारी सबसे अच्छी दोस्त बन सकती है इतना ही नहीं माता-पिता भी हमारे दोस्त के समान है वे भी हमें अच्छी चीजों के बारे में बताते हैं। 'अ' अक्षर से लेकर हमारे पूरे जीवनकाल में वे हमें प्रत्येक चीज सिखाते है। अतः पुस्तकों एवं माता-पिता का सदा ही सम्मान करें एवं जीवनभर उनसे कुछ न कुछ सीखते रहें।

सूर्यांशी दीक्षित, VI-B

लक्ष्य/सपने

इस दुनिया में हर व्यक्ति आगे बढ़ने के लिए एक लक्ष्य रखता है। कुछ अपने लक्ष्य को हासिल कर लेते हैं तो कुछ इसमें असफल हो जाते हैं। अब जो प्रश्न हमारे सामने आता है वह, यह है कि हम अपने लक्ष्य को भेदने में सफलता कैसे प्राप्त करें? इसका उत्तर यह है कि हमारा जो लक्ष्य है हमें उसकी सारी जानकारी होनी चाहिए। जैसे अगर किसी का लक्ष्य अंतरिक्ष यात्री बनने का है लेकिन उसे अंतरिक्ष यात्री बनने के विषय में ज्यादा ज्ञान नहीं है तो वह कभी भी अपना लक्ष्य हासिल नहीं कर पाएगा। वहीं दूसरी तरफ अगर वह अपने आप को उस विषय को पढ़ने के लिए तैयार करता है और पूरी लगन के साथ अपने लक्ष्य को पूरा करने की कोशिश करता है तो उसे सफलता जरूर प्राप्त होती है। जिस व्यक्ति का लक्ष्य निश्चित होता है उन्हें किसी प्रोत्साहन की जरुरत नहीं होती। वह स्वयं को प्रोत्साहित करता रहता हैं। माननीय डॉ. अब्दुल कलाम जी कहते हैं – **"सपने वो नहीं होते जो हम सोते समय देखते हैं, बल्कि सपने वो होते हैं जो हमें सोने नहीं देते।"** इसका सीधा सा अर्थ निकलकर यह आता है कि जब तक हम अपना लक्ष्य हासिल नहीं कर लेते हमें रुकना नहीं है। हमारा लक्ष्य हमारी उम्मीद होती है और हमें उस उम्मीद पर खरा उतरने के लिए हर संभव प्रयत्न करना ही पड़ेगा और जब एक दिन हम अपना लक्ष्य हासिल कर लेंगे तब हमारे साथ गौरवांवित होंगे हमारा परिवार, हमारे शिक्षक और हमारे मित्र। इनका धन्यवाद करते हुए हमेशा प्रयत्न कीजिए और अपने लक्ष्यों को हासिल कीजिए।

राज चौधरी, X-A

मेरे दादाजी की सुनहरी यादें

जब मैं कक्षा तीसरी में पढ़ता था, एक दिन मैं अपनी बुआ के साथ पढ़ाई कर रहा था। उस दिन न जाने क्यों मुझसे पढ़ाई में बहुत गलतियां हो रहीं थी। बुआ मुझसे काफी नाराज हुई, उन्होंने मुझे बहुत जोर से डांटा। मैं उदास होकर घर के एक कोने में जाकर बैठ गया। तभी मेरे दादाजी मेरे पास आए और बहुत ही प्यार से उन्होंने मुझसे पूछा कि तुम इतने उदास क्यों हो? मैं रोने लगा और उनसे मैंने अपने मन की सारी बात कह दी। मैंने कहा, दादाजी आज कल मुझसे पढ़ाई में काफी गलतियां हो रहीं हैं। ऐसे मैं कैसे एक अच्छा डॉक्टर बन पाऊंगा। दादाजी जी, ने मेरा हाथ अपने हाथों में लिया और मुझसे कहा कि जिसे अपनी गलतियों का अहसास होता है, वही इंसान उन गलतियों को सुधारकर अपने लक्ष्य को प्राप्त करता है।
मुझे तुम पर गर्व है एवं पूरा विश्वास है कि एक दिन तुम अपने सपने को जरुर पूरा करोगे और एक काबिल डॉक्टर बनकर अपने दादाजी का नाम रोशन करोगे। आज जब मेरे दादाजी हमारे बीच नहीं हैं उनके हाथों का स्पर्श मेरे हाथों में महसूस करता हूँ। इन्हीं यादों को अपनी ताकत बनाकर मैं खूब मेहनत करके एक दिन एक अच्छा डॉक्टर बनकर अपने दादाजी की कही बातों को सच करके दिखाऊंगा।

अद्वेत पाण्डे, V-C

प्रकृति से खिलवाड़

न करो प्रकृति से खिलवाड़,
प्रकृति देती हमको सब कुछ।
बस माँगे हमसे साथ हमारा
मैं जो हूँ, जैसी हूँ, सम्मान करो तुम।
ज्यादा पाने के फेर में न विनाश करो तुम।
स्वच्छ जल, नीला आकाश,
सुंदर हरियाली है मेरी संपत्ति।
ऐ मनुष्य इसका उपयोग करो तुम
पर न नष्ट करो तुम।
और अच्छा करने के फेर में
न सब बर्बाद करो तुम।
आज विश्व है हैरान ये
कैसी मुसीबत है आई?
पर मानव के कर्मों की ही तो
मानव ने सजा पाई।

रिद्धिमा सिंह, IV-C

पर्यावरणके अनुकूल दीपावली कैसे मनाएँ

घरों को बहुत ही खूबसूरती से सजाया जाता है और रंग- रोगन होता है। हमें दीपावली को इस तरह से मनाना चाहिए, जिससे पर्यावरण को कोई हानि न हो। दीपावली रोशनी और खुशियों का त्योहार है। इस त्योहार को 'दीपों का त्योहार' भी कहते है। दीपावली में दीपावली को पर्यावरण के अनुकूल मनाने के लिए हम निम्न तरीके अपना सकते हैं -

- मोमबत्तियों का कम से कम इस्तेमाल करें तथा मिट्टी के दीये जलाएँ।
- केमिकल रंगों से रंगोली न बनाएँ।
- पटाखे न जलाएँ।
- पटाखे खरीदने के पैसों उपयोग किसी की मदद करने में करें।
- वातावरण को गंदा न करें।

हमें दीपावली खुशियों से मनानी चाहिए, किसी जीव की हत्या करके नहीं। दीपावली में पटाखे बहुत ही कम जलाने चाहिए क्योंकि पटाखों से वातावरण की परिस्थितियाँ गंभीर हो जाती हैं जिससे कई पशु-पक्षी और अन्य जानवरों की मौत भी हो सकती है। अतः हमें मानवीय नजरिया रखते हुए 'शुभ दीपावली और अशुभ पटाखा' की परंपरा की शुरुआत करनी चाहिए।

सौम्य जैन –VI A

हाँ करें या न करें

डिजिटल जिन्दगी को हाँ करें या न करें
कभी लगता है हाँ करें, कभी लगता है न करें।
Google Classroom, PayTm, Amazon
ने कर दिया है जिंदगी को आसान
इसलिए लगता है डिजिटल जिन्दगी
को हाँ ही करें, भई हाँ ही करें।
Facebook, Whatsapp Videocalling ने
रिश्तों को कर दिया है और भी करीब
इसलिए लगता है डिजिटल जिन्दगी को
हाँ ही करें भई, हाँ ही करें।
यदि हो रहा है आँखों पर बुरा असर
व्यतीत हो रहा है जरुरत से ज्यादा ही समय
तब लगता है डिजिटल जिन्दगी को
न ही करें भई, न ही करें ।

आयनेश चक्रवर्ती IV -C

छोटा सा बगीचा

मेरे घर का छोटा सा बगीचा ।
सुंदर और प्यारा-प्यारा मेरा बगीचा।
काश फल होता इन पेड़ों पर,
चॉकलेट और आइसक्रीम वाला।
प्यारा-प्यारा मेरा बगीचा।
मेरा मन करता है कि,
भौरा बन कर मंडराता फिरूँ।
प्यारा-प्यारा मेरा बगीचा।
काश इस दुनियाँ के सारे पक्षी,
आएं और सैर करें।
मेरे घर का छोटा सा बगीचा।

मो. अरहम रजा, IV- D

देश हमारा

सबसे सुंदर, सबसे प्यारा
देश हमारा, देश हमारा।
सिर पर मुकुट हिमालय का है
पैरों को सागर धोता है।
गली-गली में गूँजा करते
हैं मेहनत के गीत यहाँ,
खूशबू फैली अमन-चैन की
सभी धर्म हैं एक यहाँ।
मिल-जुलकर त्योहार मनाते
गुझिया और सेवइयाँ खाते।
बैसाखी में धूम मचाते,
सैन्टाक्लाज भी आते यहाँ।
अपना तो बस एक है नारा
सबसे सुंदर देश हमारा।

तनिष्क पवार – VI D

बच्चों के मन की दशा

लॉकडाउन में बैठे-बैठे बोर हो गए हम,
क्या करें-क्या करें बोर हो गए हम?
ऑनलाइन स्कूल तो चल रहा है,
तब भी बोरियत मिट नहीं रही है।
घर में बैठे-बैठे क्या खेलें हम?
कैरम साँप सीढ़ी से बोर हो गए हम।
क्या खाएं-क्या खाएं सोच रहे हम?
खा-खा के भी थक गए हम!
न स्कूल जाएँ न टीचर मिलें,
फ्रेंड्स से भी कैसे मिलें सोच रहे हम।
लॉकडाउन में बैठे-बैठे बोर हो गए हम,
क्या करें-क्या करें बोर हो गए हम?

आरना नंदिनी , V-C

किताबें

किताबें करती हैं बातें
बीते जमाने की,
दुनिया की, इंसानों की,
आज की, कल की,
एक-एक पल की,
खुशियों की, ग़मों की,
फूलों की, बमों की
प्यार की, भार की
जीत की, हार की
क्या तुम नहीं सुनोगे
इन किताबों की बातें?
किताबें कुछ कहना चाहती है,
तुम्हारे पास रहना चाहती है
किताबों में चिड़ियाँ चहचहाती हैं
किताबों में फसलें लहलहाती हैं
किताबों में झरने गुनगुनाते हैं
किताबों में परियों के किस्से सुनाते हैं
किताबों में रॉकेट का राज है,
किताबों में साइंस की आवाज है
किताबों का कितना बड़ा संसार है
किताबों में ज्ञान का भंडार है।

साहिती गुर्जर, IV-A

कोरोना से डरना नहीं

मिलकर कोरोना को हराना है।
मिलकर कोरोना को हराना है॥
घर से हमें कहीं नहीं जाना है।
हाथ किसी से नहीं मिलाना है॥
चेहरे पर हाथ नहीं लगाना है।
मिलकर कोरोना को हराना है॥
बार-बार अच्छे से हाथ धोते जाना है।
सेनेटाइज करके देश को स्वच्छ बनाना है॥
बचाव ही इलाज है यह समझाना है।
मिलकर कोरोना को हराना है॥
कोरोना से हमको नहीं घबराना है।
सावधानी रखकर कोरोना को मिटाना है।
देशहित में सभी को यह कदम उठाना है॥
मिलकर कोरोना को हराना है।
मिलकर कोरोना को हराना है॥

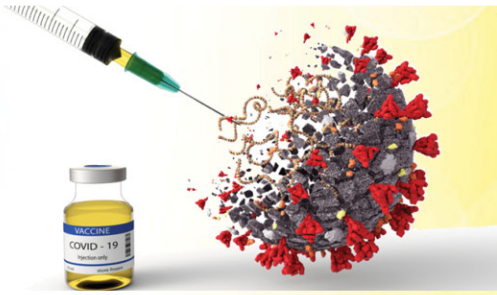
देवांश पटट जौशी

माँ

माँ और माँ का प्यार निराला,
उसने ही मुझे संभाला|
मेरी मम्मी बड़ी निराली,
क्या मैं उनकी बात बताऊँ
सोचूँ उन्हें कैसे जान पाऊँ?
जब मैं करती गड़बड़ घोटाला,
या करती मैं कोई गलती|
समझाने की कोशिश करती,
लुटाती मुझ पर ही प्यार|
मुझ पर गुस्सा जब है आता,
दो मिनट में उड़ भी जाता|
मेरी मम्मी मेरी जान,
रखती है मेरा पूरा ध्यान|
माँ और माँ का प्यार निराला,
उसने ही मुझे संभाला|

एम. सौम्या, VI-B

कोरोना वायरस का टीका



कोरोनावायरस एक कीटाणु है जिसने दुनिया भर में आतंक मचाया हुआ है। किसी को भी नहीं पता कि इसका टीका कब कहाँ और कैसे आएगा? सब इसी आशा में जी रहे हैं कि टीका जल्दी आ जाए, ताकि इस कोरोना रुपी रावण का अंत हो सके। कई वैज्ञानिक कह रहे हैं कि इस साल के आखिर तक इसका टीका आ सकता है। अगर मेरे पास एक जिन्न होता, तो मैं उससे कहती कि कोरोना वायरस का टीका जल्दी बना दो। लेकिन जब तक कोरोना का टीका नहीं आता, तब तक हमें सावधानी बरतनी होगी, इसलिए 'घर पर रहें, सुरक्षित रहें'।

गौरी शर्मा, V-B

बादल

बादल थोड़ा अजीब था,
बचपन से ही अमीर था।
कभी बन जाता था मोटू,
कभी दिखता था वो पतलू।
मम्मी उसको कहती लड्डू,
पर वो बन जाता था लट्टू।
पापा कहते उड़कर आजा,
पर उड़कर वो चला ही जाता।
बादल राजा! बादल राजा!
ये तुम्हारी थी एक गाथा।

आरोही राय, VD

मेरी प्यारी बहन

एक बहन ईश्वर के द्वारा दिया गया सबसे अनमोल उपहार होता है। मेरी भी एक छोटी बहन है। जो मुझसे सात साल छोटी है। वह बहुत मासूम, प्यारी, चुलबुली और नटखट सी है। उसकी हँसी सबके दिलों को छू लेती है। उसे छोटी–छोटी बातों पर जिद करना अच्छा लगता है। वह घर में सबकी लाडली है। हम सब उसे बहुत प्यार करते हैं। उसे सबके साथ घुल-मिलकर रहना अच्छा लगता है। उसका नाम आरती है, पर हम सब उसे प्यार से बंटू बुलाते है। वह हमेशा किसी काम में व्यस्त रहती है। वह मेरी सारी कॉपी किताबें इधर-उधर रखती है और हंसती है। उसे तो डांस करना भी अच्छा लगता है। मैं उससे बहुत प्यार करती हूँ।

आरना पांडे, V-C

अनुभव

वह सुबह-सुबह माँ का जगाना,
वह पीली बस का आना,
अब बहुत याद आता है।
स्कूलों में दोस्तों के साथ,
मस्ती करना, बातें साझा करना।
शिक्षक और शिक्षिकाओं का
थोड़ा डाँटना, थोड़ा प्यार से पढ़ाना।
अब बहुत याद आता है।
इस कोरोना काल में यह अनुभव,
अब सारी जिंदगी याद रहेगा।
वह सुबह-सुबह माँ का जगाना,
वह पीली बस का आना,
अब बहुत याद आता है।

इशिका डोये, V-B

मेरी बुआ

मेरी बुआ हैं बहुत अच्छी,
मेरे साथ रहतीं जैसे कोई बच्ची।
वह हैं मुझे पढ़ाती,
कभी-कभी मस्ती करके मुझे हैं सताती।
मेरी बुआ मेरे साथ बनाती हैं चित्र।
रहती मेरे साथ ऐसे जैसे कोई मित्र।
दुनियाँ में सबसे अच्छी, सबसे प्यारी,
लाखों में एक हैं बुआ हमारी।

अद्वैत पाण्डे, V-C

दिवाली आई

दीपों का पर्व है आया,
ढेर सारी खुशियाँ लाया।
सजा है घर रंगोली से,
बच्चों की हँसी ठिठोली से।
जगमग-जगमग लगे आसमान,
घर पधारे कई मेहमान।
लक्ष्मी गणेश पधारे घर,
पलकों में आशीर्वाद भर।
