From Principal's Desk

Dear Readers,

Greetings to all students, teachers and parents to this new school session. The beginning of the new academic year presents a horde of opportunities for the students to excel in their areas of interests as well as ushers in a new paradigm with the pragmatical approach of the New Education Policy. The horizon beams with endless possibilities.

After the conclusion of the summer vacations, the school will commence its new session from June 12th for classes IX to XII and June 19th for Nursery to VIII. The new academic year, brings with it a set of new challenges and an opportunity to learn. We are excited to have our students back in school for a year of holistic development and hope the students enjoy while learning.

A foundational switch in the methodology applicable to learning can be observed in the form of FNL or Foundational Numeracy and Literacy which pertains to the comprehension of rudimentary reading, writing and mathematics by a child at the end of grade 3. The FNL holds significance as it lays groundwork for higher education. Let's look forward to make a better tomorrow.

Sincerely yours

Jayshree Nair

RAYS

Brighton Kindle

Kindle- Basic Electrical Safety and Repairing

Electrical safety for children is immensely crucial as many items around the house pose a potential danger. The Kindle Activity, a life skill module was conducted in the month of November where students learnt about basic Electrical Safety and repairing like changing the two and three pin plug, cutting wire and joining it in two or three pin plug, taping the wire and fixing the new bulb etc.

Kindle-Composting Activity

A Sterling hands-on activity on COMPOSTING was edified by 'Young Indians Organization' for the Brightonites of Class V. The activity acted as a great tool to nurture environmental consciousness among students about litter decomposition and turning it into compost.

Kindle-Dalgona Coffee Activity

Students of Class VI to VIII learnt a basic yet novel skill of making Dalgona coffee by whipping coffee and sugar exuberantly creating a magical velvety frothy masterpiece rendering a will to try something creative and innovative.

Brighton Lecture Series

Introduction to Design Thinking

Design thinking refers to a creative process for solving problems by prioritizing the consumer's needs above all else. Through this session, the children of class XI & XII were encouraged to look around themselves, find everyday problems and bring out a solution. It was fascinating to see how our Brightonites saw through the veil of these issues and swam through the oceans of their imagination to finally bring out a solution that will also 'sell' in the consumer market.

Financial Literacy

An exemplary session was conducted on Financial Literacy for the students of Class IX by Miss. Sapna Malhotra from Oorja Club on the topic "Lighthouse". The key highlight of the session was educating students about the concepts of personal finance. It empowered and equipped the students with the knowledge, skills and confidence to observe budgeting and savings to achieve cooperative solutions.

Entrepreneurship

Entrepreneurship and innovation help individuals become independent and channel their creativity into creating something of their own in this competitive world. Students of Class XII (Commerce) were vividly well groomed on the topic 'Entrepreneurship' by Mahendra Group of Institutes. The session comprised of subtopics like Entrepreneurial Opportunity, Entrepreneurial Planning, Enterprise Marketing, Enterprise Growth Strategies, Business Arithmetic, Resource Mobilization etc

Picture Reading

To instill the power of visualization among the youngsters of Brighton, the students of Nursery performed a Picture Reading Activity. The young children were made to observe each detail of the picture which assisted them generate the same vibrations around them as a real life experience triggering their brain.

Word Grid Competition

'Words do not fade'. The power of words is immense. A well-chosen word has often sufficed to stop a flying army, to change defeat into victory and to save an empire. To inculcate this power in our young Brightonites, a word grid competition was organized for class III. The purpose of Word grid was to benefit the kids in improving spellings and vocabulary.

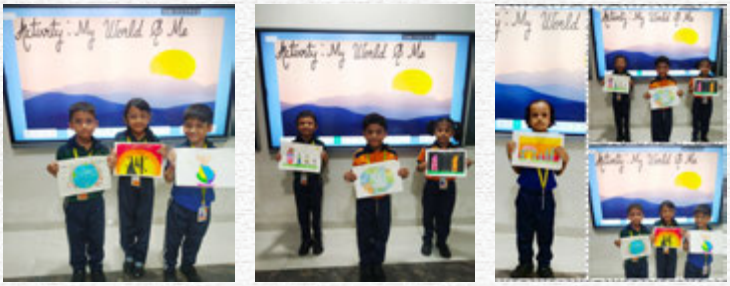

Poster making (My World and Me)

'We design our own world through the colours of our thoughts' This new generation loves playing with colours. Poster is the best way to express views through variant colors and drawings. The dynamic participation of students of class I and II was appreciable; they painted their imagination about their world and themselves appealingly.

Paragraph Writing (Clean India, Green India)

Cleanliness is a state of purity, clarity and precision. A paragraph writing competition was organized for the students of Class IV to introduce the idea of maintaining cleanliness in the country and contributing towards healthier environment through the process of afforestation. The competition was initiated to improve writing skills of the young children and to help them express their thoughts.. It was mesmerizing to see the kids putting in their effort as they penned-down their thoughts about the topic CLEAN INDIA, GREEN INDIA.

Visit to the Library

"A library is not a luxury but one of the necessities of life."The students of classes KGI and KGII made their maiden visit to the library of Brighton International School. The initiative was taken in order to promote curiosity, innovation and critical thinking among the children. Elated juveniles were highly fascinated towards the appealing and enlightening books.

Appreciation Chart

The Appreciation Chart activity aimed to increase the students' self-esteem and encouraged future positive behaviours. Each student took initiative for preparing their own appreciation chart. It resulted in boosting childrens' confidence and groomed their personalities.

Story Narration using Puppets (My Pet and Me)

'A good leader is a good orator too.' The art of storytelling instils virtues in one's mind. In today's era, oratory skills are must-haves which enable one to enhance their self-confidence, linguistic skills and credibility. This activity fostered student's oratory skills and the enchanting puppets made their story more realistic and expressive. The students participated with great zeal and discovered a great storyteller within them.

Skit- Regards for Fellow mates

"A skit is a beautiful way to present one's idea in front of others in such a way that it has its impact on their minds". This activity aimed at enhancing the communication skills and creativity of students to present their thoughts in the form of a skit. Students participated enthusiastically and expressed their respect and regards towards their fellow mates.

Dental and Eye Checkup

Youth Parliament

Class Events

Class Event (Theme : Empathy)

The most fundamental quality that a human being requires is empathy. Empathy inculcates the ability to put ourselves in the shoes of others. Brighton International School organized a splendid class event on the topic EMPATHY where students of Class II came together with stupendous ideas and performances such as dance, pledge, drama etc. which showcased their brilliant perspective on empathy and left the viewers speechless by their mind blowing thoughts and performance.

Class Event (Theme: Twinkling Stars)

The little twinkling stars of Nursery proved that they may appear tiny and gentle but are not less than anyone. They are the bundles of talent and capability. Students looked super excited and their performance had clearly shown us their passion and diligence. The candid dances, songs and play truly mesmerized and left the audience awestruck with cherished memories.

Class Event (Theme : Gender Equality)

'Class Event' is a series of programmes of various coordinated pursuits, each being different in their own unique way. Such an event was held for Class – IV students on a crucial theme of 'Gender Equality'. It comprised of anchoring, singing, dancing, speeches and debates, which helped kids boost their public speaking skills. The undertaking also created a sense of awareness about the gender inequality being faced in the world.

Class Event (Theme : Life of Peasants)

Peasants are the striking souls who nurture the entire mankind with their toil, hearts blossoming with love and intentions dipped in innocence. The young juveniles of class III fondly portrayed these pure emotions to bring into light – "The Life of a Peasant". The students depicted peasants' plight through meaningful and heart-warming enactments. They enthralled the audience with folk dances, songs, skits etc. The hall reverberated with confidence and extreme passion, with which the students' recited their poetic lines. The students delivered brilliant to invoke pride in each one of us.

Class Event (Theme : Colours of India)

The vibrant palette of 'Colours of India' was glittered by the Brightonites of class V. The curtains unfurled the beauty and diversity of Indian culture, festivities, rustic life, dance and music enchantingly. The theme of the event was vastly focused, generated a deep feeling of nationalism. Moreover, it was a treat for the eyes to see the students active, encouraged and confident.

Class Event (Theme : Childhood)

'A child smiles more than 300 hundred times a day, whereas an adult hardly smiles 30 times. 'Childhood' the theme spoke volumes of the innocence, cheerfulness and zest that lies in children. All this was showcased by the tiny tots of grade I through their humorous plays, fabulous dance performances, poetic renditions and energetic presence. It left the audience mesmerized and took them down the memory lane. The ecstatic hues and fancy attires worn by the students enthralled one and all. The parents' joy knew no bounds.

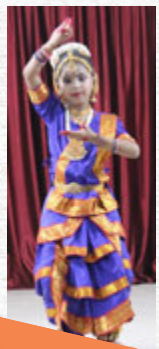

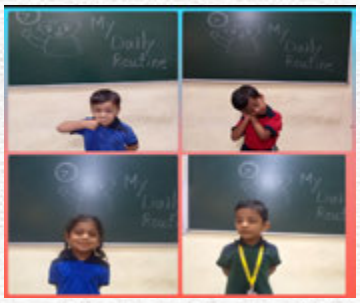

Sharing and Caring (K.G. I)

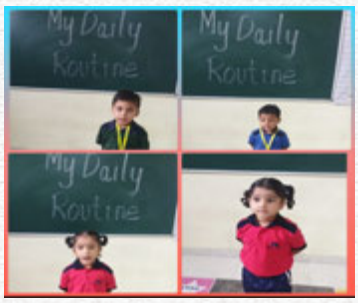

Kindergarten

Elocution (Topic: My Daily Routine)

A daily routine is a crucial part of our life that assists us to utilize our time properly and efficiently. It facilitates children feel safe, develop life skills and build healthy habits. The tiny tots of Nursery and KG-I shared their daily healthy routine of life in an enchanting way to achieve academic goals and targets easily.

Fun with Tongue Twisters

"Peter Piper picked a peck of pickled pepper"
Felt tricky right? This tricky fun called tongue twisters shook the minds and hearts of Nursery toddlers aiming to clarify their pronunciation of words and better their knowledge of rhyming words to make them appreciate sounds.

Role Play (Theme: Birds)

Children's role-playing activities aid in the growth of their cognitive processes to explore, investigate and experiment. K.G-II tots were encouraged to role play characters of BIRDS to imitate them. It aided children to act out and make sense of real-life situations.

Tell a Tale Using Puppets

The activity performed by the visionary preschoolers had successfully developed their imagination and stimulated curiosity. The learners participated with astounding attempt to make it a successful one. The little ones of Kindergarten performed magnificently with awesome zeal handling fascinating puppets, actions, voice modulation and spectacular expressions that impressed everyone.

Fun with Paper Plates

It is only the little ones who know the real meaning of fun. Fun is in the smallest things and this was elegantly showcased by our youngest and cutest Brightonites from Nursery. How amazingly they used something as simple as a paper plate for creating a variety of crafts; each one different from the other in design, colour, and theme. Indeed creativity has no age and fun has no limit. The little ones made us apprehend this altogether.

Diya Decoration

Any art form is the product of creative minds that are free and open to learn. Students of KG-.I & II stirred up their creative juices and came up with exquisitely decorated diyas that won many hearts. Diyas were painted in different hues and embellished with shiny mirrors and dazzling studs got all the limelight. This activity surely allowed young minds to unleash their hidden abilities and garner loads of appreciation.

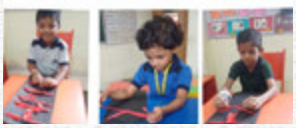

Fun with Paper Plates

Reading Competition

"The more you read, the more you know. The more you learn the more places you will go."
Reading is a valuable trait that enables us to broaden our perspectives and work our minds in different fields. To dignify the same thought in students' psyche an enthralling Reading Activity was conducted for Nursery, KG I and KG II where students showcased their reading skills. All the students participated with great zeal and enthusiasm.

1 minute Balance Challenge

It's a great idea to set challenges for kids. A heart throbbing 1 minute balance challenge was held for the tiny tots of Class II which improved the balancing traits. More prominently it built their confidence and thrilled them as they succeed.

Sing the Jolly Songs

The fun-filled 'Sing the Jolly Songs 'activity enriched the Nursery stars with vocabulary retention, language acquisition and speech development. The rhythm and eloquence of songs unlocked their liking towards music. Nothing could be better than to learn coordination, goal setting and co-operation through music.

Read Aloud

'Reading' is the best tool to develop one's language in a healthy way, At Brighton we make sure, no stone should be left unturned to make our Nursery students 'Reading Experts ' Keeping this in mind, a 'Reading Competition 'was held where Nursery kids expressed themselves and paved the path for their improved language skills.

Picture Talk

'A picture can speak thousand words' was well proven by the young juveniles of KG1 through an activity of 'Picture Talk.' The young minds were commendable and flawless. The activity sparked the kids with many discussions bringing out ingenuity along with fun.

Handwriting Competition (KG I, II)

Narrate a Story with Moral (Hindi)

A scintillating Story Telling activity was organized for the juveniles of KG II. This activity aimed at improving their oratory skills and boosting their confidence to speak in public. Students zestfully participated and narrated wonderful stories with apt morals.

Mask Making Activity

Be it Santa Claus, Christmas tree, candles, garland, plum cake or Santa's hat and Christmas gifts , kids always wonder how the magic of their beloved Santa works. The activity led Nursery, KG-I and KG-II kids unlock their creativity and sense of playfulness by making cute Santa masks to cherish their favourite festival together with loads of fun!

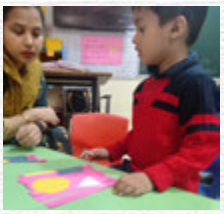

Enact your favourite cartoon character

'The little ones enacted their favourite cartoon character in an alluring way and mesmerized everyone. Children boosted their buoyancy entailing verbal and linguistic skills. The expressions and cute gestures won the hearts and minds of the spectators.

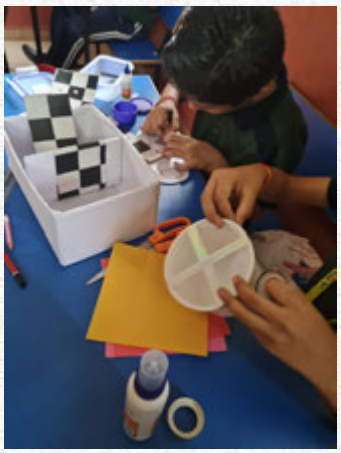

Number Puzzle

Primary Wing

Making Best Out of Waste

Recycle it all, no matter how small! Creativity is making marvellous out of the discarded. Little hands and extravagant minds congregated in a creative burst of "Best out of waste" which was conducted by the students of class IV and V. Students innovated models and beautiful art items from different waste materials. They created an astounding array of display items and daily useful objects such as cups, boxes, sticks, bangles etc. leaving everyone completely impressed. Moreover, they understood the importance of the need to reduce, reuse and recycle.

Mind Squeeze Activity

Kids are the future of our country. Coaching kids about how to think and make sensible decisions is important to survive the challenges in future. A Mind Squeeze Activity was conducted for the young Brightonites of Class-I and II to extract their critical and thinking abilities in an extraordinary way.

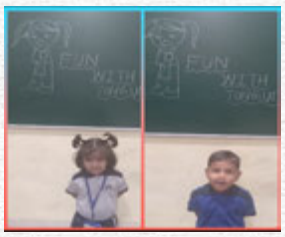

Trivia Track down

Knowledge becomes power only when put into proper use. The amusing activity Trivia Track down challenged the young minds of Class- III to reach out of their ordinary ways and think out of the box whilst, answering certain questions. The pursuit was arranged to sharpen the researching skills of the children and aid their factual knowledge of the recurring study concepts.

Amazing Facts Challenge (Speaking Activity)

"Power comes not from knowledge hoarded but from knowledge shared." Embracing this thought, a frolic activity was conducted for the students of Class-V where the young Brightonites bewildered everyone by dispensing amazing facts not grounded on any one subject matter but on miscellaneous topics. Students participated in the activity exuberantly and successfully attained knowledge from the same.

Dialogue Writing

"Communication is the basis of all the thoughts arising around the globe."

To dignify the same thought 'Dialogue Writing' activity for Class IV took place. The idea behind the whole activity was to enhance the communication skills of the young Brightonites.

My Hero (Speak about the person whom you admire the most) Class III

Diwali Toran Making

The door of our home is decorated with toran to embrace happiness, joy and values that accompany Diwali. An ingenious yet astonishing "Diwali Toran Making" activity was conducted for the pupils of Class- III .Students have gone through the journey of creativity, learning the values of Diwali and the significance of Toran, comprehending our culture and tradition.

"Create a Kindness Calendar."

"We can kill the problems in the society only by Kindness." To keep this thought ignited in the minds of the students, a Kindness Calendar Making Activity was conducted for the Champs of Class V. The activity encouraged children to think about kindness and their role in creating the kindest world.

Elocution (Topic-How to go clean this Diwali?)

"Admiration comes easy to a person who is endowed with the fine art of public speaking, who adorns common thoughts with the grace of elocution and the elegance of style." The elocution competition was conducted for the juvenile learners of Class- II who articulately spoke on the topic "How to go clean this Diwali?" They acknowledged the importance to celebrate an eco-friendly and hygienic Diwali. All the students participated with great zeal and enthusiasm ensuring a treat for all.

Role Play (Theme – Occupation)

Role play is how children make sense of their world, acting out experiences, ideas or stories. Children's role play activity is an assistance in their cognitive and physical growth .The students of Class-I and II were given opportunities to dress up as various occupationists that provided them with alternate realities to real world and encouraged them to have play and fun to develop healthy connections and choices in life.

Vocabulary Challenge

"The limits to my words are the limit to my universe" Learning new words inhibits us to express ourselves in different ways, that's the importance of vocabulary. The activity "Vocabulary Challenge" was conducted to encourage the students to learn new vocabulary. It made the students learn new meanings and the synonyms of words. This entertaining activity helped the students to make their vocabulary strong and clear.

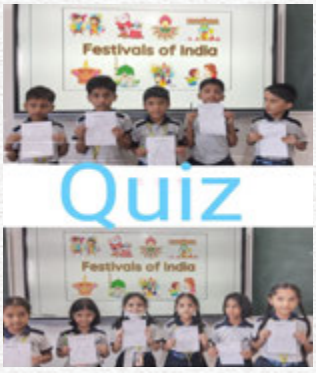

Quiz (Theme-Indian festivals)

From the festivals of colours to the festival of lights, India has numerous festivals as such but do we know enough about them? Knowledge is never sufficient and what could be a better way to acquire it than a quiz, indeed, a quiz was organized for the young Brightonites of Class-I instilling the art of quick thinking, and decision making while teaching them about our tradition, culture and values.

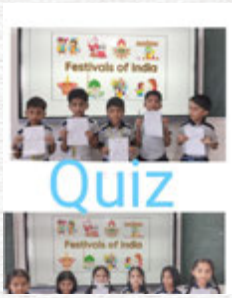

Quiz (Monuments of India)

"Learning gives creativity, creativity leads to thinking, thinking provides knowledge and knowledge makes us great." India is full of the rise and fall of many kingdoms and empires. Almost all states of India boast of some or the other important historical monuments. A mindful quiz was held for classes II and III on the topic " Monuments of India "to support the growth of their mind set and foster the attitude to life-long learning that one aims.

10 Amazing Facts in One Minute

'You can deny the truth but cannot change the fact.'

Brightonites from Class-III sprouted the unusual and unexpected bits of knowledge from the world of History, Science and pop culture in the activity of "10 Amazing Facts in one Minute" that delighted and left the audience astonished.

Rangoli Making IV, V

Noise free firecracker Craft (Class I)

The Green Diwali is a way to celebrate the festival with minimum consequences to the environment. With the motto of saving nature and to introduce a balanced and healthy environment, students of class I participated in the Noise Free Firecracker Craft Activity with a great enthusiasm and zeal. The efforts put forth by the kids were indeed commendable.

Stretch the Sentence

"We write to taste life twice, in the moment and in retrospect." The enchanting activity aimed at providing knowledge to children about constructing clear and meaningful sentences The goal was to help them develop the skill of framing creative sentences and apply it to their own writing leading to develop into effective writers. The students participated ecstatically in the activity.

Guess Who!

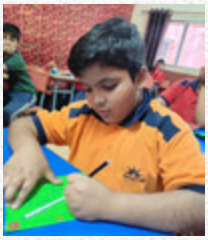

A captivating activity "Guess Who!" was conducted for the diminutive children of Class- I who brainstormed their intellects in order to guess the correct answer. They undoubtedly improved their speaking skills and enlarged their vocabulary, thereby enriching pronunciation and intonation. All the youngsters engrossed themselves exceptionally in the activity.

Create an advertisement for your product

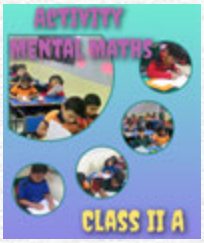

"Good advertisement does not circulate information; it penetrates the public mind with desires and belief." Advertising/Marketing any product can be considered under a skill because it's challenging to convince a person to like your product and buy it. In this enchanting activity the students of class IV and V through their compelling advertisements tried to influence everyone with the ways one should think or change one's mind about a product and present it strategically.

Mental Maths

To ameliorate the concept of digits and more in the students of Class- II brain racking questions were asked to solve mentally and logically. The activity astonished them and aroused their curiosity to learn more.

Blindfold Activity

To ramp up the child's senses A Blindfold Activity was organized for Class- II Brightonites to discover the world around them. It helped the little ones to work more closely as team members and develop a sense of trust and coordination. It imparted the spirit of spatial awareness in the utmost challenging way.

World of Science

Making a working model of a Science project is equivalent to the visual demonstration of the factual life was fabulously displayed in the World of Science Activity. This spellbound activity promoted discovery and learning in the students of class IV and V that nurtured their knowledge and curiosity about the scientific era. The spectators encouraged the kids and appreciated their invaluable efforts.

Vocabulary Challenge

"Vocabulary enables us to interpret and to express. If one has a limited vocabulary, one will also have a limited vision and a limited future." The fun-filled activity of "Vocabulary Challenge" was conducted for the Brightonites of Class- I to enhance their vocabulary and their comprehension towards different words. Undoubtedly, it impacted children's overall writing, reading, listening, and speaking skills which allowed them to understand and connect with the world.

Role Play (Sports Personalities)

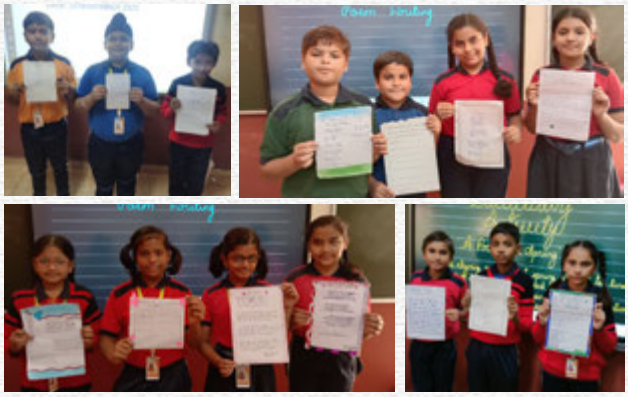

"It's not whether you get knocked down; it's whether you get up." This is the true essence of sports. To encourage this spirit of bouncing back stronger from failure, an enliven activity was conducted for the innovative intellects of Class-III where the young Brightonites role played their favourite sports personalities. It was astounding to witness the students delineate their characters with all heart and soul.

Complete the story

Write a poem with the given words

Write an acrostic poem with your name (Class I & II)

Let's Build a Christmas tree

Building a Christmas tree in the month of December is a calming and relaxing task. To cherish this content and bliss and to celebrate Christmas together, BIS organized a Christmas Tree Building Activity for class III. Every student participated ecstatically leading to an enthralling ambience.

Christmas Card Making

Christmas is a festival filled with swings of joy, loads of festivities and innumerable magical feelings. Sharing these feelings with our friends and family is such elation. Class- II, in supervision and guidance of their respective class teachers, represented this ardour on a Christmas card using their immense creativity as the medium. The cards had the traditional colour scheme of red and green along with some sparkly shades, all of which gave a festive delight.

Leaf Art

"Creativity lies in bringing out unique ideas from the ordinary things around us."The ingenious ideas were splashed in the school premises by the blooming buds of class- III in The Leaf Art Activity. It connected the little ones with nature. The children explored texture, practiced fine motor skills and exercised independent thinking. It was exceptionally delightful to witness them participating with excitement and enthusiasm.

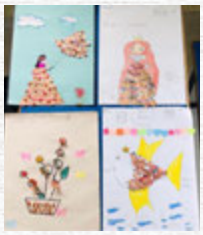

Groundnut Shell Art

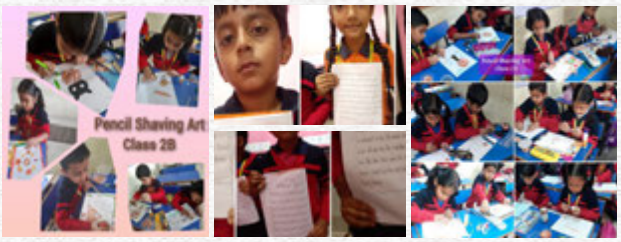

If we are a groundnut fanatic we probably have a bunch of shells that end up in the trash but Class-I tried their hands at creating a DIY fun craft to use those leftover groundnut shells. It was overwhelming to see the creative interest in children. Hope they continue to maintain their interest in making crafts for years to come and help save the environment.

Pencil Shaving Art

The aim of Pencil Shaving Activity was to keep the spirit of creativity awakened among the students. The tiny tots of class II removed shavings from the colored pencils retaining it to create the most ecstatic array of pictures adorned with their artistic spirit.

Handwriting Competition

"Handwriting; an essential skill incredibly motivates students to develop fine motor skills and confidence. This activity inspired the kids of Class-I with an opportunity to display their competency of legible writing. The teeny weenies had put their best foot forward to enhance their writing skills.

Extempore

Extempore is a method of assessing and judging a person's speaking abilities as well as the flow of their thoughts and the manner in which they communicate their views. This activity assisted Class- IV kids in improving not only their soft skills but also expressing themselves without masking their feelings. Students' spontaneous thinking and creative precision mesmerized the viewers and made them pour their heart out.

Tips to Reuse Plastic (Speaking activity)

Reuse the past, Recycle the present, Save the future. An enthralling speaking activity on the topic "Tips to reuse plastic "was organised for class-II. This activity enlightened students with various ways to reuse plastic and to display resourceful and innovative ideas .The activity boosted children's confidence and self-esteem.

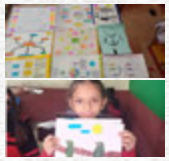

Acrostic Poem

'Poetry empowers the simplest of lives to confront the most extreme sorrows with courage, and motivates the mightiest of offices to humbly heed lessons in compassion'. The budding poets of class I and II sprouted their idea of writing their names' in the form of an acrostic poem. It was amazing to see the little champs developing ideas and choosing interesting words to describe themselves in the form of a poem .The activity boosted their self-esteem as well as creative skills.

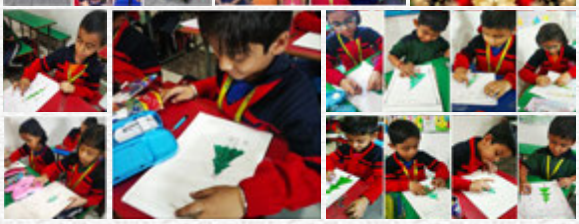

Draw and Decorate a Christmas Tree

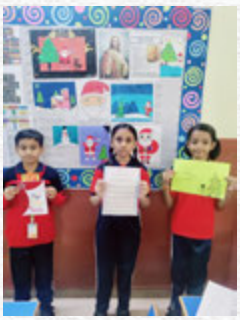

Write a letter to Santa

Sudoku

Senior Wing

Bursting the Sensitive Bubble

"Reactions to events are more important than the events themselves."The activity "Bursting the sensitive bubble" was aimed to see how the students will react when they are in a specific situation. It inspired the students of Class VI, VII, VIII to fully express themselves and lay their reactions and emotions to connect with others' feelings, motivations and intent. The activity indeed led a remarkable experience.

Diya/Rangoli/Toran Making Competition

"Colours of happiness. Colours of unity. Colours of Diwali."
The festival of light signifies the true essence of purity and happiness. The middle school participated actively in this gripping activity of Diya/Rangoli /Toran Making that helped them to imbibe the importance of Reuse, Recycle and Reduce. Children learnt to use variety of products in a creative manner to decorate their house during DIWALI.

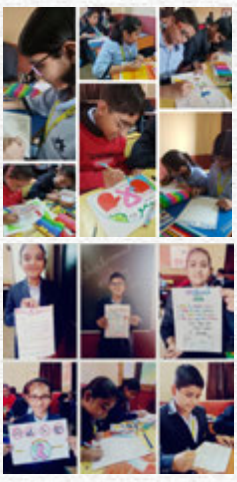

Making Best Out of Waste VI, VII, VIII

"Reactions to events are more important than the events themselves."The activity "Bursting the sensitive bubble" was aimed to see how the students will react when they are in a specific situation. It inspired the students of Class VI, VII, VIII to fully express themselves and lay their reactions and emotions to connect with others' feelings, motivations and intent. The activity indeed led a remarkable experience.

Banner Making Competition

Cancer might just be one of the most feared and dreaded diseases. It is important to step forward towards cancer literacy and knowledge among the population. A banner making activity was conducted for class VI, VII, VIII aiming to create cancer awareness among the students and to dispel the myths about the same. Students voiced their concern in the form of banners teaching about the health and wellbeing to adapt healthy habits early on laying messages of hope and confidence.

Brighton Tank

Brighton Tank was organized for the students of class VI, VII and VIII. The young sharks participated zestfully and presented their creative and innovative start-up ideas. The aim of this activity was to develop the entrepreneurship skills to explore strategic ideas and to present it effectively.

Elocution

Speech is power; speech is to persuade, to convert, to compel". An Elocution Competition was conducted for the students of class VI on the topic 'International days in December 'which aligned students to acquire more knowledge of these special days. Children expressed themselves in a clear and concise manner with apt pronunciation and articulation. The activity indeed excelled students' capacity of communicating with others, with appropriate gestures and posture.

Present Your State in Your Own Way

"A mighty nation is always an assemblage of several smaller units." Likewise, our 28 glorious states come together to form INCREDIBLE INDIA. To promote knowledge of their historic culture, costumes, tradition, beliefs etc. among the kids, this activity was initiated for the Shining Stars of Class VI to VIII. It was exceptionally alluring to witness the students presenting about different states with excitement and zest.

Poster Making Competition (Topic-Etiquettes/Social media bullying)

"Poster is the best way to express our views. A Poster Making Competition was held for the students of Class VI, VII, VIII to bring out the creative expression of students and to gauge their knowledge and awareness on the topic E-Etiquettes/ Social Media Bullying. The students participated with immense zeal and prepared posters effortlessly and communicated their thoughts on the allotted topic.

Digital Literacy

Digital literacy encompasses the skills required to use technology safely, effectively and responsibly. As technology continues to become more and more ingrained in daily life, the importance of learning digital literacy skills is becoming increasingly apparent. A quiz was conducted on the topic "Digital Literacy" for classes VI, VII, and VIII to entail students beyond a process-oriented understanding of technology and apply digital resources creatively in their original work.

Junior's Graduation Day Ceremony

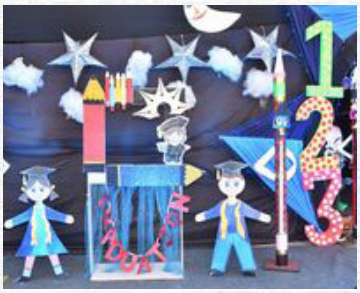

Students' Corner - English

If healthy food was cheaper, people would eat healthier.

Healthy food is very important for us. It provides us with nutrition, protects us from diseases and is way more recommended than junk food. However, many people tend not to buy healthy and nutritious food. Hence, the question arrives: Why do people not like healthy food? Well, it's simple. It's not only because of the taste,it's also due to the price.
Although better, healthy food is a lot costlier than junk food. The reason lies in the way healthy food and junk food are produced. Junk food is available in plenty and is quite easy to make in just a few steps, while healthy food requires a lot more ingredients, attention and is very tricky to prepare. A study conducted in 2013 found that healthy food costs around ₹95 (adjusted to inflation) more than junk food, per day.
However, this must not be the case. If people are trying to reject artificial and inorganic junk food and embrace natural and organic healthy food, they must be paying less. We should simply not be spending more if we wish to sustain a healthier lifestyle. If the government decides to act upon this, it may be a great help. We may see the cost of healthy food fall, while taxes on junk food increase. Then, people would be motivated to eat better,cheaper and healthier food.
So, the need to decrease the price of healthy food is crucial for a healthier population.

Tiring maze

They always had options
This or that, if, but and why
Stuck in the web full of lies
With millions of goodbyes
Every path leading to regret
After choosing either of the ways
You'll still feel sad about it, I bet.
Either it's drizzling or shiny
It's a tiring maze.

Mannat Vidhani, IX-A

I have to fight back!

The world around might be toxic,
But I have to fight back.
People are draining my emotions and energy,
But I have to fight back and recover.
There might be a void inside where silence is poisonous,
And loud outside where a single sound is bothersome,
But I have to fight back, raise my voice and fill the void with joy.
Even if people scar me,
I will retrieve and prove myself.

Aadishree Bais, IX-C

The Day when there will be no Boundaries

The day when there will be no boundaries,
Oh wow, what a phrase.
It sounds like no worries.
No discipline, no limits,
We found ourselves flying up in the sky,
Open wings and no cage side by.
No rules no regulations,
That means the rise of never ending expectations.
Boundaries are important for our life,
Boundaries are compassion without strive.
Boundaries provide us the way where we have to go,
Less anger and never to be slow.
These boundaries in close proximity,
Here we find the success beyond infinity!

Khushi Shadija, IX-C

Collecting the scattered pearls

What does being happy feel like?
The scent of the hot morning coffee
Or seeing the complete dream
Or maybe not leaving the bed at all
Rainy days, muddy hands
And kids playing in the sand
Swinging through all the fret
With no floods of regret
Lit up candles, white linen sheets
The glimmer of the street lights
With stars decorating the sky.
I hope this doesn't turn out to be a lie.
At the end of a tiring day
Lying in bed hoping everything turns out to be okay
Nonchalant in the sleep
Dreaming of the same old scenes

Mannat Vidhani, IX-A

GOODBYES ARE HARD!!!

"You can't start the next chapter of your life if you keep re-reading the last one."

Thinking of my BOARD EXAMINATIONS hits me hard that the familiar faces and places where I have grown so accustomed to over the last ten years would soon be changing. Sitting in my class room, I remember thinking to myself,How did I get here? Somehow, I had grown from a seven -year-old child to a seventeen-year-old teenager. I would be closing a chapter in my life-once filled with exploration, development, struggles, and growth. I have seen my friends, we all journeyed together, watching each other grow through the innocence of childhood, to the prejudices that develop as young adults. While saying goodbye means accepting it as a part of our life that comes to an end very soon. The journey with some may be of five minutes, five years, or five decades, their impact will always be effective.It is yet hard to say thetwo-syllable word "goodbye".Regardless of the circumstances, Saying goodbye means change and change rarely comes along with immediate acceptance.

It's an empowering word, enabling us to achieve closure and ultimately move on with our lives.

PAYAL VERMA, XII-A

Humanity

Humanity is everywhere,
We just have to make people aware
Many hearts are filled with sorrow,
Still waiting for a better tomorrow,
Many humans are itching for humanity
Not knowing they could create it
That's insanity!
Humanity is there,
When for an old lady we leave our chair
In the bus, train and everywhere,
Humanity is there,
When we see an accident don't shoot
In the camera rather take that's person's care!
Humanity is that thing
Which can make men's thought good & fair,
The biggest humanity is inside a mother,
When she does her son's care,
I opened up a book,
The title said "Description of Humanity"
I took a closer look.....
Well damn no one here had any mutuality,
It matters how much we care
How much we share.

Social Media Bane or Boon?

Sometimes I sit
And wonder,
Is Social Media,
A Bane or aBoon?
-As most people see it today,
It's the best way to interact,
Near or far .
It's a great way to showcase our memories
And share them with our family and friends,
It's real fun to try out the new filters,
And hop onto the latest trends.
But hey let's look
On the downside,
People even forget,
They have a real life
Children these days,
Barely show an expression,
Are they just tired?
Or are they in depression?
Empathy and the kindness,
Of people has died.
Oh! How I wish,
It were still alive
-It's impossible to imagine,
A life without phones,
And realize that our ancestors,
Once started with stones.

Zunera, VII-D

MY FATHER: MY HERO

Dear father,
You are trying to become day by day wiser,
As you are my best advisor.
You're truly awesome, you perform good deeds which others think troublesome.
Nothing for you is burdensome that's why everyone calls you winsome.
You never wait for praises,
You are always there to boost
You quietly go on for working
For those you love the most.
You have the ability to admire and appreciate,
You enjoy everything you create.
Dad you know that I want super powers and miraculous deeds
When the cruel world impedes.
But I really never need them,
As long as I have you for me to heal.

Pooja Shukla, XI-C

Believe..

It's the end of the year , full of roller coaster ride,
For all the lessons and all the goodbyes
I'll let this year pass with amazing lies
Taught me to fall and rise again
When everything came, I crumbled in pain
The kid was growing and facing this life
Lost in a path where no one else can see
It's all now left for me to perceive
Just broke me into pieces, was everything that can happen
With some hope in my heart, I'm ready to rise again
And believe me now, it's all in my vein
Life is barely some smoke ring,
Where ignorance is a bliss and time is a thing
Even the book ends with a moral chapter
Let the dark phase pass and believe in next after.

Aditi Dewangan, XI-C

KARMA

"Whatever goes around comes around!" This quote is related to Karma which emphasizes 'Actions'. Whatever actions we do in our life are our karma. It is classified into two types: Good Karma and Bad Karma. If we respect our elders, we are honest, trustworthy, helpful, and polite and we don't hurt anyone intentionally or make anyone feel bad, we are doing good karma but if we misbehave with people, using abusive words, and disrespectful behaviour towards anybody are the examples of bad karma. The karma which we will do, we will get the results accordingly. E.g. Kauravas were ill-mannered, rude and cruel to Pandavas, and as a result of their karma, they were defeated and killed in the Mahabharata battle with Pandavas. If someone is hurting you or making you feel awful, it is their karma, they will definitely be punished by God as the result of their bad karma. So, just have faith in God and do as many good deeds as you can in your life. If you are not judging people and are well-behaved with everyone, you will get good results in your karma. "How people treat you is their karma, how you react is yours".

Ishika Jaisinghani, VIII-B

The Power of Guidance

Once upon a time, there lived a girl named Riddhima. She would always avoid participating in public speaking competitions held in her school because she always thought that she is not capable enough to speak in front of everyone and if something went wrong then everyone will make fun of her. One fine day, her S.St. teacher informed Riddhima that she has to speak a few lines about Chhatrapati Sambhaji Maharaj for assembly. Riddhima wanted to refuse but she respected her teacher a lot, so she requested her teacher to help her improve her public speaking and her teacher agreed. Riddhima was tensed and confused but her teacher motivated Riddhima a lot and also corrected her pronunciation, way of speaking, and body language which made Riddhima gain some confidence. Finally, the day arrived and Riddhimadelivered a wonderful speech, and the listeners applauded.

Moral : We should always obey our teachers as they are the ones after our parents who would always help us to improve.

अद्भुत वीरांगना रानी अवंतीबाई

हम छत्तीसगढ़वासियों के लिए गर्व की बात है कि हमारी पावन धरा पर अद्भुत वीरांगना रानी अवंती बाई लोधी ने जन्म लिया था। वे जानी-मानी स्वतंत्रता सेनानी थीं। अवंती बाई लोधी का जन्म लोधी राजपूत परिवार में 16 अगस्त 1831 को सिवनी मे हुआ था। उनकेपिता का नामजुझार सिंह था । उनका विवाह मध्यभारत के रामगढ़ के राजपूत राजकुमार विक्रमाजीत सिंह लोधी से हुआ था। उनके दो पुत्र थे शेरसिंह और अमानसिंह । राजा विक्षिप्त हो गए थे तब रानी ने राजपाट संभाला । जब सन 1857 का विद्रोह छिड़ गया, तो रानी अवंती बाई ने 4000 सैनिकों की एक सेना खड़ी की और उसका नेतृत्व किया। बहुत वीरता से रानी ने युद्ध लड़ा । अंग्रेजों के साथ उनकी पहली लड़ाई मंडला के पास खीरी गाँव में हुई । बौखलाहट में अंग्रेजी सेना ने रामगढ़ पर हमलाकर दिया था । लार्ड डलहौजी की राज्य हड़पने की नीति जोरों से चल रही थी । 20 मार्च 1858 में रानी दुर्गावती का अनुसरण करते हुए युद्ध लड़ते समय जब अपने आपको चारों ओर से घिरा हुआ पाया तो स्वयं ही तलवार से कटकर अपना बलिदान दे दिया और सदा के लिए अमर हो गई । सरकार ने छत्तीसगढ़ के रायपुर शहर में उनके नाम पर एक चौक का नाम अवंती बाई लोधी चौक रखकर उनकी मृत्यु को भी बहुत सम्मानजनक बना दिया ।

मनकीरत कौर, VIII-B

मेरे पापा सबसे अच्छे हैं...

हम जब छोटे थे
तब पापा खेल-खिलौने लाते थे
अच्छी-अच्छी कहानियाँ सुनाते
और रोज घुमाने ले जाते थे।
कैसे बड़ों से बात करें
और सदा सम्मान करें, यह सब हम
पापा से सहज ही सीखते जाते थे।
डर भी तो होता पापा का
तभी तो समय पर पढ़ने लगते
पापा के आने से पहले
हम सीधे बन जाते थे।
मन के सच्चे मेरे पापा
सबसे अच्छे मेरे पापा
मुझे कोई तकलीफ न हो
इसलिए काम पर जाते हैं।
कहती है दादी मेरी, तुझसे ज्यादा तो
तेरे पापा मुझे सताते थे।
छूट गया पापा का बचपन
कई सपनों पर लग गया ग्रहण
अब मुझ में ही अपने को देखकर
वो फिर एक बार मुस्काते हैं
सपने मेरे सच करना बेटा
मानो हर पल यही दोहराते हैं।
नसीब वाले है जिनके सर पर
पिता का हाथ होता है
हर ज़िद पूरी होती है अगर
पिता का साथ होता है।
हर बच्चे के लिए पिता
एक राजा सा होता है।

अर्चित जड़ेजा, IX-A

सबकी अलग कहानी

बंद करो नफरत का खेल
एक दिन सबको जाना है
क्यों करते हो तेरा-मेरा
क्या साथ ले जाना है?
किसे पता कब आ जाए काल
फिर रह जाएगा मन में मलाल
इसलिए कर्म करो महान
याद रखे जिसे सारा जहान ।
सबकी है छोटी सी जिंदगानी
उसमें छोटी सी सबकी कहानी
अपनी सफलता की कहानी
हमें भी है सबको सुनानी
याद रखेगी दुनिया उसे
जिसने हार न मानी।

श्लोक पारेख, IX-A

'मेरा भारत प्यारा भारत'

नौनिहालों और नौजवानों से चमकता भारत।
आजादी का 75वाँ परचम लहराता भारत।
न जाने कितने बदलावों के साथ चमकता भारत।
नारियों को कितनी कुप्रथाओं से बाहर निकालता भारत।
कभी खेल के क्षेत्र में, तो कभी राजनीति में,
कहीं ग्रामीण क्षेत्रों में, तो कहीं शहरी इलाकों में, नारियों की प्रगति का परचम लहराता भारत।
आजादी का 75वाँ अमृत महोत्सव मनाता,
मेरा भारत प्यारा भारत।

इशिका डोए, VII 'A'

डटकर चल...

जीवन में कुछ करना है,
तो डटकर चल।
थोड़ा दुनिया से हटकर चल।
भरोसे पर तो सभी चलते हैं।
कभी इतिहास को पलटकर चल।।
बिना काम के मुकाम कैसा?
बिना मेहनत के दाम कैसा?
जब तक ना हासिल हो मंजिल
तो राह में आराम कैसा?
लक्ष्य सामने है,
बस उसी पर अपना ठिकाना रख ।।
सोच मत, साकार कर ।
अपने कर्मों से प्यार कर।
मिलेगा तेरी मेहनत का फल
मिलेगा तेरी मेहनत का फल ।।
