From Principal's Desk

Dear Readers,

Welcome to "this" edition of RAYS, a magazine that serves not only as a chronicle of our achievements but also as a testament to the fruitful pursuit of innovation and creativity that drives our scholars. As we immerse ourselves in the vibrant narratives and captivating artwork showcased in this edition, we are constantly reminded of the diverse talents and unique perspectives of our students.

We extend our gratitude for your role in this remarkable journey. May the offerings of this edition of our school magazine kindle your creativity, nourish your dreams, and motivate you to soar to greater heights.

Here on we wind up our session 2023-24 and eagerly look forward to have you all on board while embarking into session 2024-25.

Best wishes

Sincerely yours

Jayshree Nair

Youth Parliament

"Brighton International School Shines Bright at Youth Parliament"

The hallways of Brighton International School were abuzz with anticipation as Brightonites of Class-XI & XII prepared to take on the roles of future leaders at the Youth Parliament held on 6 October 2023. The Youth Parliament, organized by the students of XI & XII, was a testament to their commitment to understanding governance, democracy, and the art of constructive debate. They embraced the roles of parliamentarians, ministers, and opposition leaders with zeal and determination. They delved into complex issues, from education reform to environmental sustainability, with a depth of understanding that left everyone in awe. Their speeches were not mere recitations; they were powerful expressions of their beliefs and convictions.

The Youth Parliament served as a platform for these young minds to shine. Their brilliance was not just in their words but in their unwavering dedication to the democratic process. They demonstrated that the future of our nation is in capable hands.

As we reflect on this inspiring event, it is clear that the students of Brighton International School have taken a significant step towards becoming responsible and engaged citizens. The Youth Parliament has ignited a spark within them, a commitment to making positive changes in society.

Career Fair

Brighton International School, on 3 October 2023 orchestrated a career fair with the complicity of 40 eminent colleges and universities for the students of IX, X, XI & XII. It featured interactive workshops, seminars and one-on-one sessions with professionals from different fields, allowing students to gain a deeper understanding of various industries and their requirements. The career fair was a valuable platform for students to explore their interests and the speakers addressing the students illuminated various path ways for them to explore academically. It showcased the school's commitment towards shaping well-rounded individuals who are prepared for the challenge of the real world.

Mind-Spark

"Brighton International School Shines Bright with Mind-Spark Inter-School Competition 2023"

Brighton International School hosted the highly anticipated Mind-Spark Inter-School Competition on 13 and 14 October 2023, bringing together young talents from various educational institutions filled with creativity, innovation and friendly competition. The atmosphere was charged with enthusiasm and intellectual energy as students engaged in a diverse range of competitions for a span of two days. The competition featured a myriad of contests, from academic challenges like quizzes, debates, poem recitations, role plays to cultural events including musical band, folk dance, and art & craft. It provided a platform for students to explore and apply their technological skills, in Scratch Match, Py-Logic and Design.com. The ambience electrified as young athletes displayed their prowess in Volleyball and Cricket on the field, and the audience cheered them with unbridled enthusiasm.

As the event concluded, the winners were awarded for their outstanding performances, and all participants left with a sense of accomplishment and inspiration to continue pursuing their passions and talents. The overall championship trophy was bagged by Delhi Public School. The Mind-Spark proved to be a remarkable celebration of education, creativity, and talent, leaving a lasting impression on all who attended. The success of the Mind- Spark is a testament to the dedication of Brighton International School to foster holistic development among its students and to promote the spirit of healthy competition.

SPECIAL ASSEMBLY

Navratri

Students of class-IV conducted a special assembly dedicated to the joyous festival of Navratri. Dressed in an array of colorful traditional attire, the children radiated the essence of Navratri with their vibrant costumes, adding an extra layer of festivity to the event. The cultural significance of Navratri was beautifully depicted through various performances, including dance and skits. Students brought the stories of goddesses and the triumph of good over evil to life, captivating the audience with their innocence and exuberance.

Special Assembly (C.G. Foundation Day)

The students of class-III organized a special assembly to celebrate Chhattisgarh Foundation Day. The assembly showcased the young minds' dedication to honoring and understanding the history and culture of their home state and demonstrated the power of education in fostering a strong connection to one's roots. The special assembly served as a reminder that even the youngest members of the community can play a significant role in preserving and promoting the cultural heritage of their region.

Kindle

Jam Making

Engaging students in hands-on activities is a fantastic way to make learning fun and memorable. For the enthusiastic Class VI-VIII students, a unique and exciting endeavor was undertaken – the Kindle Activity of Jam Making. This activity not only provided a delightful experience but also imparted essential lessons in science, teamwork, and creativity.

CLASS EVENT

Sharing and Caring

The little munchkins of KG I celebrated the spirit of "Sharing and Caring" in their class event through dance, drama, speeches, and shared moments of joy. The students demonstrated that even the smallest gestures of kindness can have a profound impact. The event not only showcased the talents of the budding stars but also moulded the hearts of everyone present, reinforcing the values of compassion and togetherness.

Class Event (Childhood)

In a heartwarming celebration of innocence and joy, Class-I organized a delightful event centered on the theme of "Childhood." The event showcased the creativity and enthusiasm of the students as they presented an array of songs, dances, poems and artistic forms that captured the essence of this cherished phase of life. The atmosphere was filled with exuberance as the young participants took the stage, adorned in vibrant costumes that reflected the spirit of childhood."It was truly a delightful experience to witness the performances of the young ones who served as a reminder to appreciate the simple joys of life that we often overlook.

Class Event (Science Vs Superstitions)

The captivating event themed "Science versus Superstitions "organized by grade VI Brightonites was a perfect blend of education and entertainment, featuring a skit, street play, song, dance, speech, and poem that highlighted the clash between scientific understanding and age-old superstitions. Students showcased their immense potential and enthusiasm by displaying different science and robotics models. The science versus superstitions extravaganza not only showcased the talents of the students but also left a lasting impact on everyone present, encouraging a shift towards a more rational and evidence-based worldview.

Class Event (Shining Tiny Tots)

The little Brightonites of Nursery had put on a mesmerizing performance during their class event on the theme 'Shining Tiny Tots' that aimed to celebrate the unique brilliance within each child, allowing them to express their creativity and individuality. The little munchkins were full of energy and enthusiasm as they danced and sang their hearts out. The stage was adorned with shining stars, adding a vibrant touch to the overall presentation. The little ones captured everyone's hearts with their adorable performance. The event concluded with a shower of applause, acknowledging not only the children's efforts but also the nurturing environment that encourages their growth and self-expression.

Christmas Celebration

In the magical realm of kindergarten, Christmas is a symphony of laughter, song, and innocent delight. The ambience filled with mini Santas, twinkling trees, and the echoes of joyful carols, became a cherished memory of a festive celebration for the tiny tots of kindergarten, where the spirit of Christmas was embraced with the unbridled enthusiasm of the youngest hearts.

Sparkles

SPARKLES : The Students Festival

Brighton International School hosted its annual event, a vibrant celebration titled SPARKLES "The Students Festival" held at the Dindayal Upadhyay Auditorium. The dazzling celebration centered around the theme of cultural brilliance, featuring mesmerizing dance performances that showcased the diversity of India's traditions. The festivities commenced with the traditional Lighting of the Lamp ceremony, symbolizing the dispelling of darkness and the ushering in of knowledge. The event was graced by the presence of the chief guest, Padmasree Madan Chauhan ji a renowned Sufi singer of C.G. in the Morning and Shri Manoj Verma Director and Film Producer of Chhattisgarh in the evening.

The Cultural Bonanza unfolded, showcasing a vibrant array of performances reflecting the rich diversity of Indian festivals. From the rhythmic beats of Garba to the soul-stirring Ganesh Vandana, the stage came alive with the spirit of Janmashtami, Rakshabandhan, Diwali, Christmas, Pongal, Bhangra, and Mahashivratri. The much-anticipated Prize Distribution ceremony recognized and honored the outstanding achievements of students across various disciplines, motivating them to strive for excellence in the upcoming academic year. The captivating Brighton theme song encapsulated the essence of the event, resonating with the collective spirit of joy and unity that Sparkles brought, leaving behind cherished memories for the entire school community.

Health Week

Brighton International School organized a vibrant Health Week, dedicated to nurturing the well-being of its students. Throughout the week, a variety of activities aimed to instill healthy habits and promote a holistic approach to wellness. From invigorating fitness sessions like zumba, marathon, yoga challenge to health-based quiz, elocution and debates, the school provided a diverse array of experiences. Students actively participated, gaining valuable insights into maintaining a balanced lifestyle. During the health week for primary students, a comprehensive dental and eye check-up initiative took center stage, promoting overall well-being among the young learners. Dental professionals conducted thorough examinations, emphasizing oral hygiene practices and providing valuable tips to young learners. Simultaneously, eye care specialists performed screenings to identify any visual impairment. The session not only addressed immediate health concerns but also fostered a culture of preventive healthcare.

Juniors' Graduation Day Ceremony

Brighton International School celebrated a heartwarming Graduation Day for the bright and enthusiastic Kindergarten II Brightonites, symbolizing the transition from early childhood education to the next chapter of academic exploration. Dressed in adorable graduation caps and gowns, the young graduates radiated joy and excitement. The ceremony commenced with a sense of pride as the tiny tots confidently walked on the stage to receive their well-deserved certificates. The programme featured delightful performances by the Nursery and kindergarten kids, showcasing their talents in dance, music, and drama. Parents and teachers applauded the young achievers, celebrating their achievements in a nurturing environment. The event marked a significant milestone in their early education journey, creating memories that will be cherished for years to come.

EVS Exhibition

The Brightonites of Kindergarten organized EVS exhibition, showcasing their knowledge and understanding of Environmental Science. The exhibition was a culmination of the students' learning throughout the academic year. The young Brightonites had worked diligently on various projects, ranging from creating models of different habitats to demonstration on health and hygiene. The exhibition was adorned with the creativity and confidence of the students. It was a proud moment for the students, teachers, and parents who witnessed the passion and dedication of these young learners.

Students' Corner - English

Wishing Under the Sky

Reminiscing about my glees and sorrows.
The cold raindrops fell on my shoulder.
The fast blowing wind took all the dust away,
And I wished it could take me away too.
I looked up at the sky,
It never had ever appeared so dark.
I wished this darkness could engulf me.
The feeling of having it all taken away from me,
somehow gave me a sense of relief.
The rain, ever so violent.
It looked like it was in pain,
And could do nothing but weep it all out.
I wished, I too, could express my sufferings and
cry all I want, without the fear of judgment.
The clouds clearing,
Shades of blue painting the sky,
And the scorching heat of the sun was back at it again.
It looked like the rain had started feeling better after all.
I wished I could feel it all too.

Anupriya Kumari, IX-A

Tears for yesterday

In the morning's gentle embrace,
my mother entered my room,
Her voice, a loving scold, urging me to nourish myself.
But I, lost in my own world, brushed her aside,
Thinking it all as meaningless, I must confess.
Now, I ache for those moments.
Her laughter, a melody in my heart.
Her cooking, a taste of pure love.
Her scolding, a reminder of her care.
Her everything, the foundation of my life.
Could I have been kinder to her?
Could I have whispered my grievances with a softer voice?
Could I have lightened her burden with a helping hand?
While I dwelled in my selfish cocoon, she was selflessness
embodied.
While I hesitated to share a piece of bread,
she went hungry, her frail body craving sustenance.
Regret haunts my soul each passing day.
All she did, she did for me.
But I failed to see the depths of her sacrifice,
And now, all I can do is mourn.

Anupriya Kumari, IX-A

The Role of Music in Healing and Therapy

Music is a profound reflection of human emotions. Have you ever wondered why, when we're happy, our instinct is to turn to music? Or why, when we're sad, the lyrics of a song often seem to resonate with us in ways that words cannot? This is because music possesses a unique ability to elicit and convey emotions. Elements like melody and rhythm serve as catalysts for emotional responses within individuals. In therapy, this connection with music is harnessed to assist individuals in exploring their emotions. Furthermore, music plays a crucial therapeutic role in stress reduction. Listening to calming music can effectively lower stress hormone levels, especially for individuals dealing with anxiety. Moreover, it serves as an essential component in helping patients, particularly those with autism, to enhance their social skills and emotional expression. In conclusion, the role of music goes well beyond mere entertainment. Its remarkable ability to reduce stress and manage pain makes it a valuable asset in the field of healthcare, providing comfort and healing to individuals of all age groups. As research progresses, the therapeutic impact of music holds the promise of bringing hope and relief to many in need.

Ashviqha Sachdeva, IX-E

A Glimpse of Perfection

In his radiant smile, like the sun's embrace,
His voice, a joyous melody, a tender grace.
A treasure hidden deep, like pearls in the sea,
He flutters like a butterfly, in him, perfection be.
The epitome of beauty, in every way,
He's everywhere, everything, night and day.
He is Krishna, divine and supreme,
In his name, we find solace, in every dream.
In Krishna's aura, serenity does bloom,
With love, he dispels every speck of gloom.
His teachings, like a guiding star so bright,
Lead us towards truth, in the darkest night.

Anupriya Kumari, IX-E

India's Success Rate in the Space Race

"India is on the moon". The hard work and dedication of the scientists of ISRO and the stupendous achievement of the Indian Space Research Organization [ISRO] has made every Indian proud. Dr. Vikram Sarabhai, the father of the Indian Space Program envisioned the formation of ISRO. From launching a satellite on a cycle to become the first nation to land on the south pole of the Moon, India has come a long way. On August 23, 2023, Chandrayaan-3 landed on the south pole of the moon making India the first country to accomplish this. ISRO achieved this just with a budget of Rs.615 crores which is comparatively a meager amount as compared to the budgets of the other leading nations of the world. Now ISRO is moving forward with its more upcoming missions. It has already launched one, Aditya-L1. It is India's first space-based solar observatory. The next upcoming missions of ISRO is- Gaganyaan 2, which will be a man mission. It is stated that "we want to open up space for humanity, and in order to do that, space must be affordable". And we can clearly see that India is on the path of making space affordable. The day is near when India will be leading the world in the Space race.

The Influence of Family Dynamics on Personal Development of a Child

Family is the primary influence on shaping a child's beliefs, behavior, and overall personality. Interactions within the family play a pivotal role in influencing personal development. For example, parents who are nurturing and set clear boundaries often raise emotionally stable children, while permissive parenting may lead to a lack of a sense of responsibility. Similarly, sibling interactions teach cooperation. Birth order can significantly influence a child's personality, with firstborns often exhibiting a strong sense of responsibility, and later-born children tending to be more sociable. Poor communication within the family can hinder the child's ability to express their needs effectively. During their teenage years, children require support, and family support during adolescence can greatly affect their ability to cope with stress and change. Children often look up to their family members as role models, and the family's attitude towards work and education can significantly impact the child's goals and aspirations. In conclusion, the relationships, communication patterns, and experiences within the family shape a child's mental, emotional, and social development. Recognizing the impact of family dynamics on a child's development underscores the importance of fostering a harmonious and supportive family environment. A positive family environment can encourage children to thrive, while challenges in family interactions need to be addressed to ensure the child's well-being.

Ashviqha Sachdeva, IX-E

Buy my Mom a House…

Sometimes the world sits heavy on my shoulder
But there's always been someone making it feel lighter
When there's a lump inside my chest more like a boulder
And it's too much
Sometimes I put myself to bed before the sun's down
Cause' if I keep on treading water then I might drown
But there's that voice that's always been a little more loud
Saying "Get up"
She raised me to be Resilient
So if I'm half the woman she is, I'll be proud
She's the whole reason I haven't thrown the towel in
She believed when everybody had their doubts
Loved her fully even when I wouldn't show it
So the second that I can, I am gonna show her
Good things come around
Oh the second that I make it where I'm going
I can finally pay her back
I'm gonna buy my Mom a house.

Aishwarya S. Pillai, X-A

Freedom of every girl's life

In the garden of my life, you're the bloom,
A symbol of freedom, in every room.
With eyes that shine like the morning sun,
You teach me that freedom is being one.
With each step you take, and every smile,
You remind me to savor life for a while.
In your laughter, I find the sweetest song,
A melody of freedom, all day long.
Your spirit soars like a bird in flight,
Guiding me through the darkest night.
In your presence, I find my way,
Embracing freedom, come what may.

Jaina Jain, IX-D

Life of a student

When will the child be free, like a bird on a tree? Today he has no time to stand and stare. The clock ticks when the child rushes from home to school, traversing several kilometers in the school bus. The ordeal does not end there. "And miles to go before I sleep," he says as he moves from tuition to TV to computer games and finally to the next day after a brief rest. His working parents also sometimes have no time to spend with him. These days, tough competition has made him run for marks; he has no free time to enjoy with his peers. I only hope that the golden era will be back with the new education policies being implemented.

Mukul Sahu, XII-A

Incredible India

OH! The wonderful beauty of
Himalayas, "Puzzles me"
The Rajasthan Thar Desert, "Sweats Me"
The music of Hindustani and
Carnatic, "Wonders Me"
The land of great national leaders
and Genius "Pleases Me"
The Gateway of India opens a way
for love and affection;
India is a country of humanism and
non-violence
Which acts against terrorism
Oh my India! Incredible India!!!

Aditi Dewangan, XII-C

The Beauty and Mystery of Nature

In the meadows, where flowers bloom
A harmony of colours sing
Beauty rests in nature's room.
Through the canopy of green leaves
Whispers carried on the breeze
Mystery dances never grieve.
A sunbeam filters through the trees.
Golden hues of warmth embrace
Nature's secrets are kept with ease.
The river flows with a liquid grace.
A mirror of the world around

Pooja Shukla, XII-C

The Strongest and the Best Behaviour of Time

"The most strict yet important and perfect teacher of one's life is TIME itself."

Life can be understood to most of us as 'time' is very strict; it punishes us even for our smallest mistakes, but every negative aspect has something positive as well. 'Time' is our best teacher; it always teaches us how to survive in a society and is always there to make us a better person.Most of us often get upset and feel depressed by the functioning of our time, but everything we see is not always true. We think that time punishes badly. What if it makes some positive improvements in us?

"Time flies over us but leaves its shadow behind".

Our precious time is not as we think it is; it is something strange, indeed very strange. It gives us reason to live. Let's take an example to understand it. You must have heard the name of Dr. Stephen Hawking, one of the most popular physicists over the past decades. He got motor neuron disease when he was just 21. Doctors said that "he would die in 2 years," but he had hope and reason to live, which were taught to him by his time.He was saved from the mouth of death because of his love for his family and his thirst to do something in life.Thus, instead of blaming time, we should rather learn from it.By realizing just this, we can shape our own destiny; that's why it is true.If focussed on the positive nature of time one's life can pass as smooth as butter.

Disti Vaghela, XII-A

2023 Cricket World Cup

The tournament was hosted by India, started on October 5, 2023 and ended on November 19, 2023.

This Highly competitive tournament is being played amongst 10 teams battling towards lifting up the world cup trophy. The teams were - India, South Africa, Netherlands, England, New Zealand, Australia, Pakistan, Sri Lanka, Bangladesh and Afghanistan.

The hype for the matches of the World cup were truly unmatchable. The ranking in the cup depended on a point table system based on the overall statistics of the team in every match.

The live watching for the India VS Pakistan match went up to 3 crores. Clearly showing the patriotism and support of both the countries towards their respective teams.

The teams were well prepared and better than ever, the audience were extremely curious for the final results of the tournament and for the table toppers.

"If people chose competing in sports rather than battling in war to resolve conflicts, there would be no blood or chaos"

Dikshant Dubey, XII-C

The 3D'S

3D's: What are these 3D's? The question arises:

3D's include the three most important aspects of success: Discipline, Determination, and Dedication.If a person is disciplined, determined, and dedicated to his goal, he can easily acquire success.

Discipline: Discipline is the most important aspect. It inculcates strong habits that are useful in every situation we face. It means obedience to rules. A disciplined man lives an orderly life and is a successful man. If there are no rules, no plans, or no order in life, then there will be confusion. In sports, the player should obey the captain and follow the rules and regulations, so that they can work as a team. Discipline is the habit of acting in accordance with certain rules. Also, a nation can rise only if its people know the value of discipline in life.

Determination: If someone is determined to do something, he can achieve it. Strong determination is a key to success. If someone decides to do something, he must put in all his efforts to do that work.Determination leads to discipline, and vice versa. If someone is disciplined automatically, he will become well-determined regarding his goals. Determination leads to confidence and in turns to success.

Dedication: Devotion towards any work is required to make any project or work successful. People who are dedicated complete the work with good results. Determined and Disciplined people automatically get dedicated to their work.

All the above 3D's-Discipline, Determination, and Dedication-are interrelated, and if a person acquires these qualities, he will undoubtedly become successful in life.

Mrinank Kumar, XII-A

The Judging Glass

If you are surprised
Mirrors can speak words.
'Such a long neck, such crooked teeth'
Like a punishing voice from within.
'Who will befriend you with all these scars?'
But I want you to know that you are a superstar.
What you need to learn
Is to solidify your heart.
No polished metal understands how pretty
our skin, bones and muscles actually are.
Remind yourself that you deserve more than
The ugly words of the looking glass.
Apologize to yourself for listening to its unpleasant words
Remind yourself that you are the fairest in this world.

Mishika Deheri, VII-C

A Rainy Day

It was a rainy day,
I wanted to play.
I wanted to eat something hot,
I had to wait a lot
When, I tried to learn a new word,
I saw an elephant's herd.
I tried to pass my time through dancing
But, my brother started bouncing
The day passed vast
And, I loved it at last

Sanvi Kshatre, VII-C

Self love

S - self love is the key
E - essential for our glee.
L - love yourself like you love no other,
F - fall in love with yourself with joy and little laughter.
L - love everyone, but your first priority should be you,
O - ought to give yourself a little time to
V - vow to be the best and love yoursel
E - embrace yourself 'cause self-love h its own worth and wealth.

Parishitika Sahu, IX-C

Mental Maturity and Teenage

Teenage, also known as the period of adolescence is the time when you undergo various emotional, physical and mental changes. These changes are crucial to life. Now the time has come when you have to become mature; physically and mentally. In spite of various gradual physical changes, it is important for you to tackle and handle the mental changes to various queries related to life pops up which include your life, self esteem, future, family etc. You keep asking yourself who truly I am? What if I wouldn't be able to do anything in future? Actually, these questions never end and even make you bewildered. You become confused, irritated and frightened. And, the biggest mistake you make is that you don't tell this to anyone, even your near and dear ones. This makes you feel tense, lonely and sometimes depressed. This may be suicidal. Now, the question raises, What is the solution? So, the solution is simple but may make you feel a little hesitant, but communication is the solution to this problem. You should cheer yourself up by doing good things you like, stay away from bad habits and one more thing, every night before sleeping, just smile once and thank god for everything you have in spite of blaming him for your problems. This is the answer for all your questions and the key to mental maturity.

Aastha Sharma, VIII-D

A WORLD SO RARE

War brings destruction, as a saying so
A story of sorrow and despair of people unknown
The place fills with the fragrance of grieve in air
As cities burn, and hope shatters there.
The people weep, as their loved ones go,
To fight in wars, that should not be,
Their tears are dried, by the winds of war,
As they face a future, that's unsure.
The green fields now scarred and bare
A landscape of despair, a world so rare.
The blood of the fallen, the tears of the brave
A sacrifice made, a debt we must crave
The memories of peace, a dream we once had
Is now lost forever in this barren land.

Arundhati Raghuvanshi, X-D

Raksha Bandhan

Known as Rakhi
A bond between a brother and sister
Celebrated with joyous anticipation
And has a beautiful participation
Love is generated through messages and letters
With a thread designed with feathers
Dancing and glancing together on the moon
Playing with stars which spread light along the room
Sunshine passing through curtains make this festival bright,
People gazing at each other in light
This is the festival celebrated with emotions of love & gay
And create memories in an indelible and long-lasting way.

Sanvi Kshatre, VII-C

Different kinds of Fiber

Here know about natural fiber,
Or synthetic fibers like nylon or polyester.
The fluffy wool worn in winter,
For heat, it is a good insulator.
The smooth and shiny fabric,
That is silk, which is fantastic.
In the summer season, with the burning sun,
The breathable fabric can be worn that is cotton.
The bags and long ropes of jute,
is obtained from the stem but not from the root.
The long lasting synthetic fiber,
They are nylon, rayon and polyester.
The jeans are so comfortable,
that is denim which makes it so durable.
Silk sarees are lustrous and pretty,
Try one silk saree, with a lot of curiosity.
The fluffy woolen sweaters,
Wear it for the cold winters.
The jute ropes are useful and long,
they are durable and strong.
There are many fabrics available,
For every weather, there is a fabric comfortable.

Vanya Agarwal, VI-B

A reader's guide to read

Many of you may know about books and would love to read them, but there are thousands of questions that arise in our head. Such as "How am I going to finish this? Is this even my top pick? Do I feel content reading this? Is it age appropriate?". So to clear such doubts and misconceptions, I am going to share some of my most precise tips to read.

First and foremost, I'll teach you how to pick up a book. So when you enter a library or a bookstore, look for shelves that interest you, give you the 'this one's for me" vibes.

Search for the genres you like to read, for example "English fiction". Then pick out a book which catches your mind, it can be due to its catchy and fascinating headline or its cover but nevertheless, don't judge a book by its cover. Then go ahead and read the prologue and the back cover, if it catches your attention, then you know it is the right choice for you. Consider this part as the most important as there is no turning back after this point.

Also check its age rating, if it is according to your age then only get it. This is an essential part of the process too. For people of our ages, I'd like to recommend Sudha Murthy, Enid Blyton and J.K. Rowling.

After you've bought the book, I'd recommend you to get into reading it the right way, so that it builds up your interest towards the book. You should be picking a book that is fun and provides you with a lesson.

Also, you should annotate the book and highlight the important information such as plot lines and actions. This helps you recall the crucial parts.

You should be a consistent reader, you should not leave the book after reading a few pages. It directly disrespects the book and its author who wrote it with so much dedication and determination. So, always remember that "Consistency is the key to reading.".

You should read a book thoroughly and properly. It may take you more time if you are new to reading. Suppose for someone who is a new reader, it might take them a month to read a thin novel, but it's alright you should take your time. The thing that matters the most is if you are learning and comprehending something from it.

I have come across some trends in which a person reads a book in about a day or so. This should not be done as if you are reading this fast, you may not be able to recall it later or remember about it. You should read with ease and be relaxed while reading.

So now I will conclude this article. I hope that it definitely inspired you to read more and more. According to me, Reading should be calming and mind refreshing. It shouldn't be taken as a burden or responsibility.

So in the end I'll say 'Keep reading and spread knowledge to all."

Nishtha Joshi, VII-F

Passion

No matter what,
Follow your passion.
Time is not left,
So start building your mansion.
Go, get on your track,
'cause there's nothing you can't do.
Somethings in you may lack,
And you need to work on that too!
Your passion will get you success,
While your success will also come from determination and hard work.
Just go and work hard to not make your future a mess,
Because everyone can achieve it through their effort.

Parishitika Sahu, IX-C

Always Keep Trying

Life is a beautiful ride,
All around the worldwide.
Learning new things,
Growing up the wings,
To fly through your dreams.
Failure is not the end,
It's just a message which God sends
That next success stands.
Never lose hope,
Comfort is a slippery soap.
Hold your efforts tight,
And sit upright.
Always keep trying,
And never stop even if you are sighing.

Anshika Jha, VI-E

The Planet of Our Dreams

In this world full of greediness,

Come on! Let's go far away.

In a place where everyone will live with peace and harmony and where no one will be unequal,

Come on! Let's make our earth a heaven to live on,

And work together to make every possible effort for this moment,

Come on guys! Come on!

Let us make our earth a planet,

Where everyone lives happily in a jocund company with equal rights,

And make Mother Nature, our best friend.

Come on guys! Come on!

Satyam Shrigopal, VI-D

Loneliness: Finding Solace In Solitude

There's a difference between being alone and being lonely. Being alone can mean being on your own without the company of others but being lonely means feeling isolated even when you're in the company of others. One is a choice while the other is a void which craves companionship. Being lonely for too long can often distance you from others, it can make you doubt yourself and often trigger emotions like anger or frustration. Conquering loneliness may not be easy but taking small steps matters. You should first try to get to know yourself, try to find out what it is that your heart desires and what are the things you like in yourself. Share your feelings with others, reach out and ask for help when needed. Remember, asking for help does not make you look weak; in fact, its impact is quite the opposite: it displays strength and courage in you. Be your own best friend, shower yourself with self-love and practice the art of empathy. Keep in mind, you are never alone in your hardships, and you are not the only one suffering. Imagine loneliness like a drop of rainwater, it may seem isolated but it's all just a part of a bigger thunderstorm happening. Similarly, we are also part of a connected world of sorrow and joy, whose cycle is never ending.

Zunera Firdaus, VIII-D

G-20 Summit

Personally, I think that the G-20 Summit Held in India had its own pros and cons which I would like to discuss.

The Pros are:

1. **Economic Opportunities** : The summit provided India with significant economic opportunities, such as trade agreements, foreign investments, and collaborations in various sectors, contributing to economic growth.
2. **Global Cooperation :** It promoted international cooperation and diplomatic relations, fostering dialogue and partnerships among the world's major economies.
3. **Environmental Initiatives** : India's emphasis on sustainable development and climate action was a positive aspect, highlighting the country's commitment to environmental responsibility.
4. **Cultural Exchange** : The summit showcased India's diverse culture and heritage, promoting cultural exchange and understanding among the participating nations.
5. **Inclusive Agenda** : The summit included discussions on global health, gender equality, and social welfare, reflecting a commitment to addressing broader global challenges.

The Cons are:

1. **Environmental Concerns** : Despite environmental initiatives, there were concerns that the focus on economic growth might lead to increased pollution and resource exploitation.
2. **Security Measures:** Extensive security measures inconvenienced the local population and disrupted daily life in the host city, leading to criticism.
3. **Digital Divide** : The summit highlighted the digital divide, with calls for more equitable access to technology. Critics argued that not enough concrete measures were taken to bridge this gap.
4. **Inequality** : Some critics argued that the benefits of the summit might not reach all sections of the population, potentially exacerbating income inequality.
5. **Civil Society Engagement** : The limited role of civil society and non-governmental organizations in the summit's discussions led to criticism, as they often represent marginalized groups.
6. **COVID-19 Response** : While efforts were made to address the pandemic, some believed more should have been done to ensure global vaccine equity and prepare for future health crises.

From this analysis we can see that the G-20 Summit held in India was considerably great but there are still some areas where improvements can be done.

Mrinank Kumar, XII-A

Writer's block

Writer's block,
A poet's worst nightmare
It's like taking a part of me,
Leaving me impaired
With broken sentences and
Incomplete rhyme
Now that I think of it
Feels like a crime
Pens and paper, don't feel powerful anymore
It's something I cant ignore
It's like taking a gun from a soldier
Leaving me less bolder.

Mannat Vidhani, X-A

The Good Old Days

I reminisce nostalgically
the days that have passed
when I played freely
and there was nobody to ask.
I wish I could go I the past
to relive the moments that I have lost
I wish to play with my toy
and fill every second with joy.
I feel recount the good old days
no other thing can take its place.

Arush Tiwary, X-B

Students' Corner - Hindi

मेरे पापा

मेरे पापा प्यारे पापा,
रोज़ मुझे उठाते हैं, प्यार से सहलाते हैं।
हर दिन मुझे नहलाते हैं और बबल फुलाते हैं।
मेरे साथ खेलते हैं, खूब मस्ती करते हैं।
मैं थककर जब आती हूँ, हर दिन मसाज करते हैं,
बड़ी राहत मिलती है।
सारा दिन काम करते हैं, कभी नहीं वो थकते हैं।
पर जब मैं रूठ जाऊँ, प्यार से मनाते हैं।

हृदया डागा, II-B

प्यारे पापा

प्यारे पापा, सच्चे पापा, बच्चों के संग बच्चे पापा।
करते हैं पूरी हर इच्छा, मेरे सबसे अच्छे पापा।
पापा ने ही तो सिखलाया, हर मुश्किल में बनकर साया।
जीवन जीना क्या होता है, जब दुनिया में कोई आया।
उँगली पकड़कर चलना सिखलाया, जब मैंने पहला कदम उठाया।
प्यारे पापा, सच्चे पापा, बच्चों के संग बच्चे पापा।

जश्नूर कौर चढ्ढा, II-E

मेरा जन्मदिन (मेरी कहानी, मेरी ज़ुबानी)

29 अगस्त को मेरा जन्मदिन था। मैं रोज़ की तरह स्कूल गई और अपने दोस्तों को चॉकलेट बाँटा। उस दिन मैं बहुत खुश थी। जब मैं घर आई तो मेरे भाई ने मुझे उपहार दिया। शाम को मैं मेरे दोस्तों के साथ खूब खेली। हम सब ने पार्टी की उसके बाद मुझसे रहा न गया मैंने सारे तोहफ़े एक–एक करके खोल डाले। मुझे बहुत मज़ा आया।

ज्योत्सना, II-B

मेरी गुड़िया

गुड़िया ओ गुड़िया, तुम तो हो बहुत ही बढ़िया।
लगती हो तुम तो जादू की पुड़िया।
ऐसा लगता है कि कभी न छोड़ूँ तुम्हें, खेलूँ मैं तुम्हारे संग।
तुम हो मेरी प्यारी गुड़िया, सजाती हूँ मैं तुमको प्यार से,
लगती हो तुम जैसे कोई प्यारी दुल्हनिया।

तनुश्का तिवारी, III-C

एक झरोखा

एक ऐसा समय था,
जब झरोखा केवल हवा का आदान-प्रदान करता था,
झरोखा छोटा था, ज़रूरत भी छोटी थी।
धीरे-धीरे आकार बढ़ता गया, ज़रूरत भी बढ़ती गई।
महानगरों में झरोखे, बूढ़े माँ-बाप के साथी बन गए।
झरोखों के पास बैठकर वे,
अपने बच्चों का इंतज़ार करते हैं,
और उनके उज्ज्वल भविष्य के सपने बुनते हैं।
कभी पक्षियों की कलरव सुनते हैं,
तो कभी बीते दिनों को याद करते हैं।
एक झरोखा ऐसा भी !!

आर्य बांगरे, IV-G

मेरी पाठशाला

जीवन की है पाठशाला, ब्राईटन इंटरनेशनल हमारा।
भरा-पूरा परिवार, बहती मधुर बयार।
शिक्षा का मंदिर है, सदा ज्ञान की ज्योति जलाते,
लेकर अंदाज़ निराला।
ब्राईटन इंटरनेशनल पाठशाला में हमको पढ़ना भाता है।
गुरुजी कभी डाँटकर, कभी प्यार से सिखाते हैं।
याद बहुत आएगी हमको पाठशाला की मौज़,
खो-खो, कुश्ती और कबड्डी सब मिलकर खेलते हैं रोज़।

विवान टोटला, IV-A

मेरी अध्यापिका

कभी डाँटकर तो कभी प्यार जताया,
कभी रोक-टोक कर इन्होंने हमें सिखाया।
काली स्लेट पर इन्होंने,
उज्जवल भविष्य का सूरज उगाया।
ढाल बनकर इन्होंने,
हर मुश्किल से हमें बचाया।

श्रेया अग्रवाल, IV-G

मेरा मन

मेरा मन करता है, चाँद को छूकर आऊँ,
पंख लगाकर, पक्षी बनकर दूर गगन में उड़ जाऊँ।
मेरा मन ये करता है, चाँद-सितारे घर ले आऊँ,
छू लूँ आसमान को, विश्व में खूब नाम कमाऊँ।

अश्लेषा रमन, IV-G

शिक्षा का महत्त्व

शिक्षा मानव समाज के लिए बहुत महत्वपूर्ण है। यह मानव को ज्ञान, समझ और सोचने की क्षमता प्रदान करती है। यह हमें नई तकनीकों से भी अवगत कराती है। शिक्षा के माध्यम से हम कठिन से कठिन कार्य को भी सरल बना सकते हैं। शिक्षा के बिना हम कुछ भी नहीं प्राप्त कर सकते हैं। शिक्षा ही सफलता की कुँजी है। हमें शिक्षा का अधिकार देने के लिए कभी लिंग भेद नहीं करना चाहिए। सही शिक्षा ही हमारे भविष्य को उज्ज्वल बना सकती है।

श्रेयश्री सतपथी, V-A

सवेरा

सूरज निकला मिटा अँधेरा, देखो बच्चों हुआ सवेरा।
आया मीठी हवा का झोंका, चिड़ियों ने फिर छोड़ा बसेरा।
जागो बच्चों अब मत सोओ, इतना सुंदर समय न खोओ।

अन्वेषा श्रीवास्तव, V-G

पहेलियाँ और हँसगुल्ले

1. ऐसी कौन सी चीज़ है? जो ऊपर जाती है, नीचे भी आती है पर हिलती नहीं है|

उत्तर - सीढ़ी

2. ऐसा क्या है? जो हमेशा आपके सामने रहता है पर दिखाई नहीं देता|

उत्तर - भविष्य

3. जब मैं छोटा होता हूँ तो लंबा हो जाता हूँ, जब बूढ़ा होता हूँ तो छोटा हो जाता हूँ|

उत्तर - मोमबत्ती

जसवीर सिंह, V-C

बहुमूल्य वृक्ष

कटते रहे वृक्ष अगर तो,
पृथ्वी पर सिर्फ कलह होगी।
न होगी छाया, फल, ईंधन,
होगी तो बस जल प्रलय होगी।
आओ हम सब प्रण करें,
एक-एक वृक्ष लगायेंगे।
पर्यावरण की रक्षा करके
वृक्षों को हम बचायेंगे।

विभूति शुक्ला, V-D

पहेलियाँ

1. ऐसी कौन-सी सब्जी है, जिसमें ताला-चाबी दोनों आते हैं ?

उत्तर- लौकी

2. ऐसी कौन-सी चीज़ है, जिसके पैर होते हैं पर वह चल नहीं सकती ?

उत्तर- घड़ी

मौसम साहू, III-C

पहेलियाँ

1. नमन - मम्मी मैं टीवी देखते-देखते होमवर्क कर लूँ?

माँ – हाँ बेटा, देख लो, बस टीवी चालू मत करना।

2. शिक्षिका - भारत में सबसे ज़्यादा बारिश कहाँ होती है ?

विद्यार्थी-मैडम, ज़मीन पर।

अवनी बंसल, III-C

बढ़े चलो,बढ़े चलो

बढ़े चलो, बढ़े चलो,
सुमार्ग पर बढ़े चलो।
सपनों को साकार करने की
राह पर बढ़े चलो।
सम्मान करो, सम्मान करो,
सभी का तुम सम्मान करो।
मन न हो दुखी किसी का,
तुम ऐसा जतन करो।
नमस्कार करो, आभार करो,
इन गुणों को तुम स्वीकार करो।
सबका आशीर्वाद पाने की,
चाह तुम सदा करो।
दया करो, दया करो,
असहायों पर तुम दया करो।
दानवीर, कर्मवीर, धर्मवीर तुम बनो।
बढ़े चलो, बढ़े चलो,
सुमार्ग पर बढ़े चलो।

समर्पित डे, VIII-D

कलम मेरी महान है

देश की सबसे बड़ी ताकत है कलम,
देश की उन्नति का राज़ है कलम।
संभव नहीं विकास बिना कलम के,
दुनिया में होगा अंधकार बिना कलम के।
सबसे बड़ा शस्त्र है महान ब्रम्हास्त्र है,
जग में छाया कलम का ही वर्चस्व है।
विचार-क्रांति आए कलम से,
शब्द रूपी तीर चलते कलम से।
भाग्य लिखे जाते कलम से,
स्वर्णिम भविष्य बनते कलम से।
माँ सरस्वती का वरदान है,
कलम मेरी महान है।

परीशितिका साहू, IX-C

धन्य-धन्य हे वृक्ष देव

तुम ही सखा, तुम ही बंधु,
तुम्हारी हरियाली से मैं पृथ्वी रंग दूँ।
जब भूख लगे तो फल माँग लूँ,
जब धूप लगे तो छाँव माँग लूँ।
तुम्हारी जड़ों से मिट्टी बाँध दूँ,
शाखाओं में चढ़कर आसमान मे सितारे टाँग दूँ।
मुसाफिर का सदा देते तुम साथ,
चाहे दिन हो या हो रात।
तुम हो हमारे आस-पास,
तभी जीवन है, हम ले रहे हैं साँस।
गर्मी में कराते सुकून का एहसास,
बादल को आकर्षित कर बुझाते धरती की प्यास।
नीड़ बनाते तुम पर पंछी,
रौनक हो तुम धरती माँ की।
सबको सबकुछ देते हैं बदले में कुछ न लेते हैं।
प्रकृति की रक्षा करें सदैव,
धन्य-धन्य हे वृक्ष देव।

पीयूष जैन, X-D

बचपन फिर न मिलेगा

बचपन-बचपन प्यारा बचपन,
तुम खो न जाना चाहे हो उम्र पचपन।
बच्चों जी भरकर जी लो,
अपने पर फैलाकर उड़ लो,
भर लो तुम स्वछंद उड़ान,
खेलो कूदो, हँसो हँसाओ,
साथ बढ़ाओ अपना ज्ञान।
हाँ, पर इतना रखना याद
न करना अपना समय बर्बाद।
तुम जीना ऐसा बचपन,
गुरूजन करें तुम पर गुमान।
यही वक्त कल तुम्हें नई ऊर्जा देगा,
आज का बचपन फिर न मिलेगा।
जो आज है कल यादें बन जाएगा,
धमचौकड़ी मचाने को मन ललचाएगा।
संगी-साथी फिर बिछड़ जाएँगे,
रहरहकर सब बहुत याद आएँगे।
बचपन की बातें याद कर,
तुम्हारा चेहरा खिल उठेगा।
जी लो अपनी ज़िन्दगी,
क्योंकि बचपन फिर ना मिलेगा,
बचपन फिर ना मिलेगा !

इशिका जयसिंघानी, IX-B

चीन में चमका भारत

23 सितंबर से 8 अक्टूबर 2023 तक चीन के हांगझू में संपन्न हुए एशियाई खेलों में भारत एक नया चमकता सितारा बनकर उभरा है। 2023 एशियाई खेलों में भारत ने कुल 107 पदक हासिल किए। जिसमें 28 स्वर्ण, 38 रजत और 41 कांस्य पदक शामिल है। यह पहली बार है जब भारत के पदकों की संख्या 100 के पार हुई है। 2018 में आयोजित एशियाई खेलों में कुल 70 पदक मिले थे। इस बार 37 पदक ज्यादा हासिल करके भारतीय खिलाड़ियों ने यह साबित कर दिया कि वह दिन दूर नहीं जब भारत हर क्षेत्र में सूरज की तरह चमकेगा।

समृद्धि विश्वकर्मा, VI-B

नन्ही राम कथा

राम, लक्ष्मण, भरत और शत्रुघ्न थे, चारों भाई
जन्म से उनके, अयोध्या में बँट रही थी बधाई।
दशरथ ने राम के राज्याभिषेक का फैसला लिया,
मंथरा के भड़काने पर कैकई ने था विरोध किया।
सीता और लक्ष्मण संग राम चले वनवास की ओर,
पुत्र वियोग में राजा दशरथ ने दिए अपने प्राण छोड़।
सीताहरण से दुखी भाइयों की हनुमान ने नैय्या तारी,
लंका-दहन कर दहला दिया रावण का मन हुआ भारी।
घमासान फिर युद्ध हुआ शत्रु चारों खाने चित्त हुआ।
मारीच, इंद्रजीत,कुंभकरण सभी योद्धा गए मारे,
रावण को मारकर विजयी हुए प्रिय रामचंद्र हमारे।
विभिषण को सौंपी लंका, स्वयं अयोध्या जब पधारे,
दीपोत्सव, ढोल-नगाड़ों से स्वागत करते थे सारे।
सियावर रामचंद्र की जय, सियावर रामचंद्र की जय,
गूँज उठा यह नारा, गूँज उठा यह नारा।

गौरवी द्विवेदी, VII-B

हमारा चंद्रयान-3

अपने देश का नाम पूरी दुनिया में सुनाई दे यह किसको अच्छा नहीं लगता? कुछ ऐसा ही एक सपना इसरो के कुछ वैज्ञानिकों ने देखा। चंद्रयान-3 की सफलता के साथ ही भारत चंद्रमा की सतह पर पहुँचने वाला दुनिया का चौथा देश बन गया। यह चंद्रमा के लिए भारत का दूसरा पूरी तरह से स्वदेशी मिशन है। भारत के लिए गर्व की बात है कि यह दुनिया का पहला यान है जिसने चंद्रमा के दक्षिण ध्रुव पर सफलतापूर्वक कदम रखे। इससे पहले चीन के चंगाई 4 यान ने दक्षिण ध्रुव पर से कुछ दूरी पर लैंडिंग की थी। इस मिशन का मुख्य उद्देश्य ध्रुवीय क्षेत्र के निकट चंद्र जल की खोज करना है। हम पृथ्वी पर रहने वाले सदस्य अपने पड़ोसी ग्रहों पर क्या-क्या मौजूद है, इन सभी रहस्यों को जानना चाहते हैं। चंद्रयान -3 ने 5 अगस्त 2023 को चंद्रकक्षा में प्रवेश किया। चंद्रमा की सतह की कक्षा तैयार करना इसमें चंद्रमा के अस्तित्व एवं विकास का पता लगाने में सहायता मिलेगी। इस दौरान सूरज की किरणों में मौजूद सोलर रेडिएशन की तीव्रता का पता लगाया जाएगा ध्रुवीय क्षेत्र में गड्ढों में बर्फ के रूप में पानी का पता लगाया जाएगा। यदि चंद्रयान-3 बर्फ की खोज कर लेगा तो भविष्य में यहाँ मानव के रुकने लायक व्यवस्था करने की संभावनाएँ बढ़ जाएँगी। साथ ही अंतरिक्ष में नई खोज का रास्ता खुलेगा। भारत का तीसरा मून मिशन यानी चंद्रयान-3 , 23 अगस्त 2023 शाम 05:30 बजे से 06:30 बजे की बीच चंद्रमा की सतह पर लैंड किया। इस ऐतिहासिक पल के साथ एक बार फिर गूँज उठा यह नारा "सारे जहाँ से अच्छा हिंदुस्तान हमारा।"

दिव्या अग्रवाल, IX-D

बेटियाँ

घर की लक्ष्मी है बेटियाँ,
हर घर की जान है बेटियाँ।
हर दिल का अरमान है बेटियाँ,
बेटों से कम नहीं हैं बेटियाँ।
हीरा है अगर बेटा,
तो सच्चा मोती है बेटियाँ।
माँ के लिए स्वर्ग से आई है बेटियाँ,
सच तो यह है माँ की परछाई हैं बेटियाँ।
हर मुश्किल में साथ निभाएँगी बेटियाँ,
अतीत का सुख, वर्तमान का आनंद और
भविष्य की उम्मीदों का विश्वास होती है बेटियाँ।
दुनिया की असली दौलत उसी ने पाई है,
जिसके घर में बेटी है आई।

खुशी पेशवानी, VII-B

सच्ची खुशी

भोलाराम रोज ताजी सब्जियाँ लेकर आता था। कभी-कभी साथ में उसकी बिटिया भी होती जो पाँच साल की गुनगुन की हमउम्र थी। जब सीमा जी सब्जियाँ खरीदती तो बेटी गुनगुन भोलाराम की बेटी के साथ खेलने लगती।

भोलाराम ने आज डोर बैल बजाई वर्ना रोज तो उसकी दूर से आती आवाज़ सुनकर ही सीमा जी दरवाजा खोलती थीं।

उसने छोटा-सा मिठाई का डिब्बा आगे किया और बताया बहन जी आज मेरी गुड़िया का जन्मदिन है और आज ही मैंने यह अपनी छोटी सी गाड़ी खरीदी है। वह सकुचाते हुए बता रहा था पर चेहरा दमक रहा था मेहनत की कमाई की आभा से।

आज वह टोकरी पर नहीं बल्कि ठेला-गाड़ी पर तरह-तरह की ताजी सब्जियाँ करीने से सजाकर लाया था और ठेले पर उसकी नन्ही बिटिया विराजमान थी। बाप-बेटी दोनों खुश लग रहे थे।

सीमा जी ने भोलाराम की चलती-फिरती छोटी सी दुकान की बहुत-बहुत बधाई दी फिर उसकी बिटिया की तरफ बढ़ी। दिमाग में जोर डालते ही याद आया उसने वही फ्रॉक पहनी है, जो गुनगुन के लिए पिछली दिवाली में ली गई और चेन खराब होने के कारण लगभग एक माह पहले ही भोलाराम को दे दी थी।

बच्ची अपनी फ्रॉक का घेर बड़ी खुशी से नन्हें हाथों से फैलाने लगी। सीमा जी ने उसे जन्मदिन की बधाई दी और कहा आज तो तुम परी लग रही हो ...। उसने तुरंत मीठी बोली में जवाब दिया बाबू लाए हैं मेरी फ्रॉक और ये गुड़िया भी।

गुड़िया भी वही थी जो सीमा जी ने दी थी गुनगुन ने खेलकर तोड़ दी थी। पहले वह बैटरी से चलने वाली हुआ करती थी।

इतने में नटखट गुनगुन भी आ गई और अपनी सखी को देखकर उसके साथ ठेला-गाड़ी में बैठने को मचलने लगी। भोलाराम ने बड़े जोश के साथ गुनगुन को अपनी बिटिया के पास बैठाया मानो यह उसका विमान हो और दोनों को दो-चार कदम घुमा लाया।

ऐसा लग रहा था, दो नन्हीं परियाँ सुंदर रथ पर सवार हों। वे खिलखिला रही थीं। अमीरी - गरीबी का कोई फर्क नही था। गुनगुन उस ठेले गाड़ी पर बैठकर अति प्रसन्न थी जबकि चमचमाती कार उसके आँगन खड़ी थी।

सचमुच बड़ी - बड़ी खुशियाँ हैं छोटी-छोटी बातों में ...।

नंदिनी संतवानी, X-B

ज़िंदगी का साथ

आज, अभी और इस पल
जी रहे हो तुम ये जिंदगी,
शायद नाराज़ हो तुम खुद से!
कि अपनी जिम्मेदारियाँ पूरी नहीं कर पा रहे,
कि परिवार का तो सही पर खुद का ध्यान नहीं रख पा रहे,
कि अपनी चिंताओं को दूर नहीं भगा पा रहे,
शायद कोशिश कर रहे हो तुम,
शायद ये सवाल का जवाब ढूंढ रहे हो तुम,
तो उठो और जाओ,
उन लोगों से मिलो जिनसे मिलके तुम्हें सुकून मिले।
जो तुम्हें चाहते हो,
जो हर वक़्त में तुम्हारे साथ हो,
जो तुम्हारी मुसीबतों का हल दे,
उनके साथ बस कुछ वक़्त बिताओ,
जिनसे मिल के तुम्हारे दुःख, दुःख नहीं रहते,
उनकी खुशियों में खुश हो जाओ।
जिनसे मिलकर तुम भी खुश हो जाते,
जैसे सूरज की किरणों से सुनहरी सुबह होती,
जैसे बारिश की बूंदों से गीली मिट्टी की खुशबू महकती।
जैसे गर्मी में कोई ठंडी हवा गले लगाती।
वैसी खूबसूरत बन जाएगी तुम्हारी ज़िंदगी,
फिर रहना तुम आभारी,
आज, अभी और इस पल का,
कि ज़िंदगी आज भी तुम्हारा साथ दे रही।

Kritika Jiwnani, XII-B

एक बालक की चाह

रंग-बिरंगे गुब्बारों की चाह नहीं
चाँद-सूरज सितारों की चाह नहीं।
चाह मुझे है उस पल की,
जब खेल-खिलौने आएँगे।
सरहद से कई दिनों के बाद,
जब पापा मिलने आएँगे।
बातों का भरा पिटारा खोलेंगे
जी भरकर हम उनसे बोलेंगे,
कह देंगे कब-कब याद किया
सीने से लगकर रो लेंगे।
दुश्मन को धूल चटा आना
सरहद से दूर भगा आना
मैं माँ का ख्याल रखूँगा,
पापा तुम जल्दी घर आना।

आरव सिंह, VI-E

नन्हीं-नन्हीं कलियाँ हैं हम

नन्हीं-नन्हीं कलियाँ हैं हम, जीवन के इस बगिया की।
छोटी-छोटी परियाँ हैं हम, आसमान की दुनिया की।
मत तोड़ो डाली से हमको, फूलों-सा खिल जाने दो।
सुंदर-सी इस बगिया को, खुशबू से महकाने दो।
पंख लगाकर सपनों के आसमां में उड़ जाने दो।
रोशन होगी हमसे ये दुनिया, अपना परचम लहराने दो।

आरोही साबू, V-A
