# An Interview with Principal Ma'am

**Q. Why should we speak in English?**

Ans. English is a global language. When we move out, we should be ready for every speech. The students should not lack in front of any metro student.

**Q. Why is the pattern of our school different from other schools?**

Ans. The pattern of our school is different from other schools to make students independent and improve their communication and answer - writing skills.

**Q. Why do students keep their hands back while walking?**

Ans. Students keep their hands back while walking so that their body posture remains straight and at the same time unnecessarily no child touches the walls or belongings to make it dirty.

**Q. Why are teachers a bit strict with students?**

Ans. Teachers are a bit strict with students to keep them in discipline as discipline is always learnt in school.

**Q. Why do you take consent letters from students for stay?**

Ans. We take consent letters from students to stay because we cannot allow students to stay without their parents' permission.

**Q. How do you stay current with educational trends and developments?**

Ans. We stay current with educational trends and developments by reading extensively and looking into the academic curriculum of the well-known schools across the country.

**Q. What sets Brighton's academic programme apart from other schools?**

Ans. Brighton's academic programme makes the students independent, creative and skill oriented across the fields.

**Q. What support systems are in place for students who need extra help?**

Ans. The teachers provide extra classes/extra attention to students who look for hand-holding.

**Q. How does the school prepare students for higher education and future careers?**

Ans The school conducts career fairs every year to make students of class XI and XII meet various colleges and universities to foster their needs for further conditions.

**Q. How does the school support student passions and interests apart from academics?**

Ans. The school has a full-fledged hobby class, for all to support their passion and interests apart from academics.

**Q. How does the school encourage student leadership and teamwork through co-curricular activities?**

Ans. Each and every student gets a chance to stand on the stage in public to speak on a given topic, this helps them to overcome stage fear.

Grade - VII

## Aanya Bansal

Aanya, congratulations on being selected as a Junior Editor for Dainik Bhaskar! Can you tell us about your experience of working as a junior editor and what were your responsibilities?

Working as a Junior Editor for Dainik Bhaskar was an incredible experience that inspired me to develop my creative writing skills. My responsibilities included researching information, sorting and organizing it, and writing and rewriting content multiple times to perfect the final draft.

# Aanya Bansal

**Q. How did school, help you in developing your editorial skills, leading to this achievement?**

Ans. My school played a significant role in nurturing my writing and editorial skills. Teachers guided me with newspaper writing, which was challenging at first, but I gradually improved.

**Q. What was it like meeting the Vice President of India as a Junior Editor? Can you share with us your conversation and what you learned from the experience?**

Ans. Meeting the Vice President of India was a proud moment for me, as no one in my family had ever had this opportunity. In a conversation with Mr. Vice President he shared the ways how to develop the skills further and achieve the greater heights. I learned the importance of perseverance and thinking about the future.

**Q. Can you share challenges you faced while working as a Junior Editor and how you overcome them? What skills strengthened you to achieve the goal?**

Ans. I faced challenges like writing lengthy newspaper articles, creating advertisements, and pasting pictures. However, I overcame them using my good writing and art skills.

**Q. What was school's contribution in your success as a Junior Editor?**

Ans. My school focuses in discipline and overall development of students which are developed through activity-based learning. School conducts weekly activities and competitions which has given me a platform to perform and overcome all my shortcomings and it has helped me in participating in National-level competition and winning it.

# Jigyasu Lab

With the reopening of school in the month of June, the students from Grades VI - XII received a pleasant surprise 'Jigyasu Lab', which bridged the gap between traditional classroom learning to modern experiential learning.

'Jigyasu' refers to curiousness. The lab is to quench students' curiosity with hands-on learning. The lab aims to teach students to handle and operate the instruments and also to make them understand each and every topic through experiments. This initiative was planned in the month of February and was in its full structure in the month of June. Our coordinator Mr. Arvind Singh went to Bhubaneshwar and understood the working of experience-based learning which will help students in future.

The incharge of Jigyasu Lab, Nagesh sir is also trained in Bhubaneshwar to operate instruments like Ohm's law apparatus etc. He guides the teachers and helps in conducting the experiments. Most of these experiments are based on NCERT. Students were interviewed for their experiment and experience and most of them found this idea really unique. They informed that they were able to understand the topic nicely when experiment was being performed and the teacher also briefed them about instruments. Most of the students are able to understand the difficult topics easily because it is helpful in clearing students' doubts and make their study environment interesting. There are only two Jigyasu Labs in Chhattisgarh and we are proud to announce that one of it is in Brighton International School.

**Ashita Gujral,** Grade X

# Computer Education at Brighton

In today's digital age, possessing basic and advanced computing skills is essential to navigate and thrive in the world around us. Computer education in my school focuses on practical computing skills, hands-on learning, and project development, moving beyond traditional theoretical approaches as Grade I to VIII curriculum is designed on practical learning without books. In an interaction with HOD Computer science I explored that the curriculum followed is revised and designed every year to make the students get acquainted with age-appropriate programming languages, software etc to make computing as a life skill for students. Programming concepts are taught in Grade I to V, through practical learning to develop fundamental computing skills and encourage problem-solving through simple coding applications. Students in Grade VI - VIII gain a competitive edge, acquiring the skills to design and build functional web pages using various programming languages. My school's computer education philosophy is rooted in the

idea that technology should be an integral part of every student's life skill, enabling them to effectively collaborate, innovate, and succeed in today's fast-paced, digitally-driven society.

**Hitakshi Shukla, Grade - X**

# An Interview with the Head Girl (Aanya Sharma) : Leadership, Vision, and Legacy

**Q. What inspired you to run for head girl, and what qualities do you think make you a strong leader?**

Ans. I believe that accountability and reliability are the core qualities that define one as a strong leader. I had a desire to challenge myself and gain valuable leadership. Being a leader means acting as a torchbearer for fellow students. It involves taking initiatives and being accountable for actions.

**Q. Now as you are the Head Girl of Brighton, how do you plan to represent the Brightonites?**

Ans. As head girl, my primary goal is to serve as a bridge between students and teachers. I emphasize the importance of listening to and understanding the diverse perspectives within the students.

**Q. What are your priorities for the school year, and how will you address them?**

Ans. My first priority is creating an inclusive and respectful school environment. I particularly focus on addressing bullying and fostering positive interactions among students. By promoting a culture of kindness and respect.

**Q. How will you balance your responsibilities as head girl with your academic and extracurricular commitments?**

Ans. Time management is key to balancing her responsibilities as both head girl and a XII grade student. I manage my duties without compromising academics or extracurricular activities.

**Q. What advice would you give to students who may be hesitant to take on leadership roles?**

Ans. My advice to hesitant students is simple: give it a try. I believe that taking a step forward helps in contributing to personal growth.
In conclusion, the head girl's vision for her tenure is clear: she aims to create an inclusive, respectful, and collaborative school environment. Her leadership is characterized by accountability, open communication, and a deep commitment to her peers. As she embarks on this journey, her legacy will undoubtedly be one of positive change and inspiration

# An Interview with the Head Boy (Divyansh Ojha) : Leadership, Vision, and Legacy

**Q. How do you feel about this new role?**

Ans. I feel a deep sense of pride and responsibility. It is an honour to be chosen as Head boy, and I am committed to fulfilling this role to the best of my ability, ensuring that I represent the student body with integrity.

**Q. What motivated you to become the head boy?**

Ans. My motivation came from a genuine desire to make a difference in the school. I wanted to be a voice for my peers and ensure that their concerns and suggestions were heard.

**Q. Can you share a personal experience that has prepared you for this leadership role?**

Ans. In the past, I've been involved in organizing several events in school, where I had to manage teams, make decisions, and ensure everything runs smoothly. These experiences helped me develop leadership and communication skills, which have prepared me for this role.

**Q. What advice would you give to students who aspire to take on leadership roles?**

Ans. My advice would be to lead by example, stay organized, and manage your time well. Embrace challenges, be open to feedback, and never stop learning. It's also essential to show empathy and communicate effectively with others.

**Q. What do you think sets our school apart from others?**

Ans. I believe my school stands out because of its commitment to inclusivity and student involvement. The strong sense of community and the emphasis on both academic excellence and personal growth make it unique.

**Q. Do you have a support system or mentors who help you navigate your role?**

Ans. Yes, I am fortunate to have mentors, both within the school and outside, who guide me in navigating the challenges of this role. Their advice and support are invaluable.

**Q. What legacy do you hope to leave behind after your term as school head boy?**

Ans. I hope to leave behind a legacy of positive change and inclusivity. I want to inspire others to take initiative and make meaningful contributions to the school. If I am able do that, I'll consider my term a success.

**Grade X**

# Hand-Made Rakhi Exhibition

In an interaction with Grade XII Commerce students Anshula Singh and Nishi Jain shared their first ever experience of being an entrepreneur by creating and selling handmade rakhis, thalis, and hampers for Rakshabandhan. Anshula Singh and Nishi Jain shared that how they prepared for the exhibition by understanding customer needs, demographics, and preferences. They learned to remain calm and listen carefully to customer complaints, resolving issues effectively. The rakhis were crafted using resin, adding a unique touch. Customers appreciated their consistent efforts.

The students participating in the exhibition gained skills in accounting, money management, promotion, marketing, and communication, broadening their understanding of the sales industry. This practical exposure prepared them for future business endeavours, reducing hesitation and providing valuable experience.

Convincing customers was the most challenging part, but they realized that success in business is not limited to those with a family background; anyone with a strong Commerce foundation can excel. This initiative demonstrated the value of hands-on learning, creativity, and adaptability in the business world, providing a solid foundation for their future careers.

Ashwika, Grade X

# KINDLE

"Learn, Practice, Repeat"

Exciting kindle activities are conducted every month that help students enjoy and learn new skills. These activities include chocolate making/decorating, jam, baking cookies and brownie, learning tie and dye, tyre changing, wall/furniture painting, idol making etc. Essential life skills like stitching, ironing, basic electronics, and fire safety drills empower students for personal growth, independence, and self-reliance, preparing them to navigate everyday challenges with confidence.

The students learn various skills through these activities which is conducted every month for Grade VI to VIII so that they learn and through these monthly activities, students in Grades VI to VIII gain valuable experiences and learn essential skills, fostering their personal growth and development.

**Vanya Agrawal, Grade VII**

# Skill Studio (Hobby Classes)

At Brighton, hobby classes offer a vibrant escape from the regular academic schedule, allowing students to delve into their interests, unleashing their creativity, and develop new talents. These engaging classes provide a unique chance to unwind, acquire skills, and bond with like-minded peers who share their enthusiasm, fostering a sense of community and creative expression.

Hobby classes refine skills, spark creativity, and enhance confidence, evolving a casual interest into a meaningful passion. In a peer interaction I found that my friends travel after school to learn more about their passion, whereas my school offers the convenience of exploring hobbies in school hours, making it easy to transform a pastime into a fulfilling journey. The art class is a crowd-pleaser, where students unleash their creativity with diverse mediums like painting, sketching, and sculpture, mentored by seasoned instructors. Music classes provides students with opportunities to master instruments, vocal techniques, and even collaborate in bands. Their dedication often culminates in impressive achievements and well-earned accolades. Cooking classes are a culinary delight, attracting flavour enthusiasts who relish the opportunity to create and savour mouth-watering dishes. For tech-savvy students, robotics classes offer an immersive experience in programming and engineering, featuring cutting-edge tools like 3D printers and drones. Through hands-on projects, students develop coding skills, build innovative robots, and hone their problem-solving abilities, preparing them for a future in technology. Photography class provides a unique and enriching experience, empowering students to master the art of capturing life's precious moments. Through the intricacies of camera techniques, composition, and lighting exploring various styles and subjects.

Hobby classes cultivate creativity and nurture a sense of belonging and personal development. By pursuing my favourite hobby in school, I am elevating my skills.

**Deepanjali Mishra, Grade VIII**

# Independence Week Celebration

We proudly dedicate a week to celebrate Independence Day, engaging in a diverse range of activities that foster patriotism and national pride. My school organizes approximately 45 literary and cultural activities and competitions providing students with a comprehensive and immersive experience that honours our nation's freedom and heritage. Through a diverse range of activities like street play, role play, poster making, elocution, poem recitation and reflective journals on what independence means to me? etc, providing a platform to explore their creativity and critical thinking with a sense of patriotism. The celebration culminates on 15th August, Independence Day to pay tribute to all those who sacrificed for the welfare of India. This creates a remarkable and unforgettable scene in the minds which fills everyone's heart with patriotism.

The week full of activities is the platform to empower Brightonites to become confident, empathetic, and responsible global citizens.

Be the change,
Respect the change,
Cope up with the change,
And spread the change.
Be proud,
Have pride,
Show respect,
And spread love.
